Uniforms & Equipment

Military, Police, Fire, EMS, Customs, Correctional and Security

Supplying Canada's finest from Coast to Coast

**We are proud to offer you
and your agency a variety
of products meeting your
highest quality standards**

We encourage you to contact us to discuss your product needs.
We have qualified staff who are able to assist you.

HOW WE WORK

INTERNATIONAL MANUFACTURERS

DISTRIBUTION ELITE CANADA

- Brand Representation
- Master Stocking Distributor/ Canadian Distribution Center
- Direct Government Agency Sales
- Distribution Network to Retailers

Elite Canada's sales representatives from coast to coast

Canadian Government Clients
Tenders/Standing Offers/Sales

Federal/Provincial/Municipal
Military/Police/Fire/EMS/
Correctional/Border...

Canadian Retailers
Stocking MSRP Retailers

Personal purchases at retail level

Standard issue from employer

END USER

PRICING AND SHIPPING

All our prices are subject to change without notice. Exchange rate fluctuations, manufacturing price increases and several other factors take place throughout the year. All applicable Canadian sales taxes are extra.

All shipping is prepaid and charged to the customer, unless specifically quoted. We will ship orders collect to customers who provide us with the name of their preferred carrier and their account number with the carrier.

PROHIBITED AND CONTROLLED PRODUCTS

Distribution Elite Canada sells several products which are strictly for law enforcement, military and government use only. In these cases, we require an official purchase order and in some cases, end user certificates.

OUR FLYER

Although every effort is made to keep our flyer error-free, every once in a while a mistake may occur. Some photos, due to ever-changing technologies, may not appear exactly as shown. In addition, we want to stress that we are a commercial dealer to several of the represented manufacturers.

SERVICE

We have staff on hand with extensive knowledge of products and/or services. We pride ourselves on offering top quality products and exceptional customer service.

SFP9 SERIES

The modern SFP9 Striker Fired Pistol is a fully pre-cocked system with single-action trigger in calibre 9 mm x 19. Patented charging supports at the rear of the slide simplify and assist charging without injury. The disassembly process requires no tools and guides the user through a mandatory course of action, offering maximum safety to prevent accidents. The weapon cannot be disassembled unless the magazine has been removed. Unlike comparable models of pistols, the weapon automatically de-cocks itself when disassembled. In addition, the trigger need not be pulled before disassembly. The magazine and ergonomics concept of the P30 were transferred to the new series of pistols. Not only does the SFP9 use P30 magazines, it also features interchangeable back straps and grip shells to provide a total of 27 individual grip shape combinations. It is based on a well-balanced relationship between hand position, light trigger pull and short trigger travel and reset.

Caliber	9 mm x 19
Operation	Recoil-operated
Bolt System	Modified Browning locking system
Mag Capacity	15/17/20 rd.
Mag Release	Paddle or push button
Safety Lever	With or without
Weight	710 g - 723 g
Barrel Length	104 mm
Overall Length	186 mm
Height	137 mm
Width	33 mm
Sight Radius	162 mm
Trigger Pull	30-35 N (TR) 20-25 N (SF)
Trigger Travel	11 mm (TR) 6 mm (SF)
Reset	5 mm (TR) 3 mm (SF)
Muzzle Velocity	415 m/s
Muzzle Energy	525 Joule

FEATURES

- Firing pin energy equivalent to that of hammer pistols
- Trigger, firing pin and disassembly safety
- Fully pre-cocked system
- Paddle or push button magazine release
- With or without external safety lever
- Firing pin indicator on rear of slide
- Low hand position enables quick and accurate follow-up shots
- Ambidextrous operation for right and left-handed shooters (magazine and slide release)
- Patented exchangeable charging supports
- Ideal grip ergonomics
- Exchangeable back straps and patented grip shells (27 grip combinations) for ideal adaptation to all hand sizes
- Saltwater resistant special coating; OTB capability (Over The Beach) for maritime operational scenarios (Maritime only)
- Interface to mount different optical sights; different adapter plates available to mount marketable optical sights (Optical Ready only)
- No tools needed to strip to main assembly groups
- Loaded chamber indicator
- Sights with high-performance luminescent (non-radioactive) contrast points/bar
- Guaranteed to function with an additional accessory load on the Picatinny rail of up to 160 g
- Guaranteed and approved to function safely with all types of ammunition according to NATO, TR, C.I.P. and SAAMI
- Guaranteed to function with all types of ammunition according to NATO and TR

FN 509® SERIES

The FN 509® is built on the proven architecture of the FNS™ Compact, FN made changes internally and externally to meet the rigorous performance standards of the MHS requirements and further developed the platform into the FN 509® with the help from industry experts. Over the course of development, the platform has been tested extensively for reliability, ammunition compatibility and durability – totaling more than one million rounds.

Caliber	9 mm
Operation	Double-action
Mag Capacity	10 or 17 rd.
Weight	26.9 oz.
Barrel Length	4" or 4.25"
Overall Length	7.4"
Height	5.56"
Width	1.35"
Twist Rate	1:10" RH
Trigger Pull	5.5 - 7.7 lbs.
Sight Radius	5.79"

PRIMARY FEATURES

- Striker-fired autoloader
- Fixed 3-dot luminescent sights (standard)
- Fixed 3-dot green tritium night sight available (LE only)

FRAME

- Polymer construction with replaceable steel frame/slide rails
- Interchangeable backstraps
- MIL-STD-1913 accessory mounting rail

OPERATING CONTROLS

- Fully ambidextrous slide stop lever and magazine release

HANDGUNS, RIFLES & SHOTGUNS

FN 303® SERIES

FN is the world leader in developing law enforcement technology and training, setting the global standard of less lethal technology with its FN 303® Less Lethal Launcher. Answering requests from law enforcement to reduce department armorer maintenance and extend the service life of the FN 303 less lethal launcher, the FN 303 Mk2's improved operating system doubles its service life and cuts armorer maintenance in half.

FN 303® MK2 LESS LETHAL LAUNCHER

PRIMARY FEATURES

- FN Less Lethal Technology
- Optimized to reduce department maintenance by half. First maintenance required after 5,000 shots
- Flip-up iron sights are fully adjustable for windage and elevation
- High capacity 15-projectile magazine
- Officer and armorer-level training available

SIGHTS

- Integrated MIL-STD 1913 Picatinny rail for optics, lights and lasers

CONTROLS

- Oversized magazine release
- Oversized air flow on and off valve
- Manual safety lever inside trigger guard

OPERATING CONTROLS

- Accurate, semi-automatic fire with no recoil, noise, flash or pyrotechnics
- Driven by compressed air CO2 tank fed by braided stainless steel air supply line. Refillable and compatible with the original FN 303 Launcher

CHASSIS

- Lightweight, ergonomic chassis
- Rugged polymer construction
- One-piece molded pistol grip and stock
- Capability to interface with other rifle platforms via MIL-STD 1913 Picatinny rail

Caliber	.68
Operation	Compressed air at 3000 PSI
Mag Capacity	15 projectiles
Weight	6.93 lbs.
Barrel Length	10"
Overall Length	29.3"
Operation	Compressed air at 3,000 PSI
Sights	Adjustable flip-up iron sights

PEPPER SPRAY & TEAR GAS

DEFENSE AEROSOLS PEPPER SPRAY

As a high quality manufacturer of law enforcement and military products, Defense Aerosols pepper sprays are designed as a less lethal use of force option, causing temporary effects on a subject.

Our extensive line of pepper spray products meet industry standards and offer the strength and selection of spray configurations to meet your agency's needs.

TRAINING

To maximize your training options, inert training units are available in all spray patterns and sizes, with an easy on the eyes formulation.

OTHER SPECIFICATIONS

- Non-Flammable and Non-Toxic formulations
- Law O.C. pepper spray products are Taser/EDW compatible
- Every batch of pepper spray is quality assured by HPLC testing (High Performance Liquid Chromatography)
- Products function over a wide temperature range
- Product replacement warranty provided
- 2 million SHU Oleoresin Capsicum (O.C.)

PEPPER SPRAY & TEAR GAS

FIRST DEFENSE PEPPER SPRAY

Identical to the Deftec products used by police in New York, Los Angeles and other major cities, First Defense Pepper Spray features a flip top and deploys in a stream spray pattern. With a protective spring-loaded safety cover attached to the upper casing, just above the actuator, the MK-3 and MK-4 First Defense Pepper Spray aerosol projectors are simple to aim and discharge under any light conditions.

The cover protects you from accidental discharge, and it moves out of the way when your thumb approaches the actuator. No separate lifting motion is required to activate the MK-3 or the MK-4, so it is convenient and fast during an emergency.

First Defense Pepper Spray MK-3 and MK-4 are effective within 15 ft, and the formula contains food-grade oleoresin capsicum at 500,000 SHU. Capsaicin and the related capsaicinoids make up 0.18% of the formula.

360°

FIRST DEFENSE 360° IS CAPABLE OF DELIVERING A STREAM PATTERN AT ANY ANGLE AND ANY ORIENTATION

.2% WHITE BAND

Defense Technology First Defense .2% OC White Band was created from the classic First Defense formula. .2% represents the major capsaicinoid level which is discharged at the nozzle at time of use. This formulation has been tested and is non-flammable and Electronic Discharge Weapon (EDW) safe.

MK-3 Stream	SKU: DT-5039	MK-4 Foam	SKU: DT-5046
MK-3 Stream (360°)	SKU: DT-5439	MK-9 Stream	SKU: DT-5099

MK-9 Stream	SKU: DT-56795		

1.3% RED BAND

The Defense Technology First Defense 1.3% OC Red Band is similar to the current LE-10 formulation, meaning this formula is non-flammable and the most intense formula on the market today. It offers extreme intensity while not complicating the decontamination or liability issues.

PEPPER SPRAY & TEAR GAS

SABRE PEPPER SPRAYS

Static subjects are few and far between. Aggressive and non-compliant behavior often results in subject countermeasures to avoid officer control and restraint. When force escalation triggers the use of OC, subjects will frequently move, duck or attempt to block the spray. As these dynamic encounters ensue, the officer's task of gaining control becomes increasingly difficult. SABRE's Crossfire technology was specifically developed to give officers the upper-hand when controlling dynamic subjects.

Superior to 1st and 2nd generation Aerosol Irritant Projectors, Crossfire, available in stream & gel, introduces 3rd generation technology which allows SABRE OC canisters to deploy continuously from any position. Picture the face of an analog clock which displays the time through the use of fixed numbered dials and moving hands. 1st generation OC sprays only deploy upright between the clock's 10 and 2 dials. 2nd generation OC sprays increase target acquisition with the addition of 1/2 second burst deployments between the clock's 4 and 8 dials. The 3rd generation Crossfire will deploy continuously from any position or dial on a clock to maximize target acquisition when encountering dynamic subjects.

Product	Level	Capsaicinoid Content (Most Important Measure of Heat)	SHUs	Scoville Content	Oleoresin Capsicum

PEPPER SPRAY & TEAR GAS

SABRE RED®

With 10% OC measured at 1.33% major capsaicinoids, SABRE Red® supplies unsurpassed single ingredient stopping power. SABRE Red® is the most popular formulation carried by law enforcement.

SABRE 5.0®

5% OC measured at .67% major capsaicinoids, SABRE 5.0® is the midpoint between SABRE Defense® and SABRE Red®.

SABRE DEFENSE®

The entry level formulation consists of 10% OC measured at .33% major capsaicinoids.

SABRE CS®

SABRE CS® contains 1.5% CS "Military" Tear Gas. CS Tear gas is more effective and air-borne to disperse large numbers of people without targeting a specific assailant. Ideal for street bar fights and riots with out the troubling of having to decontaminate each individual targeted. Ideal in MK-4 and MK-9 Fog.

SABRE INERT TRAINING SPRAYS

Maximize OC success, increase confidence & embrace reality-based training with SABRE's inert training sprays.

PEPPER SPRAY & TEAR GAS

LAUNCHERS

ACE - MODEL A37R & A40R

Single shot, top break, ambidextrous design. Adjustable or folding stock available. Lightweight, compact & intuitive design for tactical operations.

Shown with optional extras

Ace - 37 mm	SKU: A37R
Ace - 40 mm	SKU: A40R

DEUCE - MODEL D37R & D40R

Two shot over/under, top break, ambidextrous design. Adjustable or folding stock available.

Shown with optional extras

Deuce - 37 mm	SKU: D37R
Deuce - 40 mm	SKU: D40R

BOX MAGAZINE LAUNCHER - MODEL BML37

1 - 6 shot capacity, top loading, ambidextrous design. Adjustable or folding stock available.

SKU: BML37

LESS-LETHAL TRAINING

Proper training is more crucial than ever and Sage is committed to providing law enforcement, corrections, and military organizations with the best possible training so individuals and teams can operate safely and effectively. Coupled with their extensive selection of reloading components, reloading Sage less-lethal munitions for training reduce overall training costs and provides the most realistic training possible.

IMPACT MUNITIONS

Sage offers a variety of less-lethal impact ammunition to meet the needs of law enforcement and military organizations. Their single and multiple projectile impact munitions can be fired from any standard 12 ga. shotgun, 40 mm launcher, 37 mm Sage Rifled (ARWEN 37[®] compatible) launcher, or a 37 mm Smooth Bore gas gun. Sage single impact projectiles are exceptionally accurate and effective, especially for selectively engaging non-compliant individuals. Their multiple projectile impact munitions are also the perfect tool for crowd management situations. Sage also produces a variety of chemical irritant impact munitions. These specialty Sage munitions combine blunt trauma pain compliance with the effects of OC or CS to maximize the potential for incapacitation. Additionally, Sage offers training ammunition and realistic training/reloading capabilities for many of their impact ammunition types to greatly reduce training costs.

CHEMICAL MUNITIONS

Sage produces a complete line of chemical irritant and smoke munitions. Product forms include CS irritant, OC inflammatory and inert practice agents. Certain products are pyrotechnic for outdoor use and others are offered as non-pyrotechnic for safe indoor use. All Sage smoke munitions are available in single-source and multi-source configurations to further increase stand off distances and to assist with varying operations. Their screening smoke munitions can also be used to aid in carrying previously deployed active agent across greater distances. Their chemical munitions are ideal for a variety of law enforcement situations, such as assisting tactical teams with barricade extractions or aiding with crowd management in public or correctional surroundings. Whether your agency uses 12 ga., 37 mm Rifled, 37 mm Smooth Bore, 40 mm NATO or hand deployed munitions, Sage has what you need for any tactical operation.

PEPPER SPRAY & TEAR GAS

LAUNCHERS

37 mm Launcher	SKU: L37-SL
40 mm Launcher	SKU: L40-SL

37/40 MM LAUNCHERS

With engineering innovations that have made Lamperd Less Lethal a leader in the force technology world. Lamperd Less Lethal is pleased to announce its new 5 plus 1 shot 37 mm Less Lethal Multi Launcher and the 40 mm Distraction Device Launcher. These new pump action launchers offer superior adaption for the modern and ever changing needs of Police, Military and Government Security Forces.

The launcher can be carried on the chest, back, thigh or anywhere that you need it. The launcher weighs only 4.7 pounds, compare that to other systems weighing in between 9 to 15 pounds! That's a significant weight savings with the average person's stride length being approximately 2.5 ft long. No more winding the launcher up, no more fumbling for rounds. This radical new magazine design allows you to strip out an empty magazine and feed in a fresh one just like a patrol rifle. A user can now carry pre-loaded magazines on their load bearing equipment for rapid and sustained deployment. The five position stock caters to all sizes and allows for full weapon extension or CQB mode.

TECHNICAL SPECIFICATIONS:

- 29" with fixed or open folding stock, 18" closed folding stock
- 37/38 mm smooth (1.5") (L37-SL)
- 40 mm rifled (L40-SL)
- Safety lock
- All rimmed 37 mm ammo up to 8" in length (L37-SL)
- All rimmed 40 mm ammo up to 5.9" in length (L40-SL)
- Double action
- Double sided sling loops to allow carrying with a single point sling system
- Shoulder stock allows the shooter a subjective sight picture while wearing a gas mask and riot helmet or a ballistic helmet
- Rail: NATO standard STANAG 4694 (compatible with MIL-Std 1913 rail). This has 4 accessory rails that include a 12 o'clock mounted top rail for future optics requirements
- Barrel is 12" long, 6 rifling grooves with twist of 1"/47" barrel can fit through a gun port 80 mm wide by 140 mm high, allowing a subjective sight picture and angles of fire. Barrel protrudes 12.7 cm past the fore-end accessory rails

PEPPER SPRAY & TEAR GAS

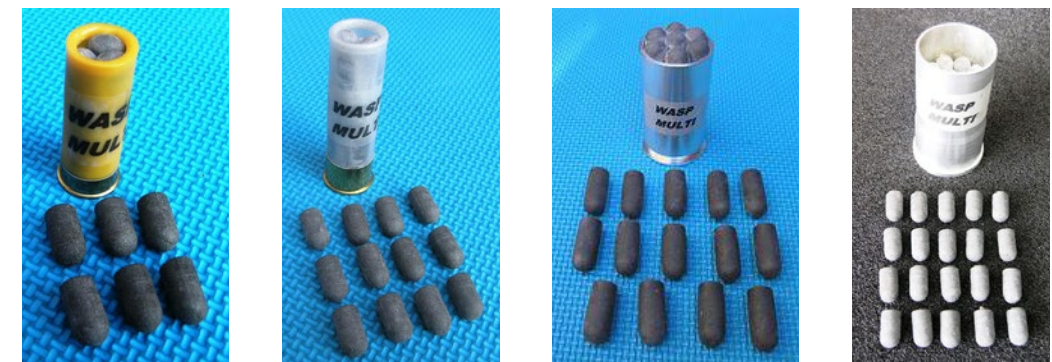

AMMUNITIONS

LESS LETHAL AMMUNITIONS

Utilizes the patented novel composite in smaller calibers for 9 mm guns and automatic M4 firing. Despite of the size, the bullet is still very effective in inflicting high trauma without penetrating or causing major damage to the body. Lamperd Less Lethal has developed a wide range of less lethal ammunitions to fit the needs of most police and military weapon systems. Extensive research has been conducted. All ammunitions are available in a number of sizes including 5.56 mm, 7.62 mm, 9 mm, 37 mm, 40 mm, 50cal., 12 gauge and 20 gauge.

WASP™ LESS LETHAL PROJECTILE

WASP is a novel, lead free and well-researched (3 years) rubber projectile that has won numerous awards in North America. The WASP is composed of a specialized composite that allows it to maintain its properties over a wide range of temperatures from -50 °C to 70 °C. The WASP dissipates energy, thus inflicting an adequate but no lethal trauma to the target.

RED DOTS

AR OPTICS SERIES

TRS-26 RED DOT SIGHT

The Bushnell AR Optics TRS-26 Red Dot goes beyond its historic predecessor with improvements in several key areas including longer battery life, bigger objective lens, and a sharper 3 MOA dot and push button operation. The TRS-26 is powered by one (1) CR2032 battery and sets the industry standard with more than 50,000 hours of battery life.

SKU: AR71XRD

FIRST STRIKE 2.0 REFLEX SIGHT

One of our most versatile optics, the First Strike 2.0 and its massive objective lens has nearly endless use possibilities. We have now improved the First Strike 2.0 with brighter daylight bright settings perfect for competition or hunting in bright daylight. Next, we improved the already rugged design by strengthening the internal contacts for an increased recoil rating.

SKU: AR71XRS

TRANSITION 3X MAGNIFIER

Nothing compares to a red dot scope when it comes to rapid, easy target acquisition. The only thing missing was magnification, but not anymore. Introducing the Bushnell® AR Optics Transition™ 3X Magnifier. It perfectly pairs with AR Optics TRS-25 by Bushnell, but works with any Red Dot. The AR Optics 3X Magnifier mounts behind your optic and it comes with an ambidextrous flip mount.

SKU: AR731304

TRS-25 HI-RISE RED DOT SIGHT

Max accuracy and reliability to master every tactical scenario. We took the optical precision, rugged reliability and uncompromising performance and pushed them ever farther for the AR-platform. This TRS-25 comes with the high-rise mount. Weighing in at 6 ounces, the TRS-25 provides heavyweight performance. The riser positions the sight at optimum height on flat top ARs/MSRs and many shotguns.

SKU: AR731306

ADVANCE REFLEX SIGHT

The Advance Micro Reflex Sight is the smallest, lightest red dot in the Bushnell AR Optics family, and packs big performance into a compact package. It projects a 5-MOA dot through waterproof, fogproof and shockproof rugged optics, and is compatible with a large selection of rifles and semiautomatic pistols, including the MEOPTA standard, which is found on (among others) the Glock® MOS Mount Plate #1.

SKU: AR750006

RED DOTS

RX SERIES

RXU-200 & RXC-200 REFLEX SIGHTS

The RXU-200 and RXC-200 are both micro reflex sights, but the RXU-200 is an ultra-compact version with a shorter lens and chassis with an overall height of just 19.5mm vs. the RXC-200's 23.5mm height. Both reflex sights utilize the rugged design characteristics that made the RXS-250 one of the toughest reflex sights on the market. The durable, sealed, impact resistant, chassis is machined from 7075-T6 billet aluminum and exceeds both MIL-STD-810 vibration and impact criteria along with IPX7 ingress requirements. For the first time ever and in an industry-first we've applied our revolutionary EXO Barrier to the glass of a reflex sight.

RXU-200 Ultra-Compact Micro Reflex Sight

SKU: RXU200

RXC-200 Compact Micro Reflex Sight

SKU: RXC200

RXS SERIES

RXS-100 REFLEX SIGHT

The RXS-100 is the new market leader in price and performance. Class leading value starts with multi-platform versatility with its DeltaPoint Pro mounting pattern, daylight bright 4 MOA dot with 8 settings, side battery door, up to 5,000 hours of battery life, and an included Weaver-style low-rise mount.

SKU: RXS100

RXS-250 REFLEX SIGHT

Class leading performance and incredible multi-platform versatility. The point source LED creates a clean beam that produces a strong dot without wasting battery life. 10 brightness settings allow for clear day light viewing and low settings for excellent nighttime visibility. This optic also works well when paired with night vision.

SKU: RXS250

TROPHY SERIES

TRS-25 RED DOT SIGHT

Trophy Red Dot Sights come in a strong, precision-engineered housing that's tough enough to go anywhere. These sights offer unlimited eye relief for fast shots at imperfect angles and multiple brightness settings for maximum battery life and superior performance in a variety of lighting conditions.

SKU: 731303

TRS-125 RED DOT SIGHT

The TRS-125 features an efficient and clear 3 MOA dot with 10 brightness settings that delivers up to 15,000 hours of battery life. An IPX7 ingress rated monolithic main housing and durable low-profile mount with removable, skeletonized high-rise spacer put this sight at home on many small arms.

TRIJICON RCR®

COMING SOON!

UNIQUE FEATURES

SKU:

RED DOTS

TRIJICON RMR®

RMR® TYPE 2 LED

The battery-powered Trijicon RMR Type 2 LED features a sensor, which automatically adjusts the brightness of the illuminated red dot based on ambient lighting conditions.

3.25 MOA Red Dot	SKU: RM01-C-700600
6.5 MOA Red Dot	SKU: RM02-C-700607

RMR® TYPE 2 ADJUSTABLE LED

The Trijicon RMR® Type 2 Adjustable LED features eight brightness settings, two of which are night vision-compatible.

1.0 MOA Red Dot	SKU: RM09-C-700742
3.25 MOA Red Dot	SKU: RM06-C-700672
6.5 MOA Red Dot	SKU: RM07-C-700679

RMR® DUAL-ILLUMINATED

The Trijicon RMR® Dual-Illuminated reflex sight uses both fiber optics and tritium.

7.0 MOA Yellow Dot	SKU: RM04
9.0 MOA Yellow Dot	SKU: RM05
9.0 MOA Green Dot	SKU: RM05G
13.0 MOA Yellow Dot	SKU: RM03

TRIJICON RMR®CC

The new Trijicon RMR®cc has a thinner, lower-profile design that reduces the risk of snags for a faster and easier draw. Although smaller, the RMR®cc keeps all the great features of the Trijicon RMR®. Once zeroed in, where you see the dot is where your bullet will impact.

3.25 MOA Red Dot	SKU: CC06-C-3100001
6.5 MOA Red Dot	SKU: CC07-C-3100002

TRIJICON SRO®

The Trijicon SRO® is designed with a maximized field of view and a clean, crisp red dot that deliver improved pistol accuracy in competitive-shooting and target-shooting applications.

1.0 MOA Red Dot	SKU: SRO1-C-2500001
2.5 MOA Red Dot	SKU: SRO2-C-2500002
5.0 MOA Red Dot	SKU: SRO3-C-2500003

TRIJICON MRO®

MRO®

The Trijicon MRO® (Miniature Rifle Optic) is a sealed, miniature reflex sight intended for use on rifles, carbines, and shotguns to provide fast target acquisition.

1x25 Red Dot	SKU: MRO-C-2200003
1x25 Green Dot	SKU: MRO-C-2200028

MRO® HD

The MRO® HD is optimized for use with a magnifier, with a re-engineered objective lens to produce a 2.0 MOA center dot surrounded by a 68 MOA segmented circle reticle.

1x25 Red Dot	SKU: MRO-C-2200050
1x25 Red Dot w/3x Magnifier	SKU: MRO-C-2200057

MRO® PATROL

The MRO® Patrol includes lens covers for both the ocular and objective lenses, along with an Anti-Reflection Device KILLFLASH® that protects you from unwanted detection or in bright conditions while eliminating glare.

SIGHTS

ELITE 4500 RIFLESCOPES

The Elite 4500 1-4x24 is the optic your brush gun, shotgun, or short-range rig needs to get the job done. The 2.5-10x40 is the scope you need when you want more horsepower than a typical 3-9x40. It has a wider field of view for close-in shots, and offers more magnification for those further distances. When the job needs generous magnification, the 4-16x50 is up to the task. With extended eye relief, a big 50mm objective, and a precision side focus parallax.

Elite 4500 1-4x24 - Multi-X Reticle	SKU:	REL1424BS3
Elite 4500 2.5-10x40 - Multi-X Reticle	SKU:	REL2104BS3
Elite 4500 4-16x50 - Multi-X Reticle	SKU:	REL4165BS3

ENGAGE RIFLESCOPES

The Engage rifle scope represents the latest evolution in optics. The new Deploy MOA reticle features 1-MOA windage and elevation hashmarks, and can reach short and mid-range targets with ease.

Engage 1-4x24 - SFP G4 Reticle	SKU:	RE1424BS9
Engage 2.5-10x44 - Deploy MOA Reticle	SKU:	REN21044DG
Engage 3-9x40 - Deploy MOA Reticle	SKU:	REN3940DW

Engage 6-24x50 - Deploy MOA Reticle	SKU:	REN62450DG

FORGE RIFLESCOPES

Introducing to the market is the 1-8x30 Forge rifle scope with illuminated German No. 4 reticle and ED Prime glass. This low-power variable optic (LPVO) is built on a massive and tough 34mm main tube. We then opened it up on the objective end to give it a massive class-leading 30mm objective lens for great light gathering and a giant eyepiece. The ED Prime glass on this is brilliant, bright, and simply unmatched in this segment at this price point.

Forge 1-8x30 - SFP Illum. Dot #4I Ultra Ret.	SKU:	RF1830BS9
Forge 2-16x50 - SFP Illum. Dot #4I Ultra Ret.	SKU:	RF21650BS9
Forge 3-24x56 - SFP Illum. Dot #4I Ultra Ret.	SKU:	RF32456BS9

LEGEND RIFLESCOPES

Excellent low-light performance with RainGuard® HD coating that repels water on the lens so your image is always clear and allows you to make the shot. Legend has improved optical performance that boosts contrast and clarity with fully multi-coated lenses. With a durable one-piece body that is IPX7 waterproof rated you can trust that the Legend will last year after year.

MATCH PRO RIFLESCOPES

Purpose-built for competition shooting - The Match Pro 6-24x50 rifle scope has all the features you need to compete with confidence and bring home the win. Perfect for getting into or upgrading your PRS, NRL, and NRL22 rifle. Simply put: the Match Pro rifle scope is the best entry-level competition rifle scope on the market today. We started by listening to what competitors wanted in an optic and put it all in. The precision ground glass is fully multi-coated and has our ultra wide band coating to reduce flaring while increasing light transmission and contrast. To top it all off, it's coated in our Exo Barrier that's molecularly bonded to give you a competitive advantage in the rain and mud.

Match Pro 6-24x50 - Deploy Mil	SKU: MP6245BF2
Match Pro 6-24x50 - Illuminated Deploy Mil	SKU: MP6245BF8

NITRO RIFLESCOPES

A versatile scope for close- and mid-range hunter, with a good magnification range and large objective, which delivers bright images. Bushnell's exclusive EXO Barrier protective lens coating molecularly bonds to the glass, repelling water, oil, dust, debris and preventing scratches. Featuring an IPX7 waterproof construction.

RIMFIRE RIFLESCOPES

Rimfire rifle scope delivers simple use through a 22LR BDC reticle, and top convenience and value. Designed to deliver peak performance for the 40-grain .22 LR, this scope boasts a BDC reticle with hold positions out to 125 yards. You'll never miss your shot, thanks to capped turrets that protect your settings in the field. Shots at first and last light with the enhanced optical glass that boosts contrast and resolution. The one-piece, aircraft-grade aluminum body has no problem standing up to the elements and rough use. Also, it won't fog up on you since it's fully IPX7 waterproof.

Rimfire 3-9x40 - DZ22 Reticle	SKU: RR3940BS4
Rimfire 3-9x40 - Illuminated DZ22 Reticle	SKU: RR3940BS13

TROPHY RIFLESCOPES

The new Trophy riflescopes are a new breed that deliver an unbeatable combination of edge-to-edge clarity, best-in-class light transmission and affordability. The shorter 1-piece tube stays out of your way while fully multi-coated optics provide a brighter, clearer image in any weather, thanks to RainGuard HD lens coating. Its fast-focus eyepiece and side parallax adjustment make dialing in easy.

Trophy 3-9x40 - DOA600 Reticle	SKU: 753960B
Trophy 3-9x40 - Multi-X Reticle	SKU: 753960

TROPHY XLT RIFLESCOPES

Excellent low-light performance and resolution with RainGuard HD coating that repels water on the lens. Trophy XLT has improved optical performance that boosts contrast and clarity with fully multi-coated lenses. RainGuard HD coating repels water on the lens so your image is always clear and allows you to make the shot. The DOA Quick Ballistic reticle provides 5 drop points with 5 mph wind hold lines. Trophy XLT is built to withstand the elements and will stay in the hunt as long as you can. With a durable one-piece body that is IPX7 waterproof rated you can trust that it will last year after year.

Trophy XLT 3-9x40 - DOA Quick Ballistic Ret.	SKU: RT3940BS11
Trophy XLT 4-12x40 - DOA Quick Ballistic Ret.	SKU: RT4124BS11

TROPHY XTREME RIFLESCOPE

The Trophy Xtreme 1-6x24 Quick Acquisition rifle scope is designed specifically for the short- and mid-range hunter for quick shots with an illuminated 1/2 MOA floating dot, but also has opportunities for longer shots with the aid of the integrated hold points on the reticle. The Quick Acquisition rifle scope has an improved optical design with fully multi-coated surfaces and our ultra wideband coatings provide enhanced light gathering and clarity. If you're looking to make quick shots with your lever gun, shotgun, or other short- to mid-range setup, the Trophy 1-6x24 Quick Acquisition with illuminated reticle is the perfect choice.

ACOG

There's a reason the Trijicon ACOG® (Advanced Combat Optical Gunsight) is the official medium-distance engagement optic of the Marine Corps and U.S. Special Operations Forces. And there's a reason why more than one million ACOG®s have been produced. Every feature of its innovative design was chosen for a single purpose: to provide increased hit potential in all lighting conditions. This is possible through a brilliantly illuminated reticle pattern, a compact design, and legendary durability that continues to lead the industry.

Legend 12x50 Binoculars	SKU: BB1250W

LEGEND E-SERIES BINOCULARS

The 10x magnification offers finer details, giving you more information. E-Series binoculars bring affordable excellence to outdoor enthusiasts. RainGuard HD resists moisture from rain, snow, sleet and condensation for clear viewing, even in inclement weather. Multiple layers of anti-reflective coating on all air-to-glass surfaces deliver bright, high-contrast images. PC-3 Phase Coating applied to the prisms, enhancing resolution and contrast.

SKU: 197104

LEGEND L-SERIES BINOCULARS

The Legend L-Series 10x42 binoculars offers a full-feature optic designed for a long life on the trail while delivering enhanced optical performance. Featuring ED glass to eliminate chromatic aberration and color-fringing, and anti-reflection fully multi-coated optical system with ultra-wide band coatings that produce bright and clear images with true color rendition across the entire visible spectrum without distortion, while enhancing the low-light performance.

SKU: 198104

LEGEND ULTRA HD BINOCULARS

These compact & lightweight Legend Ultra HD 10x25 binoculars lock out moisture and soak up abuse with housings that are O-ring sealed, nitrogen purged and wrapped in rubber armor. The fully multi-coated optics are treated with our permanent, patented RainGuard HD coating, so your view stays bright and clear when conditions aren't. Featuring ED Prime glass and ultra-wide band coating to deliver razor sharp images. Roof prisms are coated with our PC-3 Phase Coating.

SPOTTING SCOPES

ELITE TACTICAL LMSS2 SPOTTING SCOPES

A compact military-grade spotting scope with a first focal plane reticle, ED Prime glass in a rugged package that truly makes it Elite Tactical. HD glass and Fully multi-coated optics, paired with ultra-wide-band coatings, allow for more light transmission in low light situations. Waterproof rugged aluminum chassis.

ET LMSS2 8-40x60 - H322 Reticle	SKU: ET884060H
ET LMSS2 8-40x60 - Tremor4 Reticle	SKU: ET884060T

ENGAGE DX SPOTTING SCOPE

Compact 80mm objective with dielectric coated prism for higher contrast and resolution. Fully multi-coated optics provide a brighter and clearer image at dusk and dawn when you need to see the most. Durable aluminum chassis and rubber armor. Barrier bonds to exterior lens surfaces, and repels water, oil, fog, dust and debris making sure you can see your target in any condition.

SKU: SENDX2680A

FORGE SPOTTING SCOPES

This Forge Spotting Scope has up to 60x magnification and large 80mm objective to allow high resolution and superb light transmission. Exclusive EXO barrier protection repelling water, oil, dust, debris and preventing scratches. Fully multi-coated on all air-to-glass surfaces deliver bright, high-contrast images.

Forge 20-60x80 Spotting Scope - Straight	SKU: SF206080T
Forge 20-60x80 Spotting Scope - Angled	SKU: SF206080TA

LEGEND TACTICAL T-SERIES SPOTTING SCOPE

Quite possibly the most affordable way to get a spotter with a MIL-Hash reticle and ED Prime glass. The built-in rail sections are perfect for mounting accessories like red dots and rangefinders. A robust 15-45x magnification range and FFP MIL-Hash reticle with a large 60mm objective lens combine to bring you bright, detailed images of distant objects. Features: RainGuard HD and IPX7 waterproof construction.

SKU: 781545ED

LEGEND ULTRA HD TACTICAL MONOCULARS

Legend Tactical is built to master the most demanding challenges on the planet. The combination of professional grade optics, rugged design and advanced reticle options provide optimum performance in every tactical shooting application. Features: ED Prime Glass, RainGuard HD and fully multi-coated optics.

Legend Ultra HD 10x42 - Black	SKU: 191142
Legend Ultra HD 10x42 Mil-Hash - FDE	SKU: 191144

SPOTTING SCOPES

NITRO SPOTTING SCOPES

The Nitro spotting scope offers large magnification in a compact size. The fully multi-coated optics and ED Prime Glass maximize brightness and contrast for high definition viewing. It's IPX7 waterproof rated, and it has Bushnell's exclusive EXO barrier for a clear image no matter the weather. Dual focus wheels allow for both rapid and precision focusing for the crispest images.

Nitro 15-45x65 Spotting Scope - Straight	SKU: SN154565G
Nitro 20-60x65 Spotting Scope - Angled	SKU: SN206065GA

PRIME SPOTTING SCOPES

The Prime Spotting Scope offers a great magnification range without breaking the bank. Bushnell's exclusive EXO Barrier technology, fully multi-coated lenses, and IPX7 waterproof construction ensure a crisp, clear image in any condition. Argon-filled optics remain stable for the ultimate fog-proof protection.

Prime 16-48x50 Spotting Scope - Straight	SKU: SP164850B
Prime 20-60x65 Spotting Scope - Straight	SKU: SP206065B
Prime 20-60x65 Spotting Scope - Angled	SKU: SP206065AB

SENTRY SPOTTING SCOPE

The 18-36x50mm prism design offers versatile magnification ranges for any application, while the multiple layers of anti-reflective coating on all air-to-glass surfaces deliver bright, high-contrast images. With waterproof and fogproof housing, every model is built for the long haul. Designed to be air tight, O-ring sealed optics stay dry inside, so moisture stays out even when submerged in water. Black with a straight eyepiece.

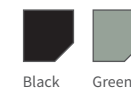

SKU: 783618

TROPHY XTREME SPOTTING SCOPES

Best-in-class brightness makes it the brighter hunter in its field. Affordability makes it the brightest choice at the checkout. An adjustable sunshade with built-in objective cover protect the big objective. Large power and objective are balanced in this easy to carry and maneuver scope. Multiple layers of anti-reflective coating on all air-to-glass surfaces deliver bright, high-contrast images.

Trophy Xtreme 20-60x65 - Straight - Green	SKU: 886520
Trophy Xtreme 20-60x65 - Angled - Black	SKU: 887520B

LASER RANGEFINDERS

FUSION X RANGEFINDING BINOCULARS

Superb ranging accuracy and advanced optics combine to make the best of both worlds in Bushnell's Fusion X 10x42mm Ranging Binocular. Our HDOS (High-Definition Optical System) provides optimum viewing clarity, while the one-of-a-kind ActivSync™ Display means you'll never again have trouble reading the ranging readout. Together, they make the Fusion X the one tool every hunter needs.

SKU: FX1042AD

BONE COLLECTOR 850 LASER RANGEFINDER

Large objective lens with industry leading 2x brightness paired with ARC technology and Scan mode. Fully multi-coated optics with Ultra wide band coatings provide bright, true to life colors. Up to 850 yards to a reflective target. Highest light transmission to optimize performance in all lighting environments, especially in low light. Includes a lanyard tether and a CR2 battery.

SKU: 202209

NITRO 1800 LASER RANGEFINDER

Powered by Applied Ballistics, the Nitro 1800 provides a ballistic solution to 800 yards out of the box (upgradeable to over 2000 yards) and pairs with your smartphone for easy set up and data input. Range to Over 2000 yards, configure ballistics data, get holdovers, wind adjustment and more with onboard Applied Ballistics. Featuring Bluetooth capability, connect the Nitro 1800 rangefinder to your cell phone for easy set up and data input.

SKU: LN1800IGG

PRIME 1300 & 1700 LASER RANGEFINDERS

Featuring an all-glass optical system and an improved LCD Display, the LRFs offers up to a 2x brighter viewing experience. Providing enhanced light transmission for a brighter, clearer image, the LRFs extend your vision when it matters most. Ideal for bow hunters, the Prime utilizes ARC technology when shooting at angles.

Prime 1300 Laser Rangefinder

SKU: LP1300SBL

Prime 1700 Laser Rangefinder

SKU: LP1700SBL

PRIME 1800 LASER RANGEFINDER

The Bushnell Prime 1800 is now the ultimate laser rangefinder for hunters. It features ActivSync™ Display technology that fluidly morphs to your background for maximum contrast and readability in all conditions. It has an all-glass optical system for a 2x brighter viewing experience and the ARC technology for both true distance and target distance when shooting at angles.

SKU: LP1800AD

NIGHT VISION

EQUINOX X650 NIGHT VISION MONOCULAR

The Equinox X650 Digital Night Vision offers superb optical clarity, illumination, and a generous 650-foot viewing range in the dark.

- High-quality video recording is yours with the touch of a button, day or night, with the included micro SD card
- Built-in infrared illuminator lets you enjoy nighttime wildlife viewing out to 650 yards away without you being detected
- 3X zoom feature enhances detailed viewing
- Full-color daylight viewing makes this night-vision optic a 24/7 tool
- Integral tripod mount allows for comfortable and steady viewing without having to hold the optic
- Easy-access battery compartment holds the three included AA batteries for six hours of constant run time

SKU: EX650

EQUINOX Z NIGHT VISION MONOCULARS

With the digital Equinox Z Night Vision monoculars from Bushnell, you'll be able to enjoy outstanding optical clarity, ultimate illumination and an unmatched field of view. Features such as zoom, image capture, video recording and daytime color lead the way in our flagship series.

- 1-3x zoom (except 260150)
- AA batteries
- Adjustable IR brightness
- Carrying case
- Daytime color
- Glass objective (except 260150)
- Image capture
- Recoil tested to 350 g
- Up to 500 ft (260130), 750 ft (260140) and 1000 ft (260150) viewing with built-in infrared illuminator

Equinox Z 3x30 Night Vision Monocular

NIGHT VISION

ATLAS THERMAL BINOCULAR

ATLAS is the first commercially available thermal binocular based on 12 micron technology. Lightweight and fully waterproof, the N-Vision Optics ATLAS Thermal Binocular is extremely robust and capable. Constructed with durable composite plastics, it is significantly smaller in size and weight in comparison to other thermal binoculars on the market.

- 640 x 480, 12 micron thermal core
- 2250 m Detection range
- Internal memory for image capture

SKU: ATLAS

TWS13 THERMAL WEAPON SIGHTS

N-Vision Optics' newly redesigned TWS13 dedicated thermal weapon sight line-up provides operators with a significant advantage in detecting, observing, and engaging targets in all conditions, day or night. Combining a rugged and lightweight hi-tech composite material housing with advanced thermal imaging technology, the TWS13 series of weapon sights generate superior IR images and ensures target acquisition at maximum possible ranges.

- 35 mm 336 x 256 resolution, 17 micron
- 50 mm 336 x 256 resolution, 17 micron
- 35 mm 640 x 512 resolution, 17 micron
- 50 mm 640 x 512 resolution, 17 micron

MAGNIFIER LENSES

Increases magnification of the night vision system. Those high performance magnifiers can be threaded or snapped onto the objective lens. Universal compatibility with all night vision monoculars, binoculars and goggles.

- 3x Magnifier Lens
- 5x Magnifier Lens

SKU:	NVAC-107
SKU:	NVAC-110

HELMET MOUNT ASSEMBLY

Includes tilt and fore/aft-eye-relief adjustment levers, force-to-overcome deploy/stow release and auto shut-off.

- Helmet Mount Assembly compatible w/PASGT type helmets
- Helmet Mount Assembly compatible w/ACH/MICH type helmets

SKU:	A3256368-1
SKU:	A3256368-2

NIGHT VISION

LRS LONG RANGE SURVEILLANCE SYSTEM

The LRS is a state of the art, highly advanced night vision system designed for professional grade photography and videography. Compatible with interchangeable lens Nikon and Canon SLR cameras and customizable to a wide range of video cameras, the LRS offers full frame imagery and high resolution with minimal light roll-off or distortion.

- Choice of system magnification by use of C-mount optics
- Complete frame clarity from edge to edge
- Easy attachment to a variety of photo and video cameras

PVS-14 NIGHT VISION MONOCULAR

The PVS-14 is a multi-purpose night vision monocular in service with militaries and government agencies worldwide. Featuring the most advanced U.S. made Generation 3 image intensifier tubes, the PVS-14 features variable gain control and bright light automatic shut off. The PVS-14 may be hand-held, head/helmet mounted, or weapon mounted.

- Variable gain control
- Hand-held, helmet-mountable or weapon-mountable
- Single AA battery
- Automatic brightness control (ABC)
- Built-in IR Illuminator

- PVS-14 Std Kit, Gen3 Gated Pinnacle w/Head Mount Assembly
- PVS-14 Std Kit, Gen3 Gated Pinnacle w/Head Mount Assembly (White Phosphor)

SKU:	PVS14P-HM
SKU:	PVS14P-HM-W

(Std Kit includes: Unit, Sacrificial Window, Demist Shield, Eyecup, Lens Cap, Neckcord, Soft Carry Case, Lens Cleaning Paper, Battery and User Manual)

GT-14 NIGHT VISION MONOCULAR

The GT-14 is a high-performance night vision monocular with advanced ergonomics and intelligent power control developed as an alternative to the standard PVS-14. Submersible and lightweight, GT 14 is equipped with the most advanced, U.S. made Generation 3 image intensifier tubes.

- Submersible and shockproof
- Automatic brightness control (ABC)
- Invisible to the human eye IR
- Hand-held, helmet-mountable, weapon-mountable
- In ocular IR-on and low battery indicators

THERMAL IMAGING

SCION PTM

Built to equip law enforcement professionals with superior thermal surveillance, the Scion PTM packs high-performance thermal imaging into a rugged, IP67-rated handheld monocular. Capable of geotagged video recording and live video transmission, the Scion PTM can instantly stream encrypted thermal footage of any pursuit, evidence recovery, or search and rescue effort to the command center via wireless network. A smooth 60 Hz refresh rate and picture-in-picture zoom capture minute details from a distance and maintain peripheral awareness for constant thermal supervision of suspects, team members, and standbys.

SCION PTM166

- Detector : 320 x 256 VOx
- Refresh Rate : 60 Hz
- Focal Length : 13.8 mm
- Weather Rating : IP67
- Detection Range : 550 m

SKU: 7TM-01-F310

SCION PTM366

- Detector : 640 x 512 VOx
- Refresh Rate : 60 Hz
- Focal Length : 25 mm
- Weather Rating : IP67

SCION PTM466

- Detector : 640 x 480 VOx
- Refresh Rate : 60 Hz
- Focal Length : 36 mm
- Weather Rating : IP67
- Detection Range : 1420 m

SKU: 7TM-01-F350

SCION OTM

The Scion OTM captures clear thermal imaging and leverages a refined user interface to quickly detect objects of interest in complete darkness and through glaring light or haze. Built around FLIR's powerful Boson core, the Scion OTM produces 9 or 60 Hz thermal imaging and records geotagged video and still images for playback long after the day is done. A rugged, IP67-rated housing and intuitive controls allow single-hand operation in harsh weather conditions, maintaining reliable thermal imaging in the most demanding outdoor environments.

SCION OTM260

- Detector : 640 x 512 VOx
- Refresh Rate : 9 Hz
- Focal Length : 18 mm
- Weather Rating : IP67
- Detection Range : 710 m

SCION OTM366

- Detector : 640 x 512 VOx
- Refresh Rate : 60 Hz
- Focal Length : 25 mm
- Weather Rating : IP67
- Detection Range : 1000 m

SKU: 7TM-01-F240

SCION RECHARGEABLE BATTERY KIT

The GPX310 lets you operate Scion thermal imaging monoculars for up to 10 hours. Its high-capacity 8.5 Ah battery pack features a smart fuel gauge that displays on-screen battery life when the Scion is on. Added electronics protection helps prevent battery-related safety incidents.

SKU: 7GX-03-F010

SCION DOCKING STATION

The GTX100 mounts easily to surfaces. Its built-in locking feature latches Scion thermal imaging monoculars securely in place even during prolonged vibration and abrupt maneuvering. When powered, the station charges GPX310 rechargeable batteries while the Scion is docked.

SKU: 7TX-01-F010

THERMAL IMAGING

SCOUT TK

The Scout TK is a pocket-sized thermal vision monocular for exploring the outdoors at night and in lowlight conditions. Scout TK reveals your surroundings and helps you see people, objects and animals over 100 yards (90 m) away. Simple to use, with still image and video recording, Scout TK is the perfect companion, whether in the back country or your own backyard.

- Detector : 160 x 120 VOx
- Refresh Rate : < 9 Hz
- Focal Length : 13 mm
- Weather Rating : IP67
- Detection Range : 100 m

SKU: 431-0012-21-00S

SCOUT II/III

Offering clear thermal imaging in a compact monocular, Scout II quickly detects humans, animals, and objects in low visibility environments, day or night. Scout III captures sharp thermal imaging at a fast framerate for smooth, impeccable vision on running targets and from moving vehicles. Generating images based on heat, rather than visible light, thermal imaging gives users increased situational awareness in complete darkness and haze, providing reliable vision for surveillance and safe navigation. A rugged IP-67 rated housing stands up to harsh weather and drops, equipping law enforcement professionals, hunters, and outdoor enthusiasts with reliable thermal imaging in tough conditions.

SCOUT II 320

- Detector : 336 x 256 VOx
- Refresh Rate : < 9 Hz
- Focal Length : 19 mm
- Weather Rating : IP67
- Detection Range : 550 m

SKU: 431-0009-21-00S

SCOUT II 640

- Detector : 640 x 512 VOx
- Refresh Rate : < 9 Hz
- Focal Length : 35 mm
- Weather Rating : IP67
- Detection Range : 1140 m

SKU: 431-0019-21-00S

SCOUT III 320

- Detector : 336 x 256 VOx
- Refresh Rate : 60 Hz
- Focal Length : 19 mm
- Weather Rating : IP67
- Detection Range : 550 m

SKU: 431-0009-31-00

SCOUT III 640

- Detector : 640 x 512 VOx
- Refresh Rate : 30 Hz
- Focal Length : 35 mm
- Weather Rating : IP67
- Detection Range : 1140 m

SKU: 431-0019-31-00

LS-X/LS-XR

The LS-X and LS-XR handheld thermal monoculars are designed for the men and women who serve and protect. This powerful, easy-to-use imager gives officers the tactical advantage when pursuing suspects, looking for evidence, or conducting search and rescue. The LS-X and LS-XR feature high resolution displays, extended zooming capabilities, and video output. Whatever you need to see, find it with the LS-X and LS-XR.

LS-X

- Detector : 336 x 256 VOx
- Refresh Rate : 7.5 Hz
- Focal Length : 19 mm
- Weather Rating : IP67
- Detection Range : 550 m

BREACH PTQ136

Built for the rigors of law enforcement, the Breach PTQ136 spots the heat of suspects and objects in total darkness. Featuring the new FLIR Boson core and a compact design, the Breach offers unmatched tactical awareness. Weighing only 7.4 ounces (210 grams), the Breach can be concealed in a pocket or mounted to a helmet with its mini-rail feature, while adding minimal weight to officers' heavy gear. Additional features include onboard recording and seven palettes for fast detection of suspects or evidence, day or night.

- Detector : 320 x 256 VOx
- Refresh Rate : 60 Hz
- Focal Length : 9.1 mm
- Detection Range : 360 m

AR-15 QUAD RAIL FOREND (TWO-PIECE)

- Slim profile for comfortable handguard-like feel
- Unique vent hole design helps dissipate heat and reduce weight
- Limited rotation push-button sling swivel attachment points on left and right sides
- Interlocking halves secured with six screws for extra strength and stability
- Made in the USA

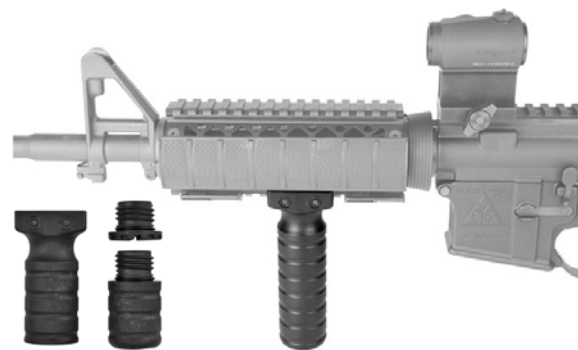

AR-15 Quad Rail Forend (Rifle Length)

SKU: 71QF00BK

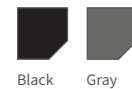

AR-15 Quad Rail Forend (Carbine Length)

SKU: 71QF01BK

RAIL MOUNT VERTICAL GRIP

- Constructed of fiberglass-reinforced polymer
- Two different caps (included) for custom length
- O-ring sealed compartment for tools, batteries, etc.
- Made in the USA

Rail Mount Vertical Grip - Black

SKU: 71VG00BK

Rail Mount Vertical Grip - Gray

SKU: 71VG00GY

RAIL MOUNT THUMB REST

- Provides a reference point on forend for consistent grip
- Improves weapon manipulation and control
- Enhances function of other accessories such as vertical grips
- Can be inverted to provide both high and low grip options
- Symmetrical design for ambidextrous use
- Constructed of high-performance fiberglass glass-reinforced polymer
- Fits Picatinny style rails
- Sold individually only
- Weighs only 1.3 oz.
- Made in the USA

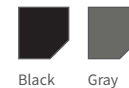

Rail Mount Thumb Rest - Black

SKU: 71RM00BK

Rail Mount Thumb Rest - Gray

SKU: 71RM00GY

Black Gray

FIREARM ACCESSORIES

OFFSET FLASHLIGHT RAIL MOUNT

- Constructed of 6061 T6 aluminum with Type-III hard-coat anodized finish
- For mounting flashlights to Picatinny spec rails
- Offset design for optimal positioning
- Compatible with 1" body flashlights
- Weighs 1.5 oz.
- Made in the USA

SKU: 71RM01BK

HYBRID FOLDING SIGHT

- Hybrid construction features solid metal alloy core with advanced co-polymer jacket that eliminates excess bulk
- Flips up with a gloved hand, holds tight under .308 recoil
- Tool-less windage and elevation adjustment dials, and steel A2 front sight post aid accurate round placement
- Rear sight aligns to the M4/AR15 A-frame front sight height
- Made in the USA

TACTICAL MULTIPOINT SLINGS

The BLACKHAWK MultiPoint Tactical Slings solve two key problems for shooters – Make a multipoint sling easy to use and keep the sling from rubbing your neck raw

- Highly comfortable: Slick-edged, wide webbing disperses load, and the patented, rapid adjust slider instantly adjust sling length on the move
- Instantly change from a 1-point to a 2-point sling: Instant conversion from a single-point to a two-point sling is standard issue, providing unmatched support and versatility for your tactical rifle
- Rapid adjust slider for high speed transitions: Designed to operate in the most demanding environments, the rugged but lightweight design is the perfect mix of comfort, adaptability and speed.

FIREARM ACCESSORIES

HANDALL FULL SIZE GRIP SLEEVE BLACK

The Hogue Handall grip sleeves are scientifically designed and patented with a special contoured shape that hugs the contours of your gun. This exclusive shape gives a secure fit with no loose spots. Hogue Handall® features include: proportioned finger grooves, unique cobblestone texture, ambidextrous palm swells and non-slip surface. These comfortable grips are tough and resistant to all oils and solvents found around firearms. Helps absorb recoil.

KEY FEATURES

- Improves grip in both wet and dry
- Unique cobblestone texture for increased grip
- Contoured shape hugs gun for great fit
- Proportioned finger grooves for increased control
- Ambidextrous palm swells and non-slip surface
- Do not use on gun with grip safety
- Best selling improvement for any handgun user

FIREARM ACCESSORIES

GRIP TAPE LASER CUT HANDGUN GRIPS

Talon Grips for Glock 19, 23, 25, 32, and 38 models. This rear wrap grip is available in both granulate and rubber textures. This grip provides full coverage on the side panels including above the thumb rest, ample coverage on the backstrap, and three finger wraps for the finger grooves under the trigger guard. This grip has a logo cutout for the Glock emblem on the left side of the handle. This grip sticks extremely well even with the Rough Textured Frame (RTF). The medium backstrap will fit both the medium and the medium beavertail backstrap. The large backstrap will fit both the large and the large beavertail backstrap.

GRIPS FOR GLOCK 19, 23, 25, 32, 38 X 400® ULTRA - RED LASER

Rubber Black:

- Ideal for concealed carry and/or open holster carry
- Extremely versatile
- Softer feel

Granulate Black:

- Great for open holster carry
- Positive grip in all conditions
- Abrasive feel

CLEANING PRODUCTS

BRUSHES & CLEANING SWABS

PHOSPHOR BRONZE BRUSHES

- Stout bristles for efficient cleaning
- Most effective on lead

NYLON BRUSHES

- Thorough, multi-directional scrubbing action
- Bristles return to their original shape
- Awesome durability

TORNADO BRUSHES

- Known as "The Gunsmith's Brush", it has a special spiral-wound design that's highly effective at removing fouling, yet won't damage your rifling.

3-PACK BRUSH/SWAB KIT

- Includes a cleaning swab, tornado brush and phosphor bronze brush in matching caliber or gauge.

CLEANING SWABS

- 100% cotton.
- Soft and washable.
- Gentle, yet effective.
- Available for all gauges and most rifle calibers.

CHAMBER MOP

- Designed for use with 5.56 mm/.223 caliber firearms.
- Perfect for cleaning the chamber of your M-16/AR-15 rifle

AR CHAMBER BRUSHES

- Designed to keep your AR bore and chamber free of residue for better accuracy and performance.

CLEANING PRODUCTS

RIPCORD®

Ripcord® delivers the best one-pass cleaning you can get for your firearm. Run it through your gun from Breech-to-Muzzle®, with no gravity feed necessary. The rigid, helix-shaped rubber core keeps the cleaning surface pressed against the bore, engaging the rifling for an aggressive clean. The braided Nomex® surface can take up to 700° heat, so you can clean it at the range or in the field while the barrel is still hot. Attach a bore brush to get an even more thorough clean. It's fast, effective and ultra-portable.

CLEANING PRODUCTS

BORE BRUSHES

- **Brass Core/Bronze Bristles:** Their brush cleans the barrel completely. A brass core brush holds the bristles tighter resulting in a longer lasting, better cleaning brush versus brushes with aluminum cores. The bronze bristles add to that strength in cleaning and longer brush life.
- **Bristle Size/Distribution:** Filled with superior over-sized bronze bristles that are larger than standard with more bristles per inch. This allows for a tighter fitting, longer lasting brush.
- **Looped Brush End:** The ends of their pistol, rifle, and shotgun brushes are looped, not sheared off like other brushes. A looped end keeps the core intact longer and eliminates the hazard of damage to the bore, action, or firing pin. This is why their brush is deemed a "No Harm Bore Brush".
- **Brass Coupling:** Their brass coupling is made to hold the core longer and tighter. It also has precision threads to keep the brush screwed in for all the passes needed to clean the firearm.
- **No Aluminum:** Their brushes are constructed without the use of any aluminum. Aluminum is softer and more malleable. This results in quicker wear, easily bendable cores, and poor coupling strength when compared to brass/bronze counterparts. Have no fear, the metals used in Pro-Shot's brushes are still softer than barrel steel and will not harm the firearm.

CLEANING PRODUCTS

TORNADO BORE BRUSHES

Often referred to as "The Gunsmith 's Brush", Pro-Shot's Tornado brush has a special spiral-wound design that's highly effective for cleaning bores. The brass loops eliminate any bristle ends that could leave scratches, yet removes fouling without damaging the bore. Spiral design reaches all of the hard to get spots. Stiff bristles remove fouling but will not damage bore. Heavy duty bore brush is great for heavily fouled barrels.

SPECIALTY CLOTHS

SILICONE CLOTH

- Made of double napped 100% American cotton flannel and double treated with pure silicone
- Removes fingerprints, potentially corrosive epidermal oils, polishes, and cleans
- After use place cloth back into reclosable poly bag to help cloth stay moist after use

SKU: SILC

METAL CARE CLOTH

- Makes polish obsolete
- Cleans all metal exterior on firearms including blued and stainless surfaces
- Removes surface rust and tarnish. This Non-Toxic cloth also works great on cleaning and protecting knives
- Cloth Size 9.8" x 9.8" - 96"²

SKU: MMC

LEAD CLEAN CLOTH

- Restores original luster, while removing leading, carbon residue, and tarnish
- Cloth can be cut to size/patches for removing unwanted residue inside the chamber, cylinder, forcing cone, and the bore and choke area
- Good for use on stainless and nickel firearms, tools, and knives

SKU: LCC

NON-TREATED CLOTH (3 PER BAG)

- 12 x 12" non-treated 100% cotton flannel cloth
- Can be used for wiping down firearms or just about any object
- Contains 3 cloths with red sewn edges

SKU: WIPE

SHOOTERS WIPE CLOTH- 2 PER PACK

- This set of tactical shooters wipe cloths include one yellow and one white 18" x 22" cloths
- Tactical Wipe cloths are 100% Cotton Flannel finished on both sides and are intended for wiping any excess oils from your firearm or parts during and after cleaning

SKU: TWC

CLEANING PRODUCTS

D-14 FOULING BLASTER-DEGREASER

- Use straw or mist with same can, no extra straw needed
- Synthetic safe degreaser/cleaner
- Fouling Blaster quickly evaporates & blasts away fouling
- Makes cleaning modern firearms easier and faster.
- Cleans fast and will not harm plastic, wood, laminates, composites, rubber grips, or any other material including camo finishes.

SKU: D-14

1 STEP CLEANER, LUBRICANT, AND PROTECTANT

- Excellent for treating chambers, cylinders, and barrels, or use for pin point accuracy oiling.
- Environmentally Friendly and Non-Hazardous Formula leaves barrels totally clean and protected in one easy step.
- **Removes:** Lead, Powder, Plastic, Copper (Jacketed), and Primer Fouling.
- Makes gun bores and actions easier to clean.
- **Lubricates and Protects:** Rust inhibitors and special additives soak into the metal and provide a corrosion barrier for superior rust protection.
- **Synthetic Synergistic Blend:** Super proprietary formula lessens fouling/residue buildup with repeated use.

1 oz. Solvent/Lube-Needle Oiler

CLEANING PRODUCTS

BIO 4X LUBRICANT AND PRESERVATIVE

- Non-Toxic, Biodegradable, Odor-Free Lubricant
- Four times as lubricious as petroleum based lubricants
- Deters water
- Made from renewable USA-grown crops-based vegetable oils
- Reduces foreign oil dependence
- Helps parts function better — frees rusted parts, prevents corrosion
- Instantly penetrates and lasts longer, so it can be applied less often
- Reduces heat and friction better than petroleum-based products
- Higher flashpoint than petroleum, so it's safer to use
- Higher viscosity so it's less likely to thin out at a higher temperatures
- Higher film strength so it can withstand pressure better
- Multi-purpose and All-weather lubricant and penetrant
- -40 °F to 590 °F Operating Temperature Range

SKU: BIO4-NEEDLE

GUN LOCKS & SAFES

FRANZEN INTERNATIONAL GUN LOCKS & SAFES

ARMLOC II® MAGNUM HANDGUN SAFETY SYSTEM

THE ARMLOC II IS LOADED WITH FEATURES FOR YOUR SAFETY AND CONVENIENCE

- Nite-lite for night-time operation
- Locks onto bed frame, wall or in vehicle to prevent theft, yet is easily portable
- Kevlar®-hardened space age composite case
- 6 x stronger than steel by weight
- Guaranteed against breakage
- Personalized combination lock with 1000 possible combinations
- Keyed lock for maximum security
- Outside dimensions: 13 3/4" x 12 3/4" x 3 1/2"
- Inside dimensions: 12 7/8" x 8 3/4" x 2 3/4"
- Nearly 100,000 Armloc II's used by the Department of Homeland Security

SKU: 1111

COMBINATION CABLE LOCK

THE COMBINATION CABLE LOCK USED BY LAW ENFORCEMENT OFFICERS AROUND THE NATION

- Resettable code
- Universal fit
- Strong boron alloy
- 1,000 possible combinations
- Cable length: 17 1/2"
- Protects against unauthorized use and child tampering
- Complies with applicable laws
- Internal ejector spring for faster access
- Indicator line ensures proper application
- Small diameter pin for a wider variety of applications
- Fits on handguns, rifles and shotguns

SKU: 11130

WALL MOUNTED TRIGGER LOCK

UNIVERSAL TO FIT ALL TRIGGER GUARDS

- Secures guns and makes them stationary
- Available in keyed or combination variety
- Universal to fit all trigger guards
- Available with screw-in ring for longer guns
- Easy to mount on wall or any flat surface

SKU: 11133

KEYED CABLE LOCKS

THE KEYED CABLE LOCK USED BY FBI, FEDERAL AND LOCAL LAW ENFORCEMENT OFFICERS ACROSS THE NATION

- Reversible key for quick access
- Universal fit
- Strong boron alloy
- Over 120 possible key changes
- Cable length: 13"
- Keyed alike available
- Protects against unauthorized use and child tampering
- Complies with applicable laws
- Internal ejector spring for faster access
- Soft rubber finish to protect gun from scratches
- Fits on handguns, rifles and shotguns

SKU: 11131

AR15 MAGAZINE LOCK

Franzen has now partnered with TLS to bring the next step in firearm security with the AR15 Firearm Lock. By occupying the magazine well with the AR15 Firearm Lock they are adding an additional level of security that is needed in today's market. Each AR15 Firearm Lock includes the ABUS precision stem cylinder with over 7500 different keys.

- Locks upper & lower receiver together
- Discourages against theft of firearm
- Protection against unauthorized use
- Visual check for empty chamber
- Gasket to prevent dust and ensure cleanliness
- Improved transportation safety

ELS VERSATILE MOUNTING BRACKETS

UCB CEILING MOUNT

For use with vehicles without partitions. The bar is attached by use of self-drilling screws into inner headliner side panels. Includes UCB telescoping bar and adjustable mounting brackets. UCB mount will accommodate all ELS Racks, in 1 or 2 gun configurations. **UCB Mount is not compatible with vehicles having Side Curtain Airbags.**

SKU: UCB

FLOOR MOUNT BRACKET

Mounts to the front passenger floor. Elongated slot allows the weapon location to adjust by sliding forward and back; tilt up and down. Accommodates any ELS Model.

SKU: FMB

VMB VERTICAL MOUNT

For vertical mounting on existing partitions or flat surfaces.

SKU: VMB

RB ROLLBAR MOUNT

Specifically manufactured u-bolt/saddle for mounting to partitions with roll bars, padded or non-padded. Also used with UCB bar.

SKU: RB

TLB TRUNK LID BRACKET

For mounting ELS models to trunk lids.

SKU: TLB

FF FLAT SURFACE MOUNT

For mounting directly to any flat surface – trunk lids, interior walls, etc.

SKU: FF

SBR & BSR SERIES (NON-LOCKING RACKS)

THE SBR MODEL SERIES

The Sky Bar Series is a telescoping system which allows for fit to most vehicles. It's square-tube construction provides for optimum, small dimensional strength. Available for 1 gun (SBR-1G) and 2 guns (SBR-2G).

- 1 Gun
- 2 Gun

SKU: SBR-1G
SKU: SBR-2G

THE BSR MODEL SERIES

All original BSR Racks are intended for direct roof mounting. Vehicles without double-wall construction will require through-the-roof or through-the-sidewall mounting. Available for 1 gun (BSR-1) and 2 guns (BSR-2).

- 1 Gun
- 2 Gun

SKU: BSR-1
SKU: BSR-2

TRANSPORTATION BAGS & CASES

FOUR GUN PISTOL PACK

- Constructed of 1000 denier nylon
- Heavy-duty zippers and hardware
- Two identical compartments to hold two handguns each
- Adjustable tie downs and pockets for guns and accessories
- Divided accessory compartments
- Molded, easy-grip handle for secure carry
- Available in black
- Dimensions: 15" x 11" x 5"
- Weight: 4 lbs.

SKU: 7754

ELITE RANGE BAGS - 3 SIZES

These bags are constructed of Ballistic nylon with a padded, reinforced bottom. Inside are two zippered, padded pockets for handguns, each with a padded divider that can be removed and used as a gunmat. These dividers provide padding between the guns so that two guns can be carried in each pocket for a total of four or more guns in the medium and large bags.

- Large (up to 8.5" autos): 18" x 11" x 10"
- Medium (up to 6.5" autos): 15" x 10" x 10"
- Mini (up to 5" autos): 11" x 9" x 6"

Large Range Bag	SKU: RBB
Medium Range Bag	SKU: RBBM
Mini Range Bag	SKU: MRBB

ELITE RANGE ROLLER

- Heavy-duty 1000 denier nylon construction
- Solid base with heavy-duty internal structure and wheels
- Retractable roller handle with heavy-duty zippers and hardware
- Large primary compartment offers excellent organization
- Two identical slot compartments on either side contain modular dividers and can hold up to eight pistols in all
- Full-length exterior accessory pocket lies flat to double as a mat
- Two identical dump pockets on side opposite accessory pocket with spill-guard zippers
- Dimensions: 21" x 13" x 11"
- Weight: 12 lbs.

SKU: 9010

TRANSPORTATION BAGS & CASES

DUTY TRANSPORT PACK

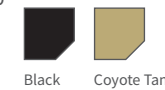

- 1000 denier nylon construction with heavy-duty hardware and locking zippers
- Main compartment holds holstered firearm as well as three magazines and a spare round
- Accessory compartment has a built-in ID window, badge holder, handcuff compartment, knife pouch, as well as compartments for a flashlight and expanding baton
- Molded non-slip handle for secure carry
- Removable, closed cell foam padding
- Dimensions: 10" x 8" x 2.5"
- Weight: 2 lbs.

SKU: 7751

LOADOUT RANGE BAG

- 1050 denier nylon construction for maximum durability
- Closed-cell foam padding provides superior protection for your gear
- Laser-cut MOLLE slots on front and end pockets
- Removable dump pouch attaches to belt and MOLLE platform

SOFT ARMORS

Each of our ballistic lines is tested beyond the NIJ Standard – in-house, with special threat requirements as deemed necessary by you, our customer. Our goal is to give you the peace-of-mind that can only come with watching your purchase be put to the test, right before your eyes. Our in-house testing facility is state-of-the-art, and our capabilities are beyond many of the certified labs in the field today.

Soft armor comes protected in a seam-sealed ripstop pad cover. Each configuration is certified to the National Institute of Justice (NIJ) Standards, as well as vigorously tested in-house at our Ballistic Research Laboratory (BRL). During testing we go above and beyond the anticipated testing protocols in order to ensure that our armor products are second to none.

The Gen2 Razor™ body armor is both extremely thin and lightweight. Offering exceptional ballistic performance the Razor™ is based on innovative fabric technology from both Twaron® and Dyneema®.

Threat level	Thinness/Weight	9 mm V-50 (II)/ .357 SIG V-50 (IIIA)	Magnum V-50	Avg. 9 mm BFS	Avg. .357 Mag BFS (II)/ Avg. .44 Mag BFS (IIIA)	SKU
II	0.14" / 0.67 lbs/ft ²	1822 fps	1727 fps	32.70 mm	35.90 mm	RZRG2-A-II
IIIA	0.21" / 0.92 lbs/ft ²	1908 fps	1746 fps	30.20 mm	39.50 mm	RZRG2-A-IIIA
Female						
II	0.18" / 0.74 lbs/ft ²	1784 fps	1680 fps	29.80 mm	35.40 mm	RZRG2-A-II-FEM
IIIA	0.24" / 0.97 lbs/ft ²	2020 fps	1830 fps	26.80 mm	36.60 mm	RZRG2-A-IIIA-FEM

Our Razor family of soft armor ballistics has jumped to the next level of thinness and light-weight top-tier performance with the introduction of the Razor XT in NIJ certified IIIA protection. The Razor XT utilizes the latest ballistic fabric technology to redefine comfort and performance in armor.

PLATES & CARRIERS

HARD ARMOR RIFLE PLATES

Whether it is a level IV plate designed to stop a single armor-piercing round, a level III plate built for multiple hits from common street rounds, or a special threat option paired with soft ballistics to keep you agile and protected, Armor Express has you covered.

Manufactured from some of the strongest and lightest materials found on this planet, Armor Express's plate selection offers modularity, protection, and size options for any threat you may encounter.

- Level III - Tested to stop six rounds of 7.62 mm FMJ, steel jacketed bullets (M80) at a velocity of 847 m/s ± 9.1 m/s (2780 ft/s ± 30 ft/s)
- Level IV - Tested to stop one round of .30 M2 AP (armor-piercing) at 878 m/s ± 9.1 m/s (2880 ft/s ± 30 ft/s) for NIJ 0101.06

CONCEALABLE CARRIERS

HIDDEN DEFENDER

The Hidden Defender concealable armor system is a slim, low-profile ballistic protection option that is virtually undetectable when worn under clothing. The ultra-concealed design is a perfect option for undercover agents or executive protection details.

FEATURES

- Slim, low-profile design makes it virtually undetectable
- Low show through in key imprint zones
- Armor cut to protect vitals while minimizing weight
- Armor designed and tested to meet the National Institute of Justice (NIJ) ballistic testing requirements
- Superior thermal management utilizing Tweave® fabric technology
- Designed for all-day wear, featuring our Razor II lightweight armor system and a soft, moisture-wicking carrier material
- Side-open zipper for easy donning and doffing
- Machine washable carrier
- Gender neutral design

T-SHIRT ARMOR CARRIER

The T-Shirt Armor Carrier offers superior concealment through its low-profile architecture. The shirt is constructed using a moisture-wicking, anti-microbial Polyester/Spandex fabric, lined with a mesh pocket to hold the armor panels. The panels are inserted using a zipper opening for simplistic installation. There is an internal elastic waistband to ensure proper overlap and stability of the panels. The front of the shirt has a 5" x 8" plate pocket for inserts.

FEATURES

- Polyester/spandex fabric with moisture-wicking anti-microbial properties
- Interior suspension system prevents sagging of the armor panels
- Internal waistband
- Front 5" x 8" plate pocket accommodates inserts for added protection
- Machine washable carrier
- Gender neutral design

SKU: TSHIRTBRV

PLATES & CARRIERS

REVOLUTION

The Revolution is among our most popular concealable vests. It utilizes a microfiber nylon for its exterior shell material that is water-repellent and antistatic treated. The standard Revolution carrier inner lining consists of a moisture-wicking, anti-microbial material that provides evaporative cooling. Available in BRAVO configuration.

FEATURES

- Durable and lightweight microfiber outer shell
- Moisture-wicking, anti-microbial inner lining
- Low-profile padded shoulders
- Interior suspension system prevents sagging of the armor panels
- Front 5" x 8" and 7" x 9"/7" x 10" plate pocket accommodates inserts for added protection (male) or 5" x 7" (female)
- Patented Easy Grip Side Straps®
- Fitted female carrier also available

EQUINOX GC

The Equinox GC is AE's traditional polycotton carrier system. This carrier also features a moisture-wicking, anti-microbial inner liner. The Equinox GC is sized to specifically fit your Armor Express custom BRAVO armor panels.

FEATURES

- Polycotton outer shell
- Moisture-wicking, anti-microbial mesh lining
- Interior suspension system prevents sagging of the armor panels
- Front 5" x 8" and 7" x 9"/7" x 10" plate pockets accommodate inserts for added protection (male) or 5" x 7"/5" x 8" (female)

OVERT CARRIERS

HARD CORE H3

The Hard Core H3 exhibits robust utility, yet it maintains a lightweight, aggressive architecture. The H3 features adjustable shoulders and waist. Uses BRAVO cut panels for enhanced coverage.

FEATURES

- Quad Ventilation Liner (QVL) system
- Advanced Shoulder Pads (ASP) with routing channel
- Fully adjustable, streamlined shoulder strap system
- Eyelet badge attachment point
- Upper admin pocket
- ID placard attachment points
- Top loading exterior accessible front and rear rifle plate pockets
- Front kangaroo pouch
- Ambidextrous utility pockets
- Adjustable cummerbund with pull tabs, soft armor pockets, and comfort stretch
- Reinforced drag strap

PLATES & CARRIERS

HARD CORE FE

Built upon input, it is the first carrier of its kind to safely address a one-size-fits-most application with consideration of comfort, movement and ballistic protection. The Hard Core FE can be quickly equipped with rifle plates via its top-loading external plate pockets. It is designed to protect personnel during an Active Shooter or Hostile Event Response. The Hard Core FE offers ballistic protection without sacrificing mobility and versatility. The carrier is adaptable to meet the needs of your team's life-saving missions. The Hard Core FE is now available in MOLLE, Slick, as well as MOLLE/Slick reflective material (Range Red, Black, LAPD Navy, Coyote only) configuration.

FEATURES

- An effective ballistic protection vest designed for shared use
- Extended cummerbund offers 10" of adjustment per size
- Top loading, exterior accessible front and rear rifle plate pockets
- Easy donning via multi-point fit adjustment system
- Eyelet badge attachment point
- Padded shoulders and dual radio microphone tabs
- Shears/knife/flashlight pocket
- Integrated triple box stitched drag strap

TRAVERSE

The Traverse is an overt patrol vest that features a front zippered opening system. It now offers the following configurations: Slick, MOLLE, or Half-MOLLE (no MOLLE on chest pockets) and is available in a BRAVO configuration.

FEATURES

- Loop and eyelet badge 3" x 3" attachment point
- Front zip-side opening design
- Heavy duty outer shell
- Front and rear hard armor plate pockets accommodate rifle plate protection
- Mesh in key friction zones
- Zipper cover with camera mount
- Wire routing ports
- Zippered Napoleon chest pocket
- Ambidextrous utility pockets
- Adjustable shoulders with mic tabs
- Rear adjustable cummerbund with comfort stretch
- Reinforced drag handle

LCPC ASR

Where simplicity and high speed meet. The Laser Cut Plate Carrier for Active Shooter Response (LCPC ASR) is designed to fit most hard armor plates and soft ballistic plate backers. Whether you need certified ICW or Lo Vis special threat hard armor, this plate carrier will fit your need. The LCPC ASR gives the operator a lightweight laser cut platform made with today's newest and strongest materials. Patrol, Task Force, or Close Protection Detail, the LCPC ASR has you covered.

OPTIONS/ACCESSORIES

- Removable sling catch
- Various deltoid protection options

FEATURES

- Laser cut attachment platform
- Reinforced drag handle
- Front and back ID attachment points
- Four point adjustment system with quick adjust side release buckle system
- Upgraded Advanced Shoulder Pad (UASP) system featuring 3D foam technology
- Bottom loading rifle plate pockets accommodates 8" x 10" or 10" x 12" Shooter Cut Plates
- Accepts soft ballistic plate backers

SKU: LCPC

ASR FACTION

The Active Shooter Response (ASR) Faction is a one-size-fits most plate carrier with an unsurpassed range of adjustment. It is a cost-effective tool to address large or small agencies looking for a plate carrier that fits most common sized hard armor rifle plates, along with the widest range of body types.

OPTIONS/ACCESSORIES

- Optional removable sling catch
- Optional ballistic structured deltoid protectors
- Optional Hard Armor Shoulder Plates (HASP)
- Optional Upgraded Advanced Shoulder Pad (UASP) with 3D foam technology

FEATURES

- Front and rear rifle plate pockets
- MOLLE webbing platform on front and back for complete customization
- Adjustable shoulder straps to ensure proper fit
- Generous length side straps, adjustable with buckles for rapid donning/doffing
- Front and back hook and loop ID placard attachment points
- One size fits most

RAVEN 2.0

The Raven 2.0 is a modular tactical entry vest with Integrated thermal management technology aggressive architecture.

OPTIONS/ACCESSORIES

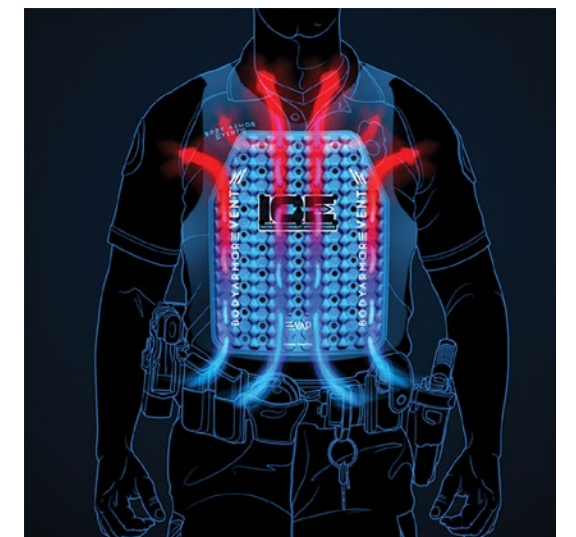

- Hook & loop MOLLE speed grid accessory
- Mule backpack accessory
- Updated Advanced Shoulder Pad (UASP) System featuring 3D foam technology
- Ballistic shoulder pad inserts
- Various deltoid protection options
- NextGen ballistic yoke, throat and Upgraded Advanced Shoulder Pad (UASP) system featuring 3D foam technology
- NextGen ballistic groin protector
- Cummerbund soft armor inserts
- Side Plate Pouch (SPP) for side rifle plate protection
- Zipper admin pouch accessory
- Peraflex system pouches for kangaroo pouch

FEATURES

- Front and rear integrated I.C.E.™ ventilation system with EVAP Technology™ by Body Armor Vent®
- MNAV ballistic cut
- 360 degree raschel mesh construction
- Fully adjustable, streamlined shoulder strap system
- Advanced Shoulder Pads (ASP) with routing channel
- Mic tabs
- ID placard attachment points front and back
- Top loading, exterior accessible front and rear plate pockets
- Communication wire ports
- FirstSpear™ Tubes® cummerbund
- Front kangaroo pouch
- Reinforced drag strap

TORC

The Tactical Operations Response Carrier (TORC) is a multipurpose plate carrier system designed to meet the demands of today's Law Enforcement Operations & Tactical Teams. Its advanced design, ergonomic fit and low-profile architecture, all contribute to a true modular tactical body armor system. Both task force and tactical teams will benefit from this vest's scalability. Designed with utility in mind, the TORC offers plate carrier simplicity with options for ballistic protection add-ons.

OPTIONS/ACCESSORIES

- Ballistic yoke/collar assembly with throat and retractable nape protector
- Ballistic structured deltoid protectors
- Ballistic groin protector (enhanced or standard)
- Ballistic lower abdomen protector
- Ballistic lower back protector
- Ballistic shoulder pad inserts
- Zipper admin pouch accessory
- Peraflex system pouches for kangaroo and cummerbund
- Cobra® and Tubes® dynamic cummerbund upgrades
- Laser cut Hard Armor Shoulder Plates (HASP)

FEATURES

- Standard or quick release platform
- Hydration/communication tunnel on shoulder straps
- Removable D-ring attachments
- Ballistic dynamic cummerbund with pockets
- Soft armor cummerbund pockets
- Dynamic cummerbund grip tabs
- Spacer mesh lining
- Admin/document pouch
- Front kangaroo pouch
- Non-skid shoulder weapon mount
- ID placard attachment points
- Reinforced drag strap
- Removable sling catch
- Utilizes alpha sizing system
- Bottom loading front and rear rifle plate pockets, with expandable 4-way stretch

CUSTOMIZABLE OUTER CARRIERS

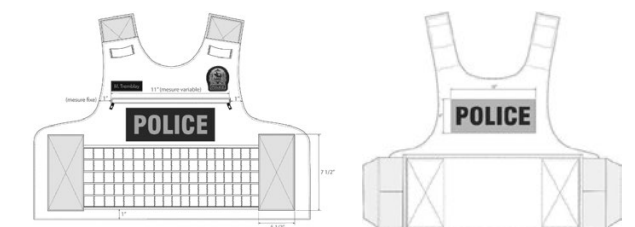

Our team of experienced designer and end users can sit down with your committee and make suggestions on past experiences in order to find the perfect balance between functionality, comfort and production cost.

We often suggest working off an existing mass production model from one of our manufacturers and making personal modifications from that. This saves time and money from a full custom production.

Contact us for a private and personalized presentation to your agency.

MAXX-DRI VEST 3.0 BODY ARMOR VENTILATION

The Maxx-Dri Vest 3.0 creates full 360 degree separation (space) between your body and your armor vest, allowing heat and moisture (perspiration) to escape. This keeps you drier and cooler in the heat, warmer and drier in the cold, more focused and safer.

The design structure of the Maxx-Dri Vest also helps evenly distribute the weight of your body armor vest, creating an anti-gravity effect which makes it feel lighter and more comfortable on your body.

The Maxx-Dri Vest 3.0 provides you with the best body armor vest ventilation and comfort. An investment with benefits you'll realize throughout your entire career!

SKU: MAXX-DRI-3

FEATURES

- Patented full Maxx-Dri construction (maximum body armor ventilation)
- Patented dual-chambered design for increased cooling/ventilation
- Velcro side closures for easy donning and doffing
- Stay-put grip technology prevents your Maxx-Dri vest from shifting
- Triple reinforced stitching for maximum strength and durability
- Lifetime warranty against manufacturer defects (does not include wear)
- Full 360° coverage everywhere your body armor rests
- Velcro shoulder straps allow you to keep it secured to your body armor
- Anti-microbial and anti-fungal
- Does not retain moisture
- Anti-gravity effect helps reduce neck/back pain and fatigue
- A decrease in the likelihood of developing dangerous skin rashes and infections
- A less stinky under shirt and a less sweat-soaked body armor carrier to bring home to launder
- An overall feeling of comfort by having your ballistic vest feel lighter on your body
- N.T.O.A. member tested and recommended
- Available sizes: XS/S, S/M, M/L, XL/2XL, 3XL/4XL

PLATES & CARRIERS

THE MAXX-DRI VESTS KEEP YOU DRIER AND COOLER DURING SUMMER, DRIER AND WARMER DURING WINTER!

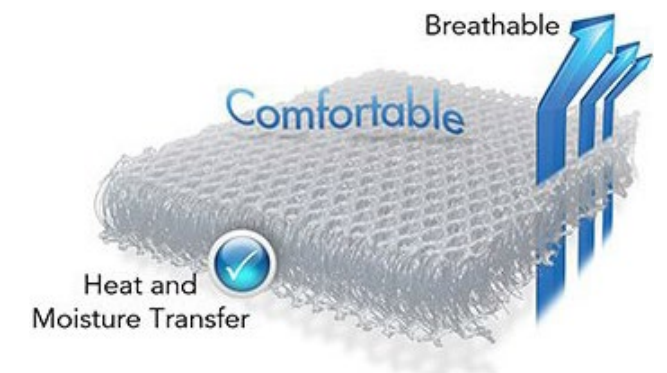

MAXX-DRI VEST 2.0 BODY ARMOR VENTILATION

FEATURES

- Increased air flow for fast evaporation of moisture beneath your ballistic vest
- Maximum body armor ventilation
- Full coverage everywhere your body armor rests
- A drier tee-shirt or undershirt
- A decrease in the likelihood of developing skin rashes and infections
- A less stinky under shirt and a less sweat-soaked body armor carrier to bring home to launder
- Reduced possibility of becoming dehydrated
- Reduction in feeling fatigued
- Less strain on your shoulders and neck because of Maxx-Dri's cushioning properties
- An overall feeling of comfort by having your ballistic vest feel less heavy on your body
- Available sizes: XS, S, M, L, XL, 2XL, 3XL

ARMORSOURCE AS-200 BALLISTIC HELMET

The ArmorSource AS-200 Ballistic Helmet is the most affordable ACH/MICH Shape NIJ Level IIIA protection helmet on the market today. Offering proven fragmentation protection capabilities matched by our dedication to trim unwanted weight, the AS-200 is adaptable for use with all ArmorSource accessories, rails and shrouds and is relied on today by the U.S. Military and other military organizations worldwide.

AVAILABLE PACKAGES

- Package #1: W/R2 retention system + P2 7-pad set
- Package #2: W/R3 Team Wendy CAM FIT retention system + P7 D30 7-pad set + Color-matching ASR universal side rails
- Package #3: W/R3 Team Wendy CAM FIT retention system + P9 D30 9-pad set + ASR universal side rails (black) + W3 Wilcox 3pt NVG shroud (black)

OPTIONS/ACCESSORIES

- Universal side rails
- NVG mount
- Operational loop system
- Strap extenders
- Visor/goggles
- Communications/ear protection
- Gas mask

FEATURES

- NIJ Level IIIA
- Fragmentation protection
- BFD/trauma
- Shock absorption
- Resistance for penetration

Weight 2.7 - 2.98 lbs.

MID-CUT

SKU: ACH-MICH MIL-(BF)-(SIZE)-(COLOR)

SRS BUMP HELMET

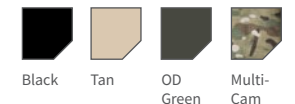

PROTECTION

United Shield offers standard bump protection against blunt impact. The SRS bump provides excellent shock and impact attenuation

SIZE AND WEIGHT

Small, Medium, Large and Extra Large
Weight 1 - 1.1 lbs.

SKU: SRS-BUMP-BOA-(SIZE)-(COLOR)

HELMET ACCESSORIES

HELMET BAG

The United Shield International helmet bag is designed to protect and fit all of their helmets and face shields. The bag is made of nylon with a foam interior for added protection. This bag is available in black and is one size fits all.

SKU: H-BAG

UNIVERSAL NVG MOUNT

The United Shield International Universal NVG (night vision goggle) mount is constructed with a standard 3-hole pattern with the ability to be attached to any of their helmets. The mount is formed to fit any ACH style helmet.

SKU: IC-NVG-(COLOR)

ARC RAILS

The United Shield International ARC Rails are made of glass reinforced nylon and are shaped to fit the Spec Ops and ACH/MICH (Med. and Large) helmets that have been drilled to the ACH specification. The rails come fitted with a slide adapter for mounting equipment.

SKU: ARC-RAIL-(COLOR)

RIOT FACE SHIELD WITH RAIL ADAPTER

The United Shield International riot face shield with rail adapter is used to provide protection from impact, splash and fragments. It is designed to fit all of their helmets with ARC or picatinny rails. This includes their ballistic and bump helmets.

SKU: SOD-RFS-RAIL

BALLISTIC FACE SHIELD - LEVEL IIIA

United Shield International offers the level IIIA ballistic face shield to provide IIIA protection, including 9 mm and .44 mag. This face shield is used in conjunction with and ACH/Mich and PASGT/PST SC650 style helmet and is available in a retro fit application to the helmet.

SKU: RFFS-III-A

BALLISTIC SHIELDS

M1 24" x 36" with optional viewport and LED light system handle

M1 18" x 30" with optional viewport

M1 BALLISTIC SHIELD

The M1 is the future of Level IIIA ballistic shields. Hybrid ballistic technology minimizes weight while increasing protection. The shape of the M1 gives the user greater coverage, while allowing for multiple shooting platforms with handgun or long gun. Keeping the weight down allows operators to engage threats and obstacles with less fatigue. The rear of the M1 is covered in loop, allowing for operators to place mirrors, entry tools and other necessary equipment at arm's reach, while still being able to remain behind the protection of the shield.

FEATURES

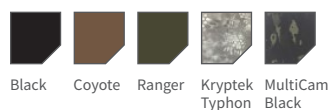

- Black Textured Nylon Face/Hook & Loop Body
- 5" x 11" Viewport
- Hybrid Composite Ballistic Construction
- Ambidextrous Straight Bar Handle
- Durable Edge Wrap Protection
- High Strength Forearm Strap
- Closed Cell Ambidextrous Foam Forearm Pad

OPTIONS/ACCESSORIES

- 1200 lumen Fox Fury LED Light System with strobe integrated handle – 1.1 lbs.
- Elzetta tridextrous handle with or without 1000 lumen light
- Elzetta horizontal handle with or without 1000 lumen light
- Agency ID placard – 3" x 9"
- Corbond ID label
- Carry bag

SKU: SHM1

BALLISTIC SHIELDS

S1 BALLISTIC SHIELD

The S1 is far from your standard Level IIIA ballistic shield. Like the M1, the S1 utilizes the same hybrid ballistics which minimize weight while increasing protection. The time-tested, rectangular shape has been the standard for providing max coverage for the operator. The rear of the S1 is covered in loop, allowing for operators to place mirrors, entry tools, and other equipment within arm's reach, while maintaining the protection of the S1.

FEATURES

- Black Textured Nylon Face/Hook & Loop Body
- 5" x 11" Viewport
- Hybrid Composite Ballistic Construction
- Ambidextrous Straight Bar Handle
- Durable Edge Wrap Protection
- High Strength Forearm Strap
- Closed Cell Ambidextrous Foam Forearm Pad

OPTIONS/ACCESSORIES

- 1100 lumen Fox Fury LED Light System with strobe integrated handle – 1.1 lbs.
- Elzetta tridextrous handle with or without 1000 lumen light
- Elzetta horizontal handle with or without 1000 lumen light
- Removable agency ID placard
- Corbond ID label
- Carry bag

LIGHTHAWK R1

The R1 is the new standard in lightweight rifle-rated Level III ballistic shield. Utilizing hybrid ballistic technology which minimizes weight while increasing protection, the operators now have rifle protection at their fingertips. The R1 comes in two sizes to fit the needs of today's operators. Whether deploying from a squad car, armored vehicle, or raid van, the R1 is your go-to, mobile rifle-threat protection for highly volatile situations. The shape of the R1 gives the user a lightweight, ambidextrous, covered platform allowing for the use of either a handgun or long gun. The reduced weight of the R1 allows operators to engage threats and obstacles with less fatigue and greater success.

FEATURES

- Black Textured Nylon Face
- Hybrid Composite Ballistic Construction
- Ambidextrous Straight Bar Handle
- Durable Edge Wrap Protection
- High Strength Forearm Strap
- Closed cell Ambidextrous Foam Forearm Pad
- NIJ 0108.01 Rated III

BALLISTIC SHIELDS

BAKER BALLISTICS

THE REAPER™ SHIELD SUPPORT BY

THE COMBINATION OF THE MRAPS® RIFLE RATED SHIELD SUPPORTED BY THE REAPER™ EXOSKELETON GRANTS TACTICAL PERSONNEL BALLISTIC PROTECTION DURING SHORT OR LONG-TERM MISSIONS WITHOUT FATIGUE IN LOCATIONS WHERE TRADITIONAL HEAVY MOBILE RIFLE PROTECTIVE ARMOR SYSTEMS (VEHICLES AND WHEELED SHIELDS) WOULD BE IMPOSSIBLE TO OPERATE.

THE REAPER™ EXOSKELETON SUPPORT SYSTEM

WEIGHTLESS SUSPENSION

The Reaper™ is not a reel, but rather an advanced zero gravity “weightless” component permitting the user to position the shield and weapon combination wherever / whenever desired for extremely accurate delivery of firepower while protected behind a multi-hit rifle rated ballistic shield.

ELIMINATE FATIGUE

There is a limited period of time that even the strongest person can support a ballistic shield in front of their body. Exponentially quicker fatigue occurs as the weight of the shield platform increases. As fatigue of a muscular group occurs, so does the steady control of the weapon and shield, adversely degrading shooting accuracy, operational endurance and margins of safety.

ACCURACY AND MOBILITY

The Reaper™ exoskeleton support system minimizes muscular engagement of the users’ forearms, biceps and shoulders, transferring the weight of the shield and loaded weapon onto the hips and torso - significantly increasing mobility, endurance, accurate delivery of firepower, and mission success.

- Individual shield or shield and weapon support
- Supports the weight of up to level IV ballistic shield, allowing the operator to utilize a rifle or sidearm
- Increased efficiency and endurance
- Load transfer from arms and shoulders to torso and hips
- Quick release system if shield no longer required
- Carry higher levels of protective shields without increased load on arms
- Allows operator 360° maneuverability
- Allows for reload behind the shield (shield dependent)
- Hold shield in position for extended periods of time

BALLISTIC SHIELDS

BAKER BALLISTICS

EACH MODEL OF BAKER BATSHIELD® PATENTED BALLISTIC SHIELDS ARE COMPRISED OF THREE SEPARATE PROPRIETARY HARD COMPOSITE NIJ LEVEL IIIA ARMOR PANELS. COMPACT WHEN FOLDED AND PRESENTING A COMMANDING APPEARANCE UPON OPENING, THE THREE OVERLAPPING MULTI-CURVED ARMOR PANELS PROVIDE PROTECTIVE WRAP-AROUND BALLISTIC COVER TO THE ARMED RESPONDER ON THE MOVE.

*MEASUREMENTS ACROSS OUTSIDE CURVED SURFACE

*MEASUREMENTS ACROSS OUTSIDE CURVED SURFACE

*MEASUREMENTS ACROSS OUTSIDE CURVED SURFACE

PATROLBAT™

OUR MOST POPULAR MODEL OF BAKER BATSHIELD

Designed to protect solo responders to an active shooter. The PatrolBat is the smallest sized model of Baker Batshield. Manufactured using proprietary Aramid Reinforced Composite (ARC) armor panels, the PatrolBat offers budget-strapped agencies low acquisition costs without sacrificing performance.

Total Weight	13.5 lbs. (6 kg)
Total Ballistic Coverage	5.4 ft ² (0.51 m ²)
Ballistic Components	Proprietary Aramid Reinforced Composite (ARC) armor panels (3)
Support/Trauma Reduction Hardware	Aluminum, Kevlar®, advanced heat-treated metal alloy, closed-cell foam
Threat Level	NIJ Level IIIA

SeatPak/Carry Bag not included

SKU: PB-100-01

RESPONDERBAT™

MORE PROTECTION, LIGHTER WEIGHT

Ideal for patrol or tactical use. The ResponderBat is the lightest weight Baker Batshield. The ballistic component is 100% polyethylene composite – the world's lightest weight hard armor material. The ResponderBat is the personal favorite of inventor and ballistic shield expert, Al Baker.

Total Weight	11 lbs. (4.9 kg)
Total Ballistic Coverage	6.2 ft ² (0.58 m ²)
Ballistic Components	Proprietary polyethylene composite armor panels (3)
Support/Trauma Reduction Hardware	Aluminum, Kevlar®, advanced heat-treated metal alloy, closed-cell foam
Threat Level	NIJ Level IIIA

Carry Bag included

SKU: BBS-001-C

TACTICALBAT™

THE LARGEST BAKER BATSHIELD

Designed specifically to give the “high-speed” option to tactical operators tasked with a hostage rescue or neutralization of an active shooter(s). The armored component is 100% polyethylene composite – the world's lightest weight hard armor material.

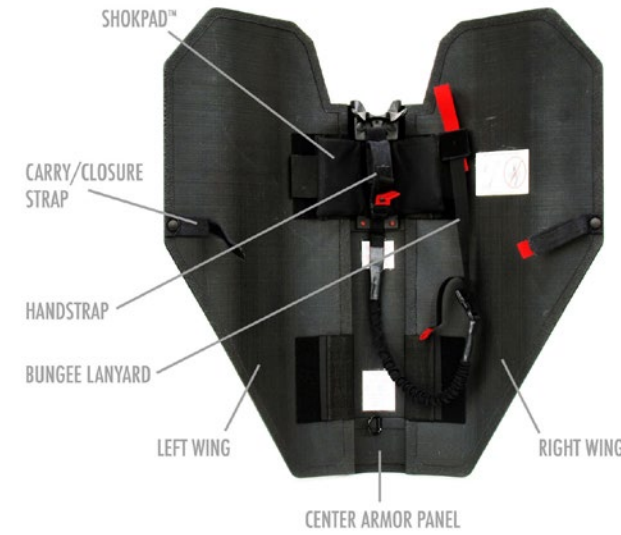

Total Weight	13.2 lbs. (5.9 kg)
Total Ballistic Coverage	7.7 ft ² (0.72 m ²)
Ballistic Components	Proprietary polyethylene composite armor panels (3)
Support/Trauma Reduction Hardware	Aluminum, Kevlar®, advanced heat-treated metal alloy, closed-cell foam
Threat Level	NIJ Level IIIA

Carry Bag included

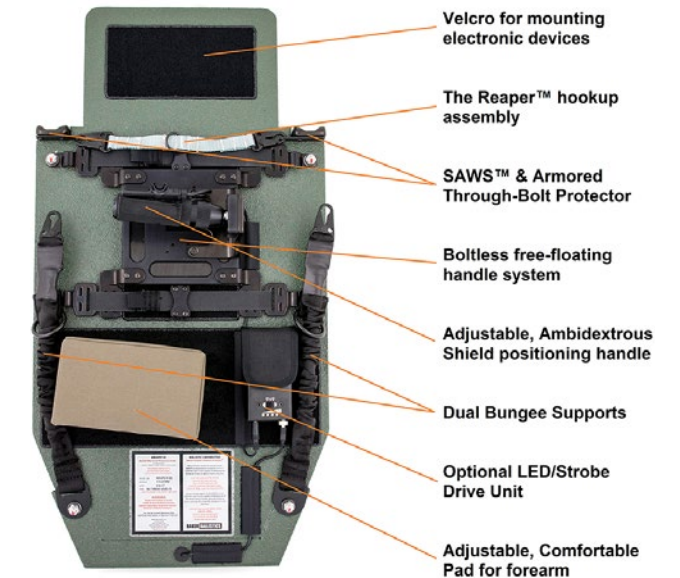

SKU: BBS-001-F

MRAPS® BACK VIEW MRAPS®-IV Back view

ACCESSORIES

LED LIGHTING

The Baker Ballistics LED lighting system features a remote control activation switch accessed by an adjustable on/off and momentary ribbon switch anatomically located on the adjustable angle handle. Lightweight and durable stress relief coverings securely attach all wiring to the surfaces of the shield to eliminate wire snagging and breakage.

Batshield® LED Lighting	SKU: LED-200-6L
MRAPS® LED Lighting	SKU: M-LED-200-6L

SEATPAK™

The SeatPak™ is a fabric restraint system that utilizes the front passenger seatbelt/shoulder strap inertia reel to secure a folded PatrolBat™ to the seat, parallel with the door.

SKU: SP-100-PB

THERMAL KIT

In addition to technological advantages such as photos, videos, communications and thermal readings, tablets can act as a view port. Works in pair with Seek Thermal/FLIR adapter. Who needs bulky view ports when technology can optimize your efficiency?

Seek Compact - iPhone	SKU: LW-AAA
Seek Compact - Android	SKU: UW-AAA

BALLISTIC SHIELDS

LEVEL IIIA SHIELD

The United Shield range of NIJ Level IIIA ballistic shields incorporates the latest materials, technology, lightweight design and a handle system that has been ergonomically refined over a number of years. They provide tactical firearms teams with protection against ballistic and fragmentation threats. The shields are available in a standard range of sizes and protection levels, which are listed below with equivalent weights.

OPTIONS

- Medium, large and grande sizes have different window size options
- LED lights can be fixed to the top or center of the shield
- A carry bag can also be purchased for each shield size
- Further options include rigid handles, cut out weapon rests and collapsible shields
- All handle options available
- Custom sizes are also available upon request

Micra - 18" x 26" (6.2 lbs.) no Viewport	SKU: 18X26-IIIa
Small - 20" x 34" (12.8 lbs.) with Viewport	SKU: 20X34-IIIa

BALLISTIC SHIELDS

E.R.T. SHIELD – LEVEL IIIA

FEATURES

- Multi-function dual sided shooting platforms, allows for weapons or arm support.
- Ambidextrous tri-support handle that allows for left hand/right hand and vertical grip.
- Adjustable arm supports that allow for greater control and support of the shield.
- View Port 4" x 10" level IIIA
- Increased head coverage

OPTIONS

- The shield is available in NIJ Level IIIA
- Standard LED Lighting system is available
- Various signs (Police/Sheriff) and carry bags are available
- The standard color is Carbon Fiber, however other colors and finishes are available by special order

ERT Micra - 18" x 30" (12.6 lbs.)	SKU: ERT-IIIa-MICRA
ERT Standard - 24" x 36" (15.5 lbs.)	SKU: ERT-IIIa-STD
ERT Large - 24" x 48" (19.5 lbs.)	SKU: ERT-IIIa-LGE

ASSAULT SHIELD – LEVEL IIIA

United Shield International introduces the latest design in tactical shields to their multi-functional shield line. The shield has been designed in close collaboration with tactical operators, to provide maximum protection, while still offering market leading ballistics and weight. The shield is fit standard with the USI exclusive Assault NY trip grip handle to offer increased stability for the shield user. The shield can also be integrated with a 900 lumen LED light, that connects directly to the handle system, which houses the batteries.

OPTIONS

- The shield is available in NIJ Level IIIA and is special threat tested
- Assault LED Lighting system is available
- Various signs available (Police/Sheriff) as well as the USI level III+ upgrade
- The standard color is black, however other colors and finishes are available by special order

Assault - 24" x 40" (18.25 lbs.)	SKU: ASSAULT-IIIa

BALLISTIC SHIELDS

LEVEL IV SHIELD - WITH TROLLEY

The United Shield Level IV ballistic shield is a mobile high protection shield which provides multi strike protection from armour piercing rounds, and all lesser ballistic threats. The shield is flat and is constructed from alumina oxide ceramic tiles mounted on a rigid matrix aramid backing, it weighs 72 lbs. The trolley provides a stable and highly manoeuvrable platform capable of smooth cornering, and rough terrain movement. The shield has a ballistic protection level of NIJ IV.

OPTIONS

- A ballistic window can be fitted to the shield, and weapon cut outs are available
- A halogen lighting system with battery pack and re-charging kit can be fitted to the shield
- Signage can also be fitted to the face of the shield
- The standard color for the shield and trolley is black, but other colors are available on request
- Trolley sold separately

Small IV - 20" x 34" (60 lbs.) with Viewport

Standard IV - 24" x 36" (72 lbs.) with Viewport

Large IV - 24" x 48" (95 lbs.) with Viewport

SKU:	20X34-IV-WVP
SKU:	24X36-IV-WVP
SKU:	24X48-IV-WVP

SPARTAN SST SHIELD

United Shield International introduces the latest technology breakthrough in lightweight ballistic protection, SPARTAN SST. This unit provides the platform to manufacture shields at unparalleled weights. Competitive technologies produce shields that weigh 50% - 65% more than SPARTAN SST Shields. Available in the sizes below:

- Small - 20" x 34" (10 lbs.)
- Standard - 24" x 36" (13.2 lbs.)
- E.R.T. - 24" x 36" (12.2 lbs.)
- Police Tactical - 16" x 20" (2.5 lbs.)
- Kent - 22" x 32" (4.9 lbs.)

Spartan SST shields come with a carbon fiber finish which adds rigidity to the shield. The shields also have the ability to be dipped for Multicam, Kryptek, ACU and other custom finishes.

Spartan SST shields require specific storage instructions beyond standard use and care. Shield cannot be stored in places where the temperature can exceed 165 °F as this may temporarily affect the structural rigidity and shape of the shield, and in direct sunlight or in extremely hot environments.

LEVEL IIIA SHIELD SPECIAL THREAT PERFORMANCE

- 9 mm + P+, 127 grain Supreme Expansion Technology (SXT) projectiles
 - .357 SIG 115 grain Jacketed Hollow Point (JHP) projectiles
 - .357 SIG 125 grain Gold Dot Hollow Point (GDHP) projectiles
 - .40 cal., 95 grain Agulia projectiles
 - 9 mm Focchi, 115 grain FMJ projectiles
 - 5.72 x 28 mm 40 grain Hornady V-Max (Blue Tip) projectiles
- 5.7 x 28 mm 27 grain SS195 Lead free Hollow Point (LFHP) projectiles
 - 7.62 x 25 mm, 95 grain TOKAREV FMJ projectiles

BALLISTIC SHIELDS

SHIELD ACCESSORIES

ASSAULT LED LIGHT

The United Shield International standard LED light, manufactured by Fox Fury, is a light system that is offered in 900 lumens. With the light offering 15° of spread, the assault LED light is a market leading light for output and design. The batteries for the light are contained within the USI exclusive Tri-Grip style handle. The handle offers one push button built into the handle and a optional pressure switch is also available. The end user has the option of temporary on, solid on or turbo strobe.

TACTICAL SOFTSHELL JACKET

The BLACKHAWK!® waterproof Tactical Softshell Jacket features a fully waterproof, breathable barrier with Teflon® Shield+ that repels oil, water and stains. 2-way side seam zippers provide quick access when carrying a concealed firearm. It comes with an interior pocket package capable of carrying all mission necessities. This jacket is a flexible and dependable garment that you can rely on in any weather condition, while resisting tears and cuts. Gusseted underarms keep you moving freely and a vented back yoke provides excellent breathability. Triple needle stitching and bar tacks deliver reinforcement needed under stressful wear and tear, and multi-purpose pockets, including 2 hidden document pockets, provide room for all the extras.

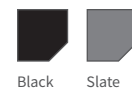

- 4-way stretch fabric
- Waterproof and breathable
- YKK Aquaguard zippers
- Teflon® Shield+ protected
- Adjustable storm cuffs and hood
- Sunglass loop

SHIRTS & PANTS

PHANTOM LT SHIRT

Experience the best in uniform performance with the Vertex® Phantom LT shirt. Delivered as a complement to the Phantom LT pants, this functional shirt is enhanced with Lycra® knit side panels to provide cool, stretchable comfort during the hottest of days. Lightweight, mini rip-stop fabric resists tears without added bulk for durability through the toughest of situations.

- 65% polyester/35% cotton, mini ripstop; side panels: 92% nylon/8% Lycra® (5 oz.)
- Vented back yoke on outside with mesh facing inside keeps wearers cool, dry and comfortable
- Faux buttons on pockets maintain a professional look while Velcro® closures allow for easy access
- Convenient vertical map pockets with Velcro® closure provide storage for important documents
- Lycra® stretch side panel leads into shoulder for ultimate mobility
- Sizes: S - 5XL

GUARDIAN SHIRT

The Guardian short & long sleeve shirts feature a semicompression underlayer from the lower chest to the waist, constructed with VaporCore™, powered by 37.5° technology, designed to comfortably conceal and allow fluid access to firearms without chafing the skin.

- Comms loop on the inside of back collar and wire pass-throughs in front and back of underlayer
- No-roll collar for consistent, clean look
- Modern, low-profile design for blending into any environment
- Underarm gusset for freedom of movement
- Pull over design for easy donning
- Wrinkle-resistant
- Low-profile snap button closures
- Constructed for ease of clearing and drawing a concealed firearm
- Hidden body-side front placket pockets for weights or loading E&E tools
- Sizes: S - 2XL

LOOKOUT

- Durable, waterproof, polishable leather upper with ripstop ballistic nylon (excepts 23826)
- Durable, waterproof, polishable leather upper (23826)
- Anatomical design and broader toe box for a more responsive fit
- Danner® Dry waterproof protection
- Thinsulate™ Ultra Insulation (23827)
- Semi-locking side-zip (23824, 23826)
- Patented dual-density footbed for cushioning and underfoot air circulation, with an Airthotic® heel clip for support
- Nylon shank
- Danner® Comfort System platform offers superior comfort, support and durability
- Danner® Lookout slip-resistant outsole with low pentagonal lug pattern offers superior traction and maneuverability
- Non-metallic toe meets or exceeds ASTM F2413-18 I/75 C/75 EH (23821, 23826)
- Lookout series features a Danner® Dry waterproof liner, which has been tested for body fluid borne pathogen resistance and meets or exceeds ASTM F1671-18 standards
- Puncture-resistant midsole CSA certified to -2195 (23826)

CSA OSHAWA+ 8" WATERPROOF

- Full-grain waterproof leather upper (1026792)
- Nubuck waterproof leather upper (1022107)
- Oil-and-slip-resistant non-marking rubber outsole
- Compression molded EVA midsole for comfort
- Mesh and moisture-wicking textile lining
- Removable metatomical PU footbed
- Left and right asymmetrical, non-metallic carbon-fiber toes offer unobtrusive fit and are 15% lighter than steel
- KEEN.Dry waterproof, breathable membrane
- Electrical Hazard (EH) or Electric Shock Resistant (ESR) footwear provides a secondary source of protection incase accidentally coming into contact with live electrical circuits
- KEEN.Polar Traction: Micro-glass fibers create a "micro cleat" effect for increased ice traction (1026792)
- Heat resistant, rubber outsole rated up to 572°F/300°C (1022107)
- ASTM/CSA-certified, non-metallic, flexible woven-textile puncture-resistant midsole plate for underfoot protection
- 90° heel (5/8" Height) provides stability and helps "catch or lock" the foot in place
- 100% non-metallic construction for easily passing through metal detectors in highly-secured areas
- Nylon shank for midfoot support
- Cleansport NXT Technology for natural odor protection (1026792)
- Environmentally preferred premium leather from LWG-Certified Tannery (1026792)
- KEEN.ReGEN: A lightweight, compression-resisting midsole providing 50% more energy return than standard EVA foam (1022107)
- Contoured heel lock helps "lock" is anatomically shaped, "locking" it in place and reducing heel slip (1022107)

CSA Oshawa+ 8" Waterproof

SKU: 1026792

CSA Oshawa+ 8" Side-Zip Waterproof

SKU: 1022107

CSA OSHAWA 8"

- Waterproof nubuck leather upper
- Oil-and-slip-resistant non-marking rubber outsole
- Dual-density compression molded EVA midsole
- Moisture-wicking textile lining
- Removable, metatomical dual-density EVA footbed
- KEEN.Dry waterproof, breathable membrane
- Left and right asymmetrical steel toe
- CSA-certified, non-metallic, puncture-resistant midsole plate
- Torsional Stability Shank (TSS) for midfoot support
- Cleansport NXT™ for natural odor control
- Meets ASTM F2412-11 and F2413-11 I/75 C/75 EH standards
- Meets CSA Z195-09 Grade 1 standards for protection

SKU: 1012767

MEN'S DETROIT 8" WATERPROOF

- Waterproof leather upper
- Oil-and-slip-resistant non-marking rubber outsole
- Compression molded EVA midsole
- Hydrophobic/hydrophilic 2-zone comfort lining
- Removable, metatomical dual-density EVA footbed
- KEEN.Dry waterproof breathable membrane
- Lining with hydrophobic/hydrophilic 2-zone comfort technology
- Meets or exceeds ASTM F2892-11 EH Standards
- Torsional Stability Shank (TSS)

SKU: 1008314

CSA ROCKFORD 8" WATERPROOF

- Waterproof leather upper
- Oil-and-slip-resistant non-marking rubber outsole
- Compression molded EVA midsole for comfort
- Mesh and moisture-wicking textile
- Removable metatomical PU footbed
- Left and right asymmetrical, non-metallic composite toes
- KEEN.Dry waterproof, breathable membrane
- Electric Shock Resistant (ESR) footwear
- 100% Non-metallic construction
- Nylon shank for midfoot support
- Non-mutilating upper reduces the chance of marking or scratching surfaces
- 90° heel (5/8" Height) provides stability and helps "catch or lock" the foot in place
- CSA-certified, non-metallic, flexible woven-textile puncture-resistant midsole plate for underfoot protection

SKU: 1023269

CSA PITTSBURGH ENERGY 6" WATERPROOF

- Full-grain waterproof leather upper
- Oil-and-slip-resistant non-marking rubber outsole
- KEEN.ReGEN: A lightweight, compression-resisting midsole
- Mesh and moisture-wicking textile lining
- Removable metatomical PU footbed
- Left and right asymmetrical, non-metallic carbon-fiber toes
- KEEN.Dry waterproof, breathable membrane
- Electrical Hazard (EH) or Electric Shock Resistant (ESR) footwear
- ASTM/CSA-certified, non-metallic, flexible woven-textile puncture-resistant midsole plate for underfoot protection
- Reflective webbing for additional safety and visibility
- TPU shank for midfoot support
- Locking metal lace hooks
- Cleansport NXT Technology for natural odor protection
- Environmentally preferred premium leather from LWG-Certified Tannery
- PFC-free, durable water repellent

CLASSIC 9"

- Full grain leather/Cordura® 1000 denier nylon upper for improved durability and comfort
- Foam padded collar and tongue for protection and increased breathability
- PU collar for easy cleaning
- Gusseted tongue to keep dirt and debris out
- Durable brass alloy, rust proof hardware
- Moisture-wicking lining with AEGIS antimicrobial protection
- Removable custom fit EVA insole
- Custom-molded phylon EVA midsole for lightweight comfort and cradled support
- Texon stability platform for lateral support and torsional rigidity
- Stitched heel and toe for durability and increased service life
- Steel shank for superior support
- Custom-molded thermoplastic heel counter and toe box for instant comfort and lateral support
- Classic outsole: Slip-and-oil-resistant, non-marking rubber, exceeds the ASTM F2913-11 test standards

CLASSIC 9" SAFETY

Same specifications as the Classic 9" boot on previous page, plus:

- Full grain leather/Cordura® 1000 denier upper with polishable heel and toe
- Composite safety toe exceeds the CSA CAN/CSA Z195-02 standards and withstands impacts up to 200 Joules
- Electric shock resistance certified to CSA Omega rating standard
- Removable custom fit EVA insole with Poron® performance cushioning pads
- Airport friendly nylon shank for lightweight support and fatigue control
- LENZI® non-metallic L-Protection® anti-penetration board keeps your feet safe from puncture dangers with pre-treated ceramic and high tenacity fibers
- Slip-and-oil-resistant, non-marking Chase outsole with siping, exceeds the ASTM F2913-11 test for slip resistance
- 51 oz. (1444 g)

BELT KEEPERS

Traditional non-molded duty gear is constructed of durable, abrasion-resistant, easy-care CORDURA® nylon. We've combined this exclusive four-layer laminate CORDURA nylon with waterproof closed-cell foam padding, flexible polymer reinforcement and 150 denier knit lining to give you years of service at a price that fits any budget. To complete the package, we've also incorporated sturdy injection-molded belt loops to fit duty belts up to 2 1/4" wide.

BELTS & POUCHES

SRT PADDED BATTLE BELT

The SRT tactical belt was built from countless hours of product testing and evaluation. Offering an effective and comfortable platform for the needs of today's modern tactical officers. Available in MOLLE and laser cut configurations, the SRT comes standard with a padded insert or it can be upgraded with a custom ballistic insert. Available in sizes XS-4X. The SRT tactical belt also includes a rigors belt with Cobra® buckles by AustriAlpin™. Accepts any Armour Express ballistics.

SPECIFICATIONS AND OPTIONS

- Any AE Soft Armor
- 500 denier laminated material
- "Celled" MOLLE fields for "belt over" accessory interface (holsters)
- Lumbar support with 4-way stretch
- 3D spacer mesh lining
- Suspenders compatible
- Included rigors belt with Cobra® buckles by AustriAlpin™
- SAU Cut
- Accepts hard armor rifle plates

BELTS & POUCHES

ASP LOGO BELT (1.5" & 1.75" WIDE)

The ASP logo belt is heavy and stiff, never floppy, which is critical for police officers who are carrying a number of tools and weapons on their belts.

The belt has a custom nylon weave design that is full-bodied and rigid with a distinctive stitch line accenting the top and bottom edges. The tip of the belt is also uniquely reinforced for added durability.

In addition, the logo belt has a hidden, leather handcuff key pocket located on the inside of the belt. ASP's standard key, the ASP pentagon handcuff key, will fit in the pocket.

The buckle of the tactical logo belt can be customized with a department, division or team logo. A 3/4" medallion can be placed in the inset on the front of the belt. ASP will waive the die and set-up fees for custom logos with a minimum order of 20 medallions. This discount is part of ASP's popular Custom Logo program.

SPECIFICATIONS

- Custom weave
- Width: 1.5" or 1.75"
- Accent lines on each edge
- Stiffened tip
- Key pocket
- Inset logo buckle

ASP EAGLE EQUIPMENT BELT (2" WIDE)

The ballistic weave nylon strapping is woven to ASP specifications. Only the finest inner belt stiffener, edge binding and nylon cord stitching are employed.

Each belt is completely lined with industrial grade black Velcro and employs the finest quality Fastex buckle and retainers.

The die struck insignia on this buckle designates ASP training that you have completed. It is recognized by law enforcement agencies throughout the world.

Additional Fastex buckles are available for the belt. Both Strike Force® and ASP Eagle insignias are offered. Ballistic Weave baton scabbards and handcuff cases are available to complement the texture of this belt.

OUTER BELTS

ULTRA DUTY BELTS

- Double-layer 2" nylon that's edge padded for comfort
- Interior polymer stiffener adds support while reducing bulk
- Sturdy nylon webbing
- Hook & Loop lining mates with Ultra and loop-back inner duty belts
- Rigid enough to carry gear, flexible enough for all day comfort
- Web edges are finished with smooth nylon to prevent snagging and digging
- Injection molded belt stays
- Patented three button buckle
- Ultra Duty and Ultra Duty with no Hook & Loop are made in the USA

DELUXE DUTY BELT

- Double-layer 2" nylon
- For light to moderate use
- Lightweight, but nearly as rigid as many heavy leather belts
- Constructed of durable, double-layered 2" nylon web means comfort and support
- Injection molded belt stays
- Patented three button buckle
- Made in the USA

PRO-3® Triple Retention Buckle used on all Ultra and Deluxe Duty Belts is patented. The top, bottom and center releases must be used together to open the buckle, assuring the belt stays secure.

DUTY SUSPENDERS

Wearing a duty belt that adds additional 18 - 21+ pounds everyday adds a lot of wear and tear on your body. Uncle Mike's® Duty Suspenders transfer the weight of the duty rig from your hips to your shoulders to prevent lower back injuries.

- Fully adjustable front and rear, with a special cross piece in back that adjusts as you move
- A break-away snap design helps defeat grabbing

Duty Suspenders, S/M - Fits up to 40" chest

SKU: 91203

Duty Suspenders, L/XL - Fits 42" and up chest

SKU: 91204

MAGAZINE CASES

FITTED PISTOL MAG CASES

Long-lasting, hard-working mag cases that look truly professional.

- Hardened inserts that are rigid on the sides, front and bottom for maximum protection
- Separate compartments for each magazine
- Separate internal devices that retain each magazine
- Soft-molded belt loop for belts up to 2 1/4"
- Padded, reinforced flaps with knit lining to cover and protect magazine
- A nylon stiffener in the flaps makes them easier to open and keeps their shape after continued use
- Versions for both single and double row, metal and polymer mags in 9 mm, .40 S&W, 10 mm and .45ACP
- Wear horizontally or vertically

BELTS & POUCHES

BELT KEEPERS

MOLDED BELT KEEPERS

- Best on the market because they're more flexible than hardened plastic belt keepers
- Molded polymer won't stretch out of shape, crack, fray or fade with age like other web belt keepers can

NYLON WEB BELT KEEPERS

- Resists stretching or fraying

Our belt keepers are designed to lock the duty belt and the inner duty belt together. Tough, no-wear, no-glare snaps stay secure despite the most rigorous activity.

Molded Belt Keepers for 2" belts

SKU: 88653

Molded Belt Keepers for 2 1/4" belts

SKU: 88654

Basketweave Molded Belt Keepers for 2 1/4" belts

SKU: 88658

Nylon Web Belt Keepers for 2" belts

SKU: 88651

Nylon Web Belt Keepers for 2 1/4" belts

SKU: 88652

FLASHLIGHT CASES

LIGHT CASES

- Molded loop fits belts up to 2 1/4"
- Open or closed designs depending on flashlight design. Closed designs with a reinforced flap protects your flashlight. A no-glare, no-wear snap secures the flap

MINI LIGHT CASES

- Carry a Mini-Mag® or other AA flashlights in this handy nylon belt case
- Molded belt loop fits any belts up to 2 1/4"

FLASHLIGHT RINGS

- Nylon web belt loop
- Plain ring for holding Mag-Lite® or other C-cell or D-cell flashlights
- No-glare, no-wear double snap loop attaches to belts up to 2 1/4"

BELTS & POUCHES

HANDCUFF CASES

- Innovative one-piece design limits bulk, yet adds reinforcement from flap to back wall
- Low-cut front wall for fast, easy gripping and reholstering
- Dual slot belt loops on all models with flap allow case to fit dress or duty belts up to 2 1/4"
- Open top belt model available with strong clip for easy fit on dress belts and waistbands
- Open top cuff case has a break open snap - just pull cuffs to remove

SLIMLINE™ DUAL-RETENTION CUFF CASE

- No bigger than our Single Duty Cuff Case with flap
- Cuffs are better protected due to a "pull through" internal fastener
- Produce cuffs simply by opening the flap and pulling
- Ideal for special response teams, bike and patrols, marine units and natural resource departments
- Works with conventional sized cuffs from S&W®, Peerless®, American Handcuff®, Hiatt® and SafariLand®

KYDEX MOLDED CUFF CASE

- Fits traditionally-sized chain or hinge cuffs
- Belt loop for 1" to 1 3/4" belt widths

DOUBLE HANDCUFF CASE

- Double cuff case carries both standard metal and flex cuffs
- Flap keeps standard cuffs secure
- Flexible cuffs stay accessible
- Works with most flex cuffs
- Can be mounted or worn on 1 3/4" and 2" belts
- Dimensions: 4"W x 5"H x 1.5"D

BELTS & POUCHES

LAMINATED RADIO CASES

- Padded to protect against the day-to-day abuse of striking the handheld radio against steering wheels, desktops and door frames
- Two configurations – swivel belt loop and fixed belt loop

FITTED HANDHELD RADIO CASES WITH INSERT

- Kodra nylon outer cover with rigid polymer insert for protection
- Ideal for bicycle, motorcycle, tactical and specialized unit applications where severe abrasion is possible
- Fitted with a swivel belt loop. Case can be detached quickly from the belt loop simply by rotating the radio

UNIVERSAL RADIO CASE

- Available in both fixed belt loop and swivel belt loop for easy removal of case
- Fits most police, fire and business band radios
- Nylon web and Hook & Loop construction adjusts the height, width and depth of the case to fit your specific needs
- Excellent for agencies with mixed inventories or hard-to-fit designs

EXPANDABLE BATON HOLDERS

- Injection molded for durability
- Same tension arm principle as our magazine pouches to keep baton in place
- 16" model retains previous flexible design with body
- Hole in back to permit holstering fully-extended baton

AEROSOL CHEMICAL AGENT CASES

- Keeps personal chemical agents within your reach
- Works for conventional duty and larger canisters of most popular agents including CS, CN, mace, pepper mace, cap stun and punch
- Polymer insert prevents canister denting while smooth lining preserves canister markings
- Foam spacer on medium and large cases accommodates canisters with oversized nozzles
- Fits belts up to 2 1/4"

Medium and large aerosol agent cases have an impact-resistant insert to protect canister from damage.

BELTS & POUCHES

LATEX GLOVE POUCHES

- Made of Mirage® or nylon, laminated to 1/8" closed cell foam core and knit interior to prevent snagging
- Double pouch with fold-up design has two pockets for standard latex gloves
- Fits belts up to 2 1/4"

PAGER CASES

- Water-resistant case with molded belt loop fits belts up to 2 1/4"
- Two sizes fit most common pagers, with or without belt clips attached
- Also holds clip-on lights for pistols
- Medium case fits Motorola Star-Tac® phones

KEY RING HOLDERS

- Rides higher for convenience and accessibility
- Features wrap-around hook and flap to hold keys quietly and securely
- Open holder has padded nylon flap and no-wear, no-glare double snaps on belt loops
- Holders fit belts up to 2 1/4"

PHONE CASE WITH BELT CLIP

- Rugged, padded Kodra nylon construction
- Fits on your belt. Belt loop accepts up to 2 1/4" duty belts. A removable belt clip fits up to 1 3/4" dress belts
- Spring clip works even without belt 2 1/8"W x 1"D x 5"H

ERGONOMIC DUTY BELT

ERGONOMIC: REFERS TO THE ABILITY OF SOMETHING THAT PROVIDES COMFORTABLE OPERATION FOR THE HUMAN BODY STRUCTURE.

This duty belt unit is just that. The inner belt expands and contracts with the outer belt. All of the components have to work together, the inner webbing with inner velcro along with outer velcro and outer webbing. All of those components will stretch together with every body movement (sitting, bending over, or twisting from side to side). The expanding material used to obtain these features is man made and as a result, testing showed they did not change, after over 250,000 times of stretch action, unlike elastic that will breakdown over a short period, because it is not man made. We have also included a much smaller polymer foot print for the gun holster that can be flipped from one side to another to accommodate the user.

BELTS & POUCHES

DUTY SUSPENDERS

The Hi-Tec duty suspenders allows you to move a portion of the weight from the equipped duty belt to the shoulders, saving the lower part of your back. This also gives the opportunity to wear the duty belt not as tight, as a result more comfort around the stomach area.

The Hi-Tec suspenders have three distinctive features: light weight and much less cumbersome than leather suspenders, the elastic at the back just above the duty belt (dynamic part) gives the officer the ease and comfort needed while in full extension or sitting down. These features are a must to make service suspenders work properly. Finally, the competition doesn't like our price.

BELTS & POUCHES

AMBULANCE/RESCUE/PARAMEDICS

CASE FOR FACE MASK AND SCISSORS

This case is made from two layers of nylon on the front and nylon laminated closed cell foam on the back side for more comfort and to maintain shape. It maintains its shape even when the face mask is not present in the case, giving it a greater ease of entry when inserting the case back into position. The two elastic holders on the front are for a pair of cut-all scissors and a pair of bandage scissors. The main flap is held closed with a velcro closure. The "Double-Grip" fastening system on the back of the pouch is compatible with any regular 2" or 2 1/4" duty belt with velcro or our very own V.I.P. 1 1/2" duty belt. The Glo-Flex star of life glow's in the dark for up to 4 hours and reflects up to 1500 ft.

Case for Face Mask and Scissors w/Glo-Flex	SKU: HT700
Case for Face Mask and Scissors w/o Glo-Flex	SKU: HT701

CASE FOR FACE MASK, LATEX GLOVES AND SCISSORS

Completely intergrated design which holds up to 3 pairs of latex gloves on one side and on the other a full size face mask (standard model Laerdal), one pair of cut-all scissors and a elastic holder for a penlight/ marker pen. Two velcro closer flaps. The "Double-Grip fastening system on the back of the pouch is compatible with any regular 2" or 2 1/4" duty belt with velcro or our very own V.I.P. 1 1/2" duty belt. Available with Glo-Flex star of life which glow's in the dark for up to 4 hours and reflects up to 1500 ft.

Case for Face Mask, Latex Gloves and Scissors w/Glo-Flex	SKU: HT704
Case for Face Mask, Latex Gloves and Scissors w/o Glo-Flex	SKU: HT705

"MULTI-4" AMBULANCE CASE

The case transports up to 4 of the essential tools used often while answering most situations rapidly:

- 1 Mini MagLite/Scorpion
- 1 pair of cut-all scissors
- 1 penlight/glass punch
- 1 pair splinter forceps

The "Double-Grip" attachment adapts to most nylon working belts up to 2 1/4"

"Multi-4" Ambulance Case w/Glo-Flex Life Cross	SKU: HT707
"Multi-4" Ambulance Case w/o Glo-Flex Life Cross	SKU: HT706

HOLSTERS

PRO-3® SLIMLINE DUTY HOLSTER

Partner up with the PRO-3® Duty Holster. It's patented three-point locking system - top, rear and side - keeps your firearm right where it belongs. Solidly secure, and as ready as ever. Just release the thumb break for an easy draw.

The toil of carrying a holster is reduced, thanks to an ergonomic design that works with your body in all scenarios. The Pro-3 has earned the respect of many an officer and it deserves yours.

PRO-2® DUAL RETENTION DUTY HOLSTER

Our PRO-2® Dual-Retention holster allows you to draw your weapon with a quick, simple drawstroke. Until then, the firearm is held fast by a non-stretch retention strap (thumb break) and an outboard tensioning device. Plus, an internal detent engages the trigger guard.

HOLSTERS

STANDARD RETENTION HOLSTER

Uncle Mike's engineered these Dual-Retention holsters to fit the spectrum of law enforcement pistols, revolvers and use scenarios. A non-stretch retention strap takes the point. It's backed up by an independent tensioning device that adjusts to apply varying degrees of clamping pressure.

FANNY PACK HOLSTER

New, better-looking styling with improved functionality, this upgraded fanny pack provides an ideal means to conceal and carry your favorite sidearm. Convenient pockets and multiple options for fastening.

- Updated materials with improved look and feel
- All-new design provides fast, easy access
- Fits most popular side arms
- 7"L x 6"H x 2"W
- Three zippered pockets
- Front pocket accommodates money and maybe a slim magazine
- Middle pocket contains a built-in clip for keys (which may be unclipped and attached to a belt) and slots for credit cards and a license
- Back pocket opens flat into a full circle
- Pack features a Velcro®-strapped holster that adapts to multiple gun sizes
- Webbed belt
- Slot for a belt to slide through on the back of the pack

SKU: 88751

GUNRUNNER® FANNY PACK HOLSTER

A modest fanny pack holster that accommodates all basic firearm sizes and allows a quick, smooth draw and one-handed return.

- Plain black belt pack has three zip compartments
- Reholster and close with one hand – without taking your eyes off surroundings
- Hook & Loop back panel and a 12" strap included to position and secure firearm
- 1 ½" wide adjustable nylon web belt with quick-release buckle
- 12 ½" x 6 ½". Holds compact 9 mm, .40 and .45 autos, 2" to 3" barrel medium revolvers and most full-size service pistols

SKU: 88731

GUN PAK® BELT POUCH HOLSTER

Perfect for discreet off-duty carry, Gun Pak holsters are storage packs with a hidden gun compartment optimized for a quick smooth draw and one-handed return. Separate gun area features Zip and Hook & Loop closures. Fits belts up to 2 ¼" wide.

- Handy – Enough room to carry sunglasses, a wallet and ID – in addition to a concealed firearm
- Discreet – Attracts no more attention than a conventional fanny pack
- Original size: 8"W x 5 ¾"H x 1 ½"D – Carries most small and medium frame pocket autos, compact 9 mms, and small frame 2" to 3" barrel revolvers

UBL PAD

- Will not pinch or add pressure to hip bone (support ridge removed from the belt shank)
- Locks onto the duty belt with belt slot design, no belt tensions screws needed; will not damage top of belt
- Compatible with any holster with the 3-hole pattern
- Provides a soft pad between the body and Universal Belt Loop (UBL)
- Helps address comfort issues associated with wearing a duty belt for long periods of time
- Works equally well for both male and female officers

- Features harness and shroud only to mount accessories and holsters
- Single leg strap design
- Belt attachment portion can be detached when not needed
- Utilizes a unique D-Ring on the strap for increased leg flexibility (6009-10/6009-110)
- Leg straps features silicone strips for non-slip traction (6005-10/6009-10)
- Minimally-sized leg shroud for decreased footprint on the thigh (6005-110/6009-110)
- Secondary hook and loop flap ensures continuous attachment to belt when in use
- Provides easy lateral movement (6009VE)
- Ambidextrous

QLS (QUICK LOCKING SYSTEM)

- The QLS provides officers the ability to easily and quickly remove and secure their weapon without having to remove weapon from holster. Especially effective in correctional institutions and courthouse appearances
- Effective for concealed carry in ease of transferring gun from body to other mounting point
- Mount almost any Safariland® duty holster on an equipment belt with use of the Safariland UBL
- Provides a highly versatile holster system with a quick, easy and secure attachment to a variety of locations — belt, thigh rig, furniture, vehicule, etc. Can also be used with the Safariland MLS 16 Accessory Locking Fork for attachment to MOLLE vests
- QLS passes Level I Retention™ pull test
- The QLS 19 Duty Locking Fork mounts directly to the back of any 3-hole pattern holster, then connects to the QLS 22 Receiver Plate
- the QLS 22 Receiver Plate is the mounting platform for the QLS 19 Duty Locking Fork. Attaches directly to Universal Belt Loop (UBL), thigh rig or other mounting platforms

HOLSTERS

AUTOMATIC SECURITY SYSTEMS

T-LEP

T-LEP (Thumb released Locking of the Ejection Port) is a self-locking mechanism that clasps the pistol's ejection port, locking the pistol securely when inserted in the holster.

2-FAST

2-Fast is an extraction control system that integrates both the Evolock-S, an automatic blocking system of the pistol when holstered, and the Rotoloop-S in a single design.

PORTABILITY SYSTEMS

MULTILINK 2

The Multilink 2 system makes the versatile holster to multi-position and more resistant to the rip and traction.

M.M.S.

M.M.S. (Multi-position Multiple hole System) allows you to wear a holster or accessory in various heights/positions, through a series of holes on the product, and a series of accessories and components that diversify its use.

HOLSTERS

HAWK HOLSTER (LEVEL 3)

Radar T-LEP holster is an injection molded holster in high resistance polymer. For extreme duty use with 3 retention levels plus an additional passive retention: the first active retention is the T-LEP automatic safety system, an innovative thumb released locking system that acts on the pistol's ejection port. It's automatically activated by the weight of the weapon when inserted into the holster. The second active safety device is the Rotolock System, an external reinforced injection molded polymer rotating loop secured on both sides of the holster body, that protects the upper part of the weapon. The third passive retention is the STR system, a device actuated by a tension adjusting screw that acts on the slide of the weapon in order to avoid unnecessary movements of the pistol inside the holster. The additional passive retention system is the screw adjustable drop retention that acts on the pistol's trigger guard to hold the pistol firmly.

The holster can be paired with any of the Radar accessories such as belt loops, leg plates, quick release systems such as the Radar SSF slide system, or conversion plates to fit *Safariland* platforms.

INCLUDED:

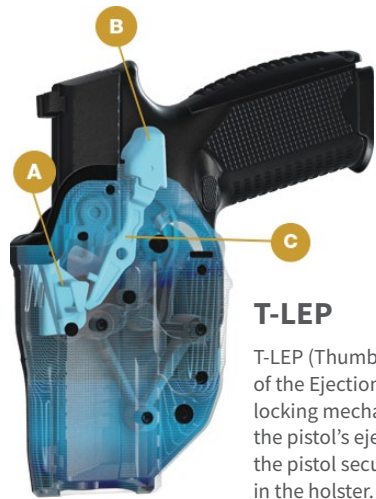

- Belt Loop (6500-0926)
- Belt Paddle (6500-0476)

FEATURES

- T-LEP (Thumb released Locking of the Ejection Port)
- Second active safety device: Rotolock System
- Upgrade to level 4 with optional Roto Guard or R.L.C. installed
- Carry Systems: Multilink 2 System and RDC System
- Injection molded polymer: Polym-Plus (Techno Look)
- Dimensions: 7.36"H x 3.9"W

R.S.S. RADAR SLIDE SYSTEM

RSS.4H (FOR HOLSTER)

The carry system that allows to attach the holster to any kind of support equipped with Multilink II System.

- 3 assembly points for high stability and safety

RSS.4H MALE SLIDE
Made in injected polymer with Multilink II fastening system for assembly on Radar holsters. Slides and locks into female RSS by slide levers.

SKU: 6507-0017

RSS.4H FEMALE SLIDE
Made in injected polymer with Multilink II fastening system for assembly on belt loops, leg supports and MOLLE systems. Highly resistant and compact.

SKU: 6507-0016

RSS.4A (FOR ACCESSORIES)

The new RSS, in its version for accessories, is compatible with belts, leg harnesses and MOLLE systems.

- 2 assembly points for high simplicity and stability

RSS.4A MALE SLIDE

Made in injected polymer for assembly on Radar accessories. Slides and locks into female RSS by slide levers.

SKU: 6507-2017

RSS.4A FEMALE SLIDE

Made in injected polymer for assembly on belt loops, leg supports and MOLLE systems. Highly resistant and compact.

SKU: 6507-2016

Female slides are interchangeable with both male slides.

HOLSTERS

OWB - SAFECARRY RANGER

The SafeCarry Ranger is Double Click's Patent Pending, non-mechanical double-retention RT-2 holster. RT-2 = Two points of retention to deter an unauthorized extraction or an accidental extraction.

Their design is unique to the industry in that there are No Buttons to Push, No Snaps to Unsnap; their SafeCarry Ranger has two retention points 1) trigger guard and 2) top of the pistol. It's a no fail extraction design, meaning that you'll be able to safely extract your pistol. Simply slide the built-in SafeCarry thumb retention/release towards your body and tactically draw your pistol.

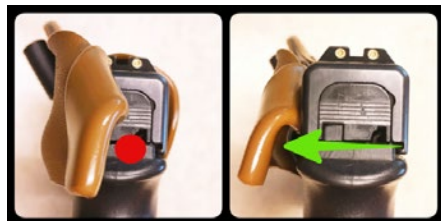

Their SafeCarry Ranger is form-fitted, and rides closer than any other multi-retention holster that they have found on the market. Their holster provides safety to the user in most any situation and peace of mind that his or her pistol will remain with them through a variety of outdoor activities such as: hiking, hunting, 3 gun and pistol competitions, 4 wheeling, motorcycle riding, and horseback riding -- to name a few. Double Click's holsters are handcrafted in Texas, USA.

DESIGNED FOR:

- Concealed/Open Carry

HOLSTERS

OWB - TACTICAL ELITE, TACTICAL PRO & MICRO TACTICAL PRO

The Tactical Elite is their unique 3-layer tactical tough design. This is a single point retention holster with a custom fit and finish.

The Tactical Pro is the little brother to the Tactical Elite, and offers a superior two-layer holster design with the same craftsmanship and attention to detail as their Premium Holster Series.

The Micro Tactical Pro is the little brother to the Tactical Pro, and offers a superior two-layer holster design for small-frame "pocket/micro" pistols (ex: Ruger LCP, Sig P238, Glock 42).

HIGHLIGHTS INCLUDE:

- Exceptional custom quality
- Single point retention holster offer just the right level of security while being fast to draw from
- Double thick thermoplastic layer against your body which reduces heat transfer and makes the holster extra durable (Tactical Elite only)
- Molds are aesthetically attractive and well curved to comfortably fit your hip with no sharp edges
- Heavy duty belt loops are attached with high quality torx screw fasteners and hold the holster closer to your body
- Seams are blended and polished such that they're "virtually invisible"

- HOLSTER COLOR OPTIONS
 - Kydex - Black
 - Kydex - Coyote Brown
 - Holstex (Carbon Fiber) Black
 - Holstex Raptor Leather Pattern - Black
- *SAME OPTIONS AS SAFECARRY RANGER
(Please contact us for more color availability options)

DUTY & CUT-RESISTANT GLOVES

HERO GLOVES - NEEDLE-RESISTANT & LEVEL 5 CUT-RESISTANT

- FEATURES**
- Needle-Resistant protective layer on all 5 fingers
 - High-Strength Synthetic Leather construction built to last
 - Needle protection wraps completely over the finger tips
 - New-Age materials and design for maximum protection and dexterity
 - Heavy-Duty wrist closures
 - Designed by a Veteran Police Officer who has conducted thousands of pat-downs and searches

SKU: HERO

GUARDIAN GLOVES HDX - LEVEL 5 CUT-RESISTANT

- FEATURES**
- 100% HPX Lining protects not only palms but also the back and sides of the hand and 360° around each finger
 - Armor Skin on the palm and finger tips for added strength, durability, protection and grip
 - Molded, High Density rubber on the back of the hands to protect fingers, knuckles and the back of hands

- BENEFITS**
- Superior cut, slash and abrasion protection
 - HPX Lining offers protection of front, back, sides and fingers of hands with level 5 cut protection
 - Excellent durability and abrasion resistance for long lasting use
 - Level 5 cut protection even when the gloves are wet (something most "cut-resistant" gloves do not offer)
 - Comfortable and breathable

SKU: GUARDIAN

SENTINEL GLOVES - LEATHER LEVEL 5 CUT-RESISTANT

- SPECS.**
- Genuine leather outer
 - HPX Level 5 Cut-Resistant inner lining
 - Velcro wrist closure
 - Optimal durability and dexterity

DUTY & CUT-RESISTANT GLOVES

SWAT3500

- Premium quality cow hide leather with water-resistant finish
- Blended Spectra® knit lining
- Provides protection against knives, sharp edges, etc.
- Short wrist cuff
- Sizes available: XS to L for women, L to 4XL for men

SKU: SWAT3500

SWAT2000

- Cow hide leather
- Full grain Napa leather
- Leather is treated with Scotchguard® for water and oil repellent
- Spectra® knit lining, 650 denier
- Three silking rows on back
- Sizes available: XS to L for women, L to 4XL for men

SKU: SWAT2000

SWAT300

- Premium quality aniline cow hide leather with about 8 to 9 mm thickness
- 100% Kevlar lining
- Cut-resistant
- Light and comfortable to wear on hands compared to Spectra®
- Sizes available: XS to L for women, L to 4XL for men

SKU: SWAT300

HAKSON TACTICAL GLOVE

- Premium goatskin leather
- Kevlar throughout finger and back of hand for flame/flash protection
- Double-layer of reinforcement leather on palm and knuckle
- Padded palm and back of fingers
- Padded knuckle, with hard-shell insert for protection
- Adjustable cuff for secure fit

SKU: TECH1000

HARD KNUCKLE GLOVE

- Dual-layer cowhide leather palm and fingertip reinforcements
- Leather-covered, molded hard-shell knuckle and finger protection
- Back-of-hand and wrist adjustments for perfect, secure fit
- Nylon loop on wrist allows easy donning and attachment to carabiners

SKU: HKNKLG1

PUNCTURE-RESISTANCE GLOVE 201

- Hypodermic needle and cut-resistant palm and fingertips
- Slash-resistant knit on back of hand
- Outstanding dexterity with short break-in time
- High-stretch knit backing for snug fit
- Grip pads to assist in searches

SKU: P-RES201

REPLACEABLE LOCK SETS

TACTICAL (1 PAWL)
The high visibility single pawl Lock Set is both strong and shim resistant.

SECURITY (2 PAWL)*
The two pawl divider plate design is virtually impossible to pick. *Provided with proprietary handcuff key.

EUROPEAN (3 PAWL)
Three independent pawls provide an extra measure of security against shimming.

M&P® LEVER LOCK
With the tip of your finger, fully lift the lever and then allow it to return. Once this has been done, the double lock will be set.

PUSH PIN LOCK
Using the small peg on the top of the key, fully depress the push pin. This will lock the bolt as described with the double slot lock.

SLOT LOCK
Insert the small peg on the top of the key into the double lock slot. This way, the small peg can contact the end of the lock spring.

HANDCUFF COVERS

C & S SECURITY INC. MODEL #5

The proper use of the C & S Security handcuff cover and a belly chain can ensure safety for all officers who transport prisoners. The handcuff cover fits Peerless model 300, 400, 500, 700 & oversize handcuffs; Smith and Wesson model 1, 100 & 110; and Hiatt 2010.

Our handcuff cover is made from high-strength, high-impact ABS plastic. The security clip on the handcuff cover is aluminum 6061T6 alloy - the same strength as steel.

When placing handcuffs on a prisoner for transporting, be sure to double lock them. The handcuff cover protects the key hole and thus prevents picking or tampering with any parts of the lock. The plastic cover has a metal clip that the security link passes through. This allows the officer to use the security chain to restrict the movement of the prisoner's hands to any degree he deems necessary. A small padlock through the two chains at the snap will secure any prisoner. Handcuffs not included.

Security Handcuff Cover - Blue
Security Handcuff Cover - Black

CTS THOMPSON MODEL 7084 BLUE BOX

When transporting high-risk subjects, security is paramount for the safety of officers and others around. This is why law enforcement professionals choose the Blue Box Cover for Handcuffs by CTS Thompson. Constructed from a combination of reinforced steel and ultra-durable ABS plastic, the item offers a rugged, reliable and secure cover for most chain handcuffs and leg irons. Its solid design covers all handcuff keyholes, preventing detainees from being able to pick the lock or slip out of their cuffs. The cover also limits the subject's mobility, to further minimize risk of escape or harm to others. Double locks, accessible from the outside of the box, ensure that only the intended officer is able to remove the security casing.

- Fits: Standard chain handcuffs, oversized chain handcuffs, and leg irons
- Material: Reinforced steel, ultra-durable ABS plastic
- Handcuffs can be preloaded into box before being put on prisoner
- Covers handcuff keyholes to prevent access by detainee
- Box style design limits subject's mobility for added security
- Double lock mechanism provides a secure and reliable closure
- NIJ approved
- Weight: 4.6 oz.

HANDCUFFS, RESTRAINTS & KEYS

AMBULATORY RESTRAINTS

WRIST TO WAIST RESTRAINT

Transport belt is great for transporting juvenile to adult populations. No keys are needed; belt secured with side release waist buckle allows for fast application and removal. Neoprene-lined cuffs secure with initial hook and loop closure and have double D-rings for additional security. They can be used with ankle restraints NAH-200 and are available with plastic buckles on wrists to allow for X-rays or metal detection.

Nylon Wrist to Waist Restraint

SKU: NTB-200

Nylon Ankle Hobble

SKU: NAH-200

ANKLE HOBBLE

The complementary product to the Wrist-to-Waist. Web ankle hobble with permanent connecting strap impedes running or kicking. Constructed with neoprene lining for patient comfort and machine washable. Also available with plastic buckles on ankles to allow X-rays or metal detection.

TRANSPORT BELTS

Eliminate injuries caused by handcuffing behind the back by using these convenient transport belts. Available in heavy-duty leather, compact nylon, or easy care polyurethane. The steel made-to-specs D-ring is designed to fit virtually all models of handcuffs, including hinged. Half cuff available on the belts is a Smith and Wesson 100 model for safer application and removal.

PRODUCT	W/D-RING	W/HALF CUFF
Leather - Non-Locking	BT-48	CBT-480
Nylon - Side Release Buckle	NT-48	CNT-480
Nylon - Lockable Slots	HL-48	CHL-480

HUMANE JACKETS

The Humane Jacket, made of heavy duty canvas, is available in four sizes. It features a removable cotton crotch strap and leather closing straps. Fits juvenile to adult populations for controlled ambulatory movement. Removable leather straps for easy cleaning.

Humane Jacket - Small	SKU: CSJR-10S
Humane Jacket - Medium	SKU: CSJR-10M
Humane Jacket - Large	SKU: CSJR-10L
Humane Jacket - X-Large	SKU: CSJR-10XL

HUMANE TETHER

Versatile tether, available in leather or polyurethane, feature Smith and Wesson #100 cuffs on each end. For additional subject control, it can be used to help with cell extraction, as a hobble, or other situations such as showers.

Leather Tether

SKU: WML-101

Polyurethane Tether

SKU: WMR-101

HANDCUFFS, RESTRAINTS & KEYS

CUFF AID

Designed to aid law enforcement professionals in maintaining unruly prisoners. Cuff Aid restricts dexterity to manipulate contraband or other potential hazards. Supplied with a 60" fully adjustable waist belt and is removable. Made of a heavy mesh material which allows ventilation and visual inspection.

SKU: CUFF AID

PROTECTIVE HELMETS

Soft and hard shell protective helmets reduce head injuries. Both styles feature holes for ventilation. Adjustable chin strap with snap closure for fast application and removal. Hard shell helmet can be equipped with either the face bar or shield.

Hard Shell Helmet	SKU: 9821
Soft Shell Helmet	SKU: 9829
Face Shield	SKU: 7630
Face Bar	SKU: 7636

TURTLE SHIELD

The patented Humane Turtle Shield is designed to safely subdue agitated individuals. 4 mm thick polycarbonate shield protects staff from contraband or other potential hazards, while 3/4" foam covering on shield protects the patient. Vinyl cover is water-resistant and easy to disinfect. Two oversized handles enable control and make for easy transport.

SKU: TURTLE SHIELD

AMBULATORY RESTRAINT KIT #12, POLYURETHANE

KIT INCLUDES:

- One (1) MND-101-POLY Wrist-Waist Restraint, Locking
- One (1) AD-305-POLY Ankle Hobble, Locking
- One (1) RBS-100 Small Restraint Bag

SKU: KIT-12

HUMANE SAFETY BLANKET, SLEEPING BAG, PILLOW/BED ROLL & SMOCK

Humane Safety products are made of rugged Quadlan quilted with 1" box stitches to deter shredding and tearing. The Humane Safety Blanket, Sleeping Bag, and Smock provide modesty and warmth. Material is water-resistant to shed soiling. Both are machine wash and dry for easy care. The Humane Safety Sleeping Bag features seven 2" x 8" hook and loop match points to fashion a sleeping bag. The Humane Pillow/Bed Roll can be used as a blanket or it can be rolled tightly or loosely, then secured with hook and loop to fashion a pillow. Smock has hook and loop shoulder and torso adjustments for easy application and adjustment, and will fit most up to jacket size 60. Modesty tab for a legged appearance.

AUTOLOCK® HG (HEAVY GAUGE) BATON

- Patented locking mechanism ensures the baton will stay locked open while striking, blocking or jabbing
- Closes with a push of a button — no need to strike the baton on the ground
- Increased diameter from the standard AutoLock baton
- Higher kinetic energy potential and greater feeling of balance in the hand
- Open passively or in a high-profile manner
- Rotating shafts help maintain control of the baton during a struggle

SKU: 9630

AUTOLOCK® X3™ HG (HEAVY GAUGE) BATON

- Safety Tip® eliminates sharp edges and decreases possibility of subject injury
- Black electroless nickel finish improves corrosion resistance
- Improved positive locking design offers reliably consistent locking action
- Smooth nose piece for more efficient holstering
- Super Grip® handle features a ribbed Santoprene™ material that enhances the grip in both dry and wet conditions
- 21" in length
- Standard end cap with push cap for easy closure

SKU: 9643

BATONS

PR-24® SIDE-HANDLE BLACK BATON

PR-24® RIGID SIDE-HANDLE BLACK POLYCARBONATE BATON

This PR-24® side-handle baton offers maximum protection. It is the most field-tested baton for blocking, controlling and striking. This fixed length rigid polycarbonate baton is designed for close-quarter confrontations and the grenade-style grip with Trumbull Stop helps keep the baton in your hand and increases baton retention and subject-control holds. Made in the USA, limited lifetime guarantee.

PR-24® EXPANDABLE SIDE-HANDLE BLACK ANODIZED BATON

This PR-24® expandable side-handle baton design is combat ready with a flick of your wrist and closes easily with the push of a button. It features a knurled polycarbonate grip with an anodized aluminum shaft, palm side-handle grip and Trumbull Stop.

Rigid, Knurled Grip, Black Polycarbonate Tip (Grenade)	SKU: PR-24S
Expandable, Foam Grip, Black Anodized Aluminum Tip	SKU: PR-24NX
Expandable, Knurled Grip, Black Anodized Aluminum Tip	SKU: PR-24FX
Expandable, Knurled Grip, Anodized Aluminum/Polycarbonate Tip	SKU: PR-24TX

MP & GRENADE GRIP STRAIGHT BLACK POLYCARBONATE BATON

Monadnock® invented the first thermoplastic police baton in 1958 and these straight batons have been a key element of law enforcement equipment ever since.

The MP series of straight riot batons are extremely durable. The polycarbonate construction provides excellent impact resistance and it resists denting and splintering.

- 1 1/4" diameter polycarbonate
- Limited Lifetime guarantee
- Made in the USA

24" MP Straight Black Polycarbonate Baton, Knurled Grip	SKU: 2001
26" MP Straight Black Polycarbonate Baton, Plain Grip	SKU: 2003
29" MP Straight Black Polycarbonate Baton, Knurled Grip	SKU: 2029
36" MP Straight Black Polycarbonate Baton, Knurled Grip	SKU: 2004
24" Grenade Grip Straight Black Polycarbonate Baton	SKU: 2107
36" Grenade Grip Straight Black Polycarbonate Baton	SKU: 2011

HINDI BATON CAP™ FOR AUTOLOCK® BATONS

The Hindi Baton Cap™ for AutoLock® batons is tested and proven to be the most effective baton accessory available. It offers unparalleled advantages during physical altercations, including maximum retention and reliable baton grip to protect against slippage or loss during draw. Improved grip retention during momentum of baton swing or force of impact and offers maximum striking power and increased leverage. Allows more consistency in striking distance and target accuracy.

16 - 18"	SKU: 6216
21 - 22"	SKU: 6213
26"	SKU: 6214

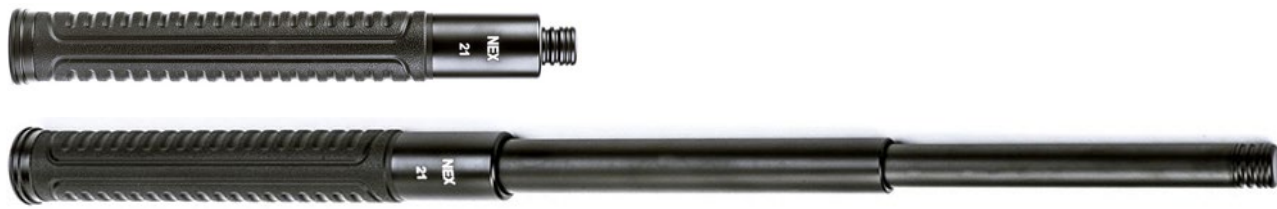

FRONT DRAW® 360° SWIVEL CLIP-ON BATON HOLDER FOR AUTOLOCK® BATONS

This Front Draw® 360° swivel baton holder is for the AutoLock® baton. It is made from durable polycarbonate with a plain finish, clip-on back and locks in one of 8 positions. The baton may be re-holstered in the locked position either open or closed.

18" Plain Black	SKU: 3042
21" Plain Black	SKU: 3030
22" or 26" Plain Black	SKU: 3034
23" Plain Black	SKU: 3036

Quicker Airweight 23"	SKU: N23C-QUIC

WALKER AIRWEIGHT BATON

SPECIFICATIONS	Retracted Length	Weight
Walker Airweight 12"	6.22"	6.35 oz.
Walker Airweight 16"	7.52"	7.41 oz.
Walker Airweight 20"	8.82"	8.82 oz.

- Material: Alloy Steel + Aerospace Aluminum
- Finish: Black
- Handle Diameter: 22 mm + 1 mm
- Impact Resistance: 2 m
- Beating Resistance: \geq 3000 Times
- Scalability: \geq 3000 Times
- Corrosion Resistance: Level 9
- Tensile Strength: 1000 N
- Bending Strength: 3000 N
- Locking Structure: NexLock

Walker Airweight 12"	SKU: N12-WAL
Walker Airweight 16"	SKU: N16-WAL
Walker Airweight 20"	SKU: N20-WAL

BATON GRIP RING

To enhance baton retention and prevent its slippage during wielding.

- Material: PA6+15%GF
- Weight: 7 g
- Dimensions: 46 mm (diameter) x 11.5 mm (thickness)

SKU: BT50001

WINDOW-BREAKING TIP

To efficiently break the vehicle windows for emergency; compatible with all size of NEX batons.

- Body: 7075-T6 aerospace grade aluminum
- Strike Tip Material: Nano-ceramic
- Weight: 11 g
- Dimensions: 15.9 mm (diameter) x 22 mm (length)

SKU: BT50002

BATON HOLSTER

Unique feature: tabs at bottom of holder grip the baton tip so that the baton automatically fully extends when you pull it out.

- Holder rotates 360 degrees
- Adjustable belt loop 1.5" - 2.75"

SKU: KT5512

TK15UE

- Output: 10 to 1000 lumens
- Distance: 31 to 325 m
- Runtime: 2 to 135 hrs
- Water Resistance: IPX-8, 2 m
- Length: 5.6"
- Weight w/o Battery: 5 oz.
- Battery Type: (1) 18650 Li-ion or (2) CR123A Lithium
- Rechargeable: No

SKU: TK15UE

TK16

- Output: 10 to 1000 lumens
- Distance: 240 m (max.)
- Runtime: 1.15 to 150 hrs
- Water Resistance: IPX-8, 2 m
- Length: 5.5"
- Weight w/o Battery: 4.3 oz.
- Battery Type: (1) 18650 Li-ion or (2) 3V CR123A Lithium
- Rechargeable: No

SKU: TK16

TK20R

- Output: 10 to 1000 lumens
- Distance: 31 to 310 m
- Runtime: 1.85 to 160 hrs
- Water Resistance: IP68
- Length: 5.9"
- Weight w/o Battery: 5 oz.
- Battery Type: (1) 18650 Li-ion
- Rechargeable: Yes

SKU: TK20R

TK35UE

- Output: 100 to 3200 lumens
- Distance: 20 to 300 m
- Runtime: 1.5 to 152 hrs
- Water Resistance: IP68, 2 m
- Length: 6.5"
- Weight w/o Battery: 10 oz.
- Battery Type: (2) 18650 Li-ion
- Rechargeable: Yes

SKU: TK35UE

TK41C

- Output: 15 to 1000 lumens
- Featured white, red and blue light, multiple output modes
- Distance: 480 m (max.)
- Runtime: 2.5 to 240 hrs
- Water Resistance: IPX-8, 2 m
- Length: 7.8"
- Weight w/o Battery: 9.9 oz.
- Battery Type: (8) AA Alkaline/ Ni-MH or (4) when necessary
- Rechargeable: No

SKU: TK41LCBK

PD35TAC

- Output: 8 to 1000 lumens
- Distance: 200 m (max.)
- Runtime: 1.15 to 140 hrs
- Water Resistance: IPX-8, 2 m
- Length: 5.4"
- Weight w/o Battery: 3.1 oz.

LOAD BEARING VESTS

LOAD BEARING VESTS

MODULAR ENTRY VEST

- MOLLE attachments on front and back for attaching modular accessory pouches
- Hydration compatible

MULTIPURPOSE ENTRY VEST

- 2 small and 2 large utility pouches
- 3 dual M4/M16 mag pouches
- Pouch for flashlight, knife or pistol magazine
- Hydration compatible

PLATE CARRIER VEST WITH CUMMERBUND

- Wrap around load panels create an extremely flexible and stable load carriage platform
- Holds 10" x 12" plates front and back
- Side panels feature internal pockets for supplemental side armor or quick storage for other items
- Can turn shoulder straps around to accommodate rifle buttstock

BREACHER VEST

- Hydration compatible, zippered, molded back pouch with stays
- 4 specially designed pockets for shotgun rounds
- 4 removable panels to mark lethal/non-lethal ammunitions
- 2 utility chest pouches
- Fits up to 72" girth
- Drag strap and MOLLE webbing on back

LAUNCHER VEST

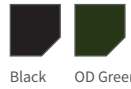

- Hydration compatible, zippered, molded back pouch with stays
- 2 specially designed pockets for launcher rounds
- 2 utility chest pouches
- 2 MK-9 side pouches for munitions
- Fits up to 72" girth
- Drag strap and MOLLE webbing on back

MVP TACTICAL VEST

MOLLE PANEL

These panels have complete MOLLE webbing coverage. Each panel has a non-slip shoulder surface with velcro loop for attaching a patch.

Black Coyote Tan

SKU: MVP01PANEL

AMMO PANEL

This panel has three rifle magazine pouches holding a total of six .223 magazines or three .308 magazines, as well as a pistol magazine pouch with adjustable flap. Above the mag pouches is a general purpose pouch with a velcro removable shot shell strip which can be placed on the inside or on the outside the pouch.

Black Coyote Tan

SKU: MVP02PANEL

HOLSTER PANEL

This panel has a fully adjustable cross-draw holster which fits most medium to large frame autos with or without a laser or light attached. It also has plenty of room for spare mags with one mag pouch attached to the holster, as well as a triple mag pouch with adjustable flaps located above the holster.

Black Coyote Tan

SKU: MVP03PANEL

BACK PANEL

The MVP BACK panel has a full MOLLE webbing for attaching MOLLE pouches. The upper webbing rows are velcro-covered for attaching patches. The inside of the panel has a reinforced drag handle at the top, as well as a compartment for a hydration reservoir.

Black Coyote Tan

AIRBOSS LOW BURDEN MASK (LBM)

- Lightweight and durable
- Comfortable with an easy-to-adjust fabric head harness
- High-performance facial seal
- Easy donning (within nine seconds)
- Fast decontamination
- Left, right or dual canister mount (40 mm NATO thread)
- Single polycarbonate lens with superior optical performance and integrated ballistic & UV protection
- Front speech transmitter
- Convenient high-flow drinking system

RUGGEDLY TOUGH & DURABLE

- Operational Range: -46 °C to 70 °C (-49 °F to 158 °F)
- Storage: -55 °C to 60 °C (-67 °F to 140 °F)
- Shelf Life: 15 years in original package if properly stored

SPECIFICATIONS

- Sizes: 4
- Color: Black
- Weight (without filter): 465 g per unit (size L)
- Packaging: Vacuumed foil bag (3000 cm³)
- CE & NIOSH certificates: Pending

AIRBOSS C4 CBRN GAS MASK (C4)

- Lightweight and durable
- Comfortable with an easy-to-adjust fabric head harness
- High-performance facial seal
- Easy donning (within nine seconds)
- Fast decontamination
- Left or right canister mount (40 mm NATO thread)
- Shatterproof, replaceable, polycarbonate lenses
- Front and side speech transmitters
- Convenient high-flow drinking system
- CE certified #2056

RUGGEDLY TOUGH & DURABLE

- Operational Range: -45 °C to 70 °C (-49 °F to 158 °F)
- Storage: -55 °C to 60 °C (-67 °F to 140 °F)
- Shelf Life: 15 years in original package if properly stored

SPECIFICATIONS

- Sizes: 4
- Color: Black (Also available in olive green or tan for large orders)
- Weight (without filter): 440 g (1 lb.) per unit (size M)
- Packaging: Vacuumed foil bag (3000 cm³)
- CE certificate: CEC #40183

GAS MASKS, RIOT & CBRN EQUIPMENT

RIOT SHIELD

An innovative and unique design which is more durable and more resistant to harsh conditions due to its glass fiber construction. Tested and proven for the past 25 years by the Montreal Police and Provincial correctional riot units.

SKU:

ED100- ELITE DEFENDER RIOT SUIT

The Elite Defender riot suit's contour-molded outer shell with impact ridges combined with the natural shock absorption characteristics of polyethylene plastic effectively disperses the brunt or impact of blows, jabs, and projectiles. The inner portion consists of 1/2" EVA foam sections cut into small rectangles and then sewn into a full torso/back protective shell with layers of polyester mesh and brushed polyester for ventilation and comfort. An added layer of polyethylene plastic on top of each small rectangle provides additional blunt force protection. The less-vital areas of the shins, arms, shoulders and thighs are protected with polyethylene plastic and dense foam for blunt force protection. The suit is primarily designed to withstand blows and absorb the shock of thrown projectiles.

FEATURES

- MOLLE webbing system on chest plate and hip guards for add-ons and storage pouch
- Sturdy PE protective shell for blunt force trauma protection
- Combination of thick BNI and EVA Foam padding throughout suit for force absorption
- Sturdy Nylon and Hexagon Sandwich Mesh shell material
- Easily donable with a system of strong buckle straps
- Supplied with polyester carry bag
- Ergonomically built to allow for full range of motion

SKU: EDSS-PRE

GAS MASKS, RIOT & CBRN EQUIPMENT

CROWD CONTROL SUIT – L6

The L6 is complete fireproof individual protective gear used during crowd control operations, for example by emergency response teams, public law enforcement, and correctional facility teams.

In the line of duty, these teams face more or less violent and controllable groups and need important frontal protection without their suit looking too aggressive or inciting violence. Entirely designed and manufactured in Canada, the L6 offers the option of combining passive attitude and extreme protection. The materials it is made of shield against blunt traumas and impacts. All at once mobile, flexible and ergonomic, its constitution brings long-lasting comfort by allowing for good body temperature regulation of the user.

Several sizes available.

EXTREME PROTECTION

The L6 has a high-level shock absorption capacity, thanks to the use of resistant PORON® XRD® material and HDPE. This superior quality urethane foam possesses unequalled impact reduction properties. It helps minimize impact by spreading it over the entire surface.

MOBILITY & FLEXIBILITY

The L6 suit is a sum of numerous protective parts assembled by ultra-flexible joints. Each of these mobile parts is thermoformed to better hug the body shape and integrate itself to the uniform. It is like a real shell for users, as it avoids pressure points that could become uncomfortable when the person is in motion. The fluidity and freedom of movement are guaranteed by this segmentation in mobile parts. The L6 can be worn for long hours on-site without any unpleasant or uneasy feeling.

DISCRETION

Even if its goal is to be used in combat situations, before anything else, the L6 is a protective suit, not one for attacks. The most aggressive-looking components are hidden under the outer layer of clothing. The pants and the vest give out a generally positive and assured impression, without encouraging an attack. This approach helps to defuse conflicts instead of promoting confrontation.

EASY TO PUT ON AND TAKE OFF

As a combination of only five parts, the L6 has the precious advantage of being very easy to put on and take off. A fast and adjustable strap system makes it simple to place and fit all body shapes. Assembling all components takes less than 20 minutes. Saving all this time is valuable to help teams be operational faster.

SKU:

GAS MASKS, RIOT & CBRN EQUIPMENT

THE CHEST

- Superior protection of the rib cage against impacts
- Ergonomic reinforcement of shoulders including shoulder blades and the collarbone
- Completely shielded flanks down to the lumbar vertebrae
- Soft mesh fabric for optimal comfort
- Structure that can be adjusted with Velcro and tightening straps

ARMS

- Multi-segmented design that guarantees range of motion
- Heat-molded parts that closely hug the body shape for complete coverage
- Supports the elbow by compressing the joint homogeneously.
- Supports and reinforces the entire arm in an homogeneous way
- Stays in place very well, no sliding, no compression feeling
- Moisture absorbing fabric
- Fastening with Velcro and adjustable clip-on straps

LEGS

- Multi-segmented design that guarantees range of motion
- Heat-molded parts that closely hug the body shape for complete coverage
- Stays in place very well, no sliding, no compression feeling
- Supports and stabilizes the leg to increase defence and decrease risks of harm
- Moisture absorbing fabric
- Fastening with Velcro and strap clips

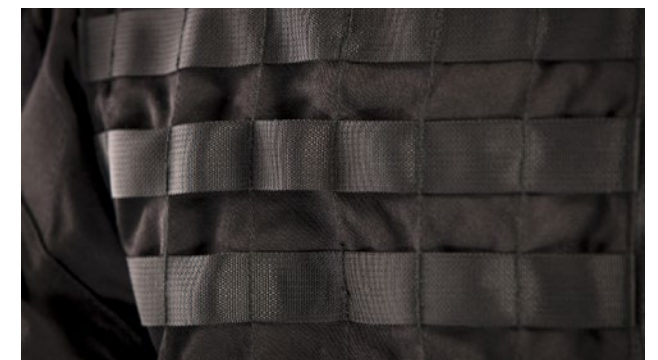

PANTS

- 2" wide belt
- Belt loops and zipper in the front
- Two front cargo pockets
- Two all-purpose front outer pockets
- Two back pockets with flaps on each side
- Reinforcements and double stitched seam in the buttock area
- Fireproof material

THE VEST

This modular vest is one of the L6's key elements. It is designed to offer sufficient space underneath to add a bulletproof vest for increased protection. Comfortable and resistant, it hides the more aggressive-looking protective components of the chest and arms and its outer layer possesses the benefits of the MOLLE system.

The MOLLE system:
Pronounced "Molly", this acronym refers to an attachment system that includes rows of heavy-duty nylon stitched onto the vest, which allows different pouches and compatible accessories to be attached. This attachment system has become a norm for all quality modular military gear and has replaced other systems used in the past.

TRAINING EQUIPMENT – T-RED

The T-RED (Real Ergonomic Design) is a complete individual protective gear that can be used when recreating combat simulations to minimize the risk of harm while training. Available in blue or green.

OPTIMAL PROTECTION

Each piece of equipment has the capacity to absorb strong shocks, as well as withstand airsoft-type shooting simulations. The T-RED absorbs every single hit without reverberating waves on the human body. The most sensitive areas are reinforced and junctions are robust.

LIGHT WEIGHT

With a total weight of 23 pounds (10.5 kg), the T-RED makes it possible to train with agility. Load distribution on the body helps the user keep maximum hit velocity by not obstructing movement. Users have the same sensations than on-site and fatigue due to heavy equipment is reduced.

MOBILITY & COMFORT

The T-RED's protective parts have been shaped into semi-spherical bubbles to reduce the contact surface between the equipment and the body. Users don't feel any pressure point that could interfere with their practice. The fluidity and freedom of movement are guaranteed by a body coverage segmented in mobile parts that are assembled with ultra-flexible joints. The gear remains in place because of a push and pull system, preventing the need to readjust it during training. Its comfort and flexibility ensure that users spend their energy more efficiently during practice sessions, which produces better training results.

EASY TO PUT ON AND TAKE OFF

Because the T-RED only includes four parts, it has the precious advantage of being very easily put on and taken off. A fast and adjustable strap system makes it simple to place and fit all body shapes. Because the T-RED is light and easy to handle, component assembly takes approximately 30 minutes the first time, and less than 5 minutes after a few practices.

BREATHABLE

Intense training sessions raise body temperature and the risks of heat exhaustion. Because of semi-spherical shapes on the T-RED, air travels freely and constantly to slow down temperature increase. The outer layer is equipped with AEGIS™ technology (used in the medical field). It protects against smelly bacteria and other micro-organisms.

SKU:

GAS MASKS, RIOT & CBRN EQUIPMENT

THE HELMET

- A strap under the chin ensures stability when moving and during impacts
- A structure with a protective grid shields the face and head
- The facial opening lets air in to breathe and helps visibility while still guarding against hits
- The helmet's ergonomic design allows for great mobility, so the head can move from side to side and front to back
- Extremely light (1 pound/450 g)

THE TORSO

- Reinforced construction at the sternum for superior protection of the rib cage
- One-piece breastplate to help diffuse and distribute the force of impacts
- Backplate consolidated by a spine protector
- Ergonomic reinforcement of shoulders including shoulder blades and the collarbone
- A protective part fortifies the back of the neck without interfering with full head rotation
- Completely shielded flanks down to the lumbar vertebrae
- Removable abdominal guard and structure adjustable with Velcro and clip-on straps

ARMS

- Protective gear that wraps around biceps and forearms
- Elbow protectors that diffuse impacts away from joints
- Multi-segmented design with an ergonomic yoke
- Ultra-flexible joints that provide superior range of motion
- Semi-spherical shape with straps for a firm and comfortable adjustment

THE BELT

- Firm support for lumbar vertebrae
- Wide coverage of the buttock area
- Light and very solid
- Closure with clip and Velcro and adjustment with clip-on straps
- Firm support from the shell

LEGS

- Protective gear that wraps around thighs and tibias
- Knee and ankle protectors that diffuse impacts away from joints
- Multi-segmented design with an ergonomic yoke
- Ultra-flexible joints that provide more mobility
- Semi-spherical shape with straps for a firm and comfortable adjustment

GAS MASKS, RIOT & CBRN EQUIPMENT

ADD-ON ACCESSORIES – T-RED

HIGH-PROTECTION HELMET

Head protection is a major challenge in designing our equipment. A helmet must offer the best visibility possible while still giving maximum protection and comfort to a very sensitive area. Made from a NOCSAE certified structure and used by football players, our helmet pushes protection at a higher level.

- Certified and reinforced structure
- Comfort and visibility
- Weight of 4.4 pounds (2.5 kg)

SHELL

The rigid shell is covered with foam which guards the skull by lessening impacts.

PADDING

Several cushions placed inside absorb shocks and reduce the consequences of impacts. The padding placed inside is interchangeable and optimally adjusts to the shape of the skull.

STRAP

A strap under the chin stabilizes the helmet during movement and impacts, but still allows for great head mobility from side to side and front to back.

VISOR

A curved anti-fog visor shields eyes from attacks while still offering the best visibility possible with a broad visual field. The narrow eye opening keeps frontal impacts from damaging the visor.

SKU:

TRAINING GLOVES

Back of the hand and finger reinforcement. The gloves protect joints well, they are breathable and water-resistant. The top part of the gloves is strengthened by a layer of foam that facilitates shock absorption on the back of the hands and on fingers. Sizes: small to extra large.

- Outer material: real leather
- Colour: black

SKU:

GAS MASKS, RIOT & CBRN EQUIPMENT

ADDITIONAL PROTECTIVE KIT – T-RED

For more intense training with a baton, it is recommended to use the additional protective kit. Five components have been added to the overall equipment to help safeguard certain areas unprotected by the T-RED. Each element can be adjusted according to body shapes.

PROTECTION OF INNER FORARMS

Tucked under the T-RED's main elements, these additional parts improve forearm protection, especially inside the elbow.

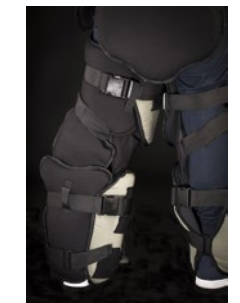

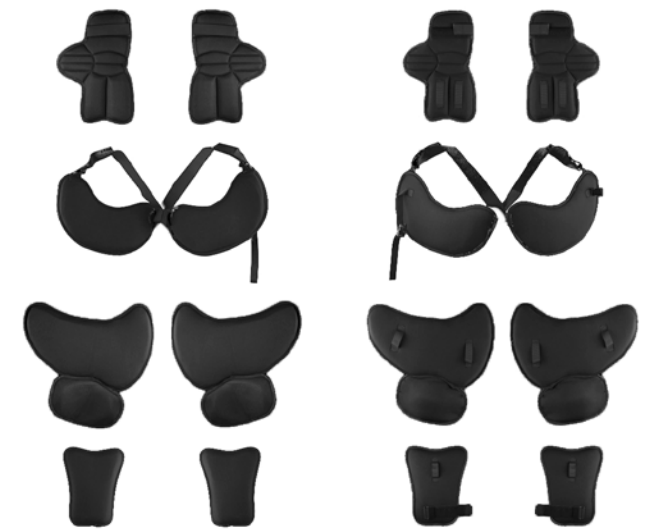

CALF PROTECTORS

Combined with the T-RED's leg guards, these items complete calf protection by fully covering the back.

BACK THIGH PROTECTION

Combined with the T-RED's leg guards, these items complete leg protection by fully covering them.

SKU:

B25 BAG

The B25 deployment bag offers a large storage capacity to facilitate both storage and transport of protective equipment. The bag can be worn on the back for faster deployment in case of on-site operations.

- Length: 41" (104 cm)
- Width: 14" (35.5 cm)
- Height: 18" (45.7 cm)
- Weight: 6.6 pounds (3.2 kg)

COATING

Reinforced polyester and PVC shell for a strong resistance to abrasion and cuts.

SUSPENDERS

- Ultra-resistant carrying handles that make it easier to pick up, transport and store the bag
- Adjustable, comfortable, preformed suspenders with foam to give the shoulder maximum comfort and stability during transport
- A belly strap gives the rest of the necessary support to avoid any undesirable bag movement

COMPARTMENTATION

- Outer storage compartments: two (2) zipped pockets with mesh finishes and seven (7) vinyl pockets
- Inner storage compartments: four (4) stretchable mesh pockets with zippers, four (4) normal pockets and one (1) zipped pocket with reinforced bindings to store the helmet and the visor

CHAMELEON SUIT

REALITY BASED ECD TRAINING SUIT

G-Squared Consulting is proud to present the Chameleon Electronic Control Device (ECD) training suit, featuring patent protected ThorShield® fabric technology. The Chameleon is the first training suit that allows for real, live Taser™ brand device probe-firing and stun gun drive-stun application. Combining the Chameleon with an existing padded training system (such as Redman, High Gear, FIST and others) provides a complete Reality Based Training (RBT) system. The trainer and trainee can run both scripted as well as unscripted test case scenarios with the Chameleon, improving on current ECD training capabilities. Designed to easily adapt to an existing padded system or be used as a standalone training suit, the Chameleon has easy to adjust velcro straps at the wrist and waist and an easy-open front zipper to allow easy and quick dressing and training time preparation.

CHAMELEON FEATURES

- Designed for energy weapon training
- True RBT when combined with other pad systems
- ThorShield® patented technology for ECD protection
- Commercial ECD compatibility using live probes (recommended with pad system)
- Commercial ECD stun gun compatibility in drive-stun mode
- Jumpsuit design for easy and quick dressing and training time preparation
- Fits under or over existing padded systems (other systems provide protection from weapons, hands and ground impact)
- Supports scripted and unscripted test case scenarios
- Allows the trainer to pinpoint specific contact points for the best results

SKU: CHTRSU13

GAS MASKS, RIOT & CBRN EQUIPMENT

THE RAPTOR GLOVE

G Squared Consulting presents the "Raptor Series" multi threat ElectroShock/Taser™ brand device protection, cut and slash-resistance, flame and flash-resistance, puncture-resistance, touch screen, abrasion/tear and bite-resistance, electrostatic discharge and anti-microbial gloves. Raptor series gloves are designed using patent protected ThorShield® technology to provide you with extreme durability and outstanding protection for the multiple threats that you face each day in the line of duty.

GLOVE FEATURES

- Touch screen/multi touch screen capable
- Electrostatic discharge protection
- Light weight multi fabric construction
- Genuine leather hand and palm for strength and durability
- Multi threat protection coverage for your full hand
- Stun gun/Taser™ brand device drive stun only protection for the whole hand
- Sizes: XS to XXL

SKU: THORSHIELDGLOVE

TRAINING BAG

Training Bags facilitate safe, dynamic countermeasures and baton instruction. They allow full impact strikes while training body mechanics, balance and stability.

The ASP training bag incorporates a foam interior and poured black vinyl, nylon mesh cover. The bag is designed for countermeasures and tactical baton instruction.

FEATURES

- Soft seam edges
- Orientation logo
- Pressure relief vents
- Retention straps

DYNAMIC ENTRY® SMALL PRY™

- Collaborative effort between BLACKHAWK!®'s Dynamic Entry and Knife design teams
- Combines specialized prying capabilities with a readily available cutting edge
- Ideal for prying interior doors and drawers, window "break and rake" operations and tactical cutting
- Corrosion-resistant black epoxy powder coating on D-2 tool steel blade
- Natural-gas-valve cutoff slot: 1.5"L x .6"W (15DE00YL only)
- Includes S.T.R.I.K.E.® mounting kit (15DE00BK-STRIKE) for attaching to PALS/MOLLE webbing or backpack mounting kit (15DE00BK-PACK) for attaching to Dynamic Entry® backpack kits
- Blade length: 4.390"/112 mm; Overall length: 14.460"/367 mm
- Weight: 1.5 lbs. with sheath

Small Pry with S.T.R.I.K.E. Mounting Kit	SKU: 15DE00BK-STRIKE
Small Pry with Backpack Mounting Kit	SKU: 15DE00BK-PACK
Emergency Rescue Small Pry	SKU: 15DE00YL

DYNAMIC ENTRY® BREAK-N-RAKE™

- Specifically engineered for window entries
- Electrically nonconductive D-handle system is resistant to 100,000 volts AC
- Military-grade steel serrated blade and laser-cut hook
- Three carbon steel 12" raking fins to clear away glass and other debris
- Reinforced hook removes curtains, blinds and other obstructions
- Length: 51" (DE-BR), 69" (DE-SBR)
- Weight: 9.6 lbs. (DE-BR), 11 lbs. (DE-SBR)

Break-N-Rake	SKU: DE-BR
Super Break-N-Rake	SKU: DE-SBR

DYNAMIC ENTRY® MINI BREAK-N-RAKE™

- Designed in conjunction with domestic and international operators
- Electrically nonconductive D-handle system is resistant to 100,000 volts AC
- Can replace Special Operations Hallagan Tool in the Tactical Backpack Kit
- Easily fits in trunk of patrol or rescue vehicles
- Length: 25"; Weight: 4.5 lbs.

SKU: DE-MBR

DYNAMIC ENTRY® TACTICAL BREACHING SAW™

- Electrically nonconductive D-handle system is resistant to 100,000 volts AC
- High-carbon steel head with specifically positioned cutting teeth
- Sharpened edge and tip for chopping and cutting operations
- Sturdy sheath protects operator and tool
- Length: 64"; Weight: 9.5 lbs.

SKU: DE-TBS

TACTICAL TOOLS

SKU: DE-BS

DYNAMIC ENTRY® BREACHING SLEDGE

- Micro-metal composition for added strength and reduced spalling when struck by another Breaching Sledge
- Electrically nonconductive fiberglass handle is resistant to 100,000 volts AC
- Sure-grip handle system reduces the chance of slippage during operations
- Friction ridges on the wedge for added grip and stability during breaching
- Length: 22"; Weight: 8 lbs.

DYNAMIC ENTRY® BREACHER SERIES

- Electrically nonconductive handle system is resistant to 100,000 volts AC
- Tempered stainless steel wedge with counter-angled friction ridges for tool stability and slippage prevention
- Safety-guard handgrip reduces the possibility of operator's hands slipping onto working end of tool
- Length: 14.25" (DE-MB), 24" (DE-SOB), 30" (DE-TB)
- Weight: 4.7 lbs. (DE-MB), 5.4 lbs. (DE-SOB), 6 lbs. (DE-TB)

DYNAMIC ENTRY® MOBILE HOME DOOR BREACHER

- Electrically nonconductive
- D-handle system is resistant to 100,000 volts AC
- Unique leverage orientation pulls locking mechanism free of doorjamb while opening door
- Reinforced, laser-cut carbon steel head
- Length: 28.5"; Weight: 5.5 lbs.

DYNAMIC ENTRY® THUNDERSLEDGE™ SERIES

- Electrically nonconductive handle system is resistant to 100,000 volts AC
- Sure-grip handle system reduces slippage during operations
- Drop-forged, heat-treated carbon steel striking head
- Length: 14" (DE-MCR), 22" (DE-MTS), 32" (DE-TS)
- Weight: 4.6 lbs. (DE-MCR), 7.5 lbs. (DE-MTS), 12 lbs. (DE-TS)

DYNAMIC ENTRY® THUNDERMAUL™

- Incorporates an axe and sledge into one compact tool for diverse entry functions
- Electrically nonconductive handle system is resistant to 100,000 volts AC
- Sure-grip handle system reduces slippage during operations
- Drop-forged, heat-treated carbon steel striking head
- Nick-resistant tempered blade
- Length: 21.5"; Weight: 7.5 lbs.

DYNAMIC ENTRY® U.K. HALLAGAN TOOL™

- Unique glass-buster head for “break and rake” operations
- Electrically nonconductive handle system is resistant to 100,000 volts AC
- Safety-guard handgrip reduces the possibility of operator’s hands slipping onto working end of tool
- Tempered stainless steel wedge with counter-angled friction ridges for tool stability and slippage prevention
- Wedge: 2" x 4"; Length: 32.5"; Weight: 7.5 lbs.

SKU: DE-UKHT

DYNAMIC ENTRY® HALLAGAN TOOL SERIES

- Non-sparking, electrically nonconductive handle system is resistant to 100,000 volts AC
- Ergonomic handle reinforces proper hand placement
- Fork and horn end for prying and breaching
- Use with Dynamic Entry® ThunderSledge™ tools to effectively breach padlocks
- Length: 24" (DE-SOHT), 29.5" (DE-HT), 40" (DE-GB)
- Weight: 7.5 lbs. (DE-SOHT), 8 lbs. (DE-HT), 17.5 lbs. (DE-GB)

DYNAMIC ENTRY® ACTIVE SHOOTER HALLAGAN TOOL

- Features counter-angled friction ridges to grip breaching surfaces securely and increase bite
- Electrically nonconductive handle system is resistant to 100,000 volts AC
- Redesigned tempered stainless steel wedge and horn
- Ergonomic handle reinforces proper hand placement
- Non-sparking fork end
- Length: 24"; Weight: 7.5 lbs.

SKU: DE-ASHT

DYNAMIC ENTRY® CLASSIC HALLAGAN TOOL

- One-piece, drop-forged alloy steel
- Made to exacting standards in the USA
- Forged-in sling attachments
- Includes sling with horn-protecting cover
- Horn: 4.25"; Length: 30"; Weight: 10 lbs.

SKU: DE-CHT30

DYNAMIC ENTRY® SPECIAL OPERATIONS ENTRY RAM

- Non-sparking, electrically nonconductive handle system is resistant to 100,000 volts AC
- Ergonomic control-flex handle system reduces impact stress
- Ambidextrous handle orientation for one- or two-person operation
- Forward-weighted design is a close-quarter alternative to the MonoShock Ram™
- Length: 25"; Weight: 30 lbs.

SKU: DE-SOER

DYNAMIC ENTRY® CQB RAM™

- Non-sparking, electrically nonconductive handle system is resistant to 100,000 volts AC
- Oversized control-flex handle system keeps breachers outside the “fatal funnel” even in cramped areas
- Length: 20"; Weight: 23 lbs.

SKU: DE-CQB

DYNAMIC ENTRY® MONOSHOCK RAM™

- Non-sparking, electrically nonconductive handle system is resistant to 100,000 volts AC
- Ergonomic control-flex handle system reduces impact stress
- Includes padded quick-release sling
- Length: 31.5"; Weight: 32 lbs.

SKU: DE-MS

DYNAMIC ENTRY® TWIN TURBO™

- Designed for one- or two-person operation
- Non-sparking, electrically nonconductive handle system is resistant to 100,000 volts AC
- Ergonomic control-flex handle system reduces impact stress
- Includes padded quick-release sling
- Length: 40"; Weight: 41.5 lbs.

SKU: DE-EK3

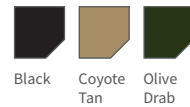

TACTICAL TOOLS

NEOPRENE ELBOW & KNEE PADS

- Textured outer contact patch for durability and secure grip
- Contoured inner section cradles elbow and prevents slippage and lateral movement (elbow)
- Easy slip-on design (elbow)
- Closed-cell foam padding provides excellent shock resistance and little or no moisture retention (knee)
- Internal grip patch and contoured ledge prevent pad slippage (knee)
- Dual-secure hook & loop straps keep pad in place (knee)

ADVANCED TACTICAL ELBOW & KNEE PADS V.2

- Closed-cell foam padding provides excellent shock resistance and little or no moisture retention
- 600 denier nylon shell
- Hook & loop elastic straps keep pad in place
- Non-slip, flexible, molded polyurethane cap (elbow)
- Contoured interior ledge prevent pad slippage (elbow)
- Injection-molded flex cap design (knee)
- Minimizes gap between bottom of cap and nylon carrier when flexed (knee)
- Padded side extensions for additional comfort and improved strap positioning (knee)

TACTICAL TOOLS

TACTICAL PORTAL LADDER™

The Portal Ladder™ is a unique foldable ladder that provides mission flexibility and versatility to tactical teams worldwide. This durable ladder can be deployed quickly, disassembled and removed from the scene in a matter of minutes. The sleek non-reflective black design makes this ladder ideal for night-time usage and is flame-retardant, non-conductive and UV-resistant. Comes in 6', 8', 10', 12' or 14' lengths.

FALCON

SEAT HARNES FOR WORK IN SUSPENSION

- Metal ventral attachment point distributes the load between the waistbelt and leg loops during suspension
- Comfortable, ultra-light design:
 - semi-rigid, slim waistbelt and leg loops ensure optimal comfort/weight ratio
 - textile side attachment points, for occasional use, limit bulk and weight
- Ergonomics:
 - waistbelt and leg loops equipped with self-locking DoubleBack buckles for quick and easy adjustment
 - foam on leg loops can be adjusted for perfect positioning
 - rear buckle allows a TOP chest harness to be attached
 - four equipment loops: two large rigid ones in front for easy access to gear and two small flexible ones in back that will not interfere with wearing a backpack
- Available sizes: size 1 (waist belt: 70 - 93 cm, weight: 855 g), size 2 (waist belt: 83 - 120 cm, weight: 855 g)
- CE EN 358, CE EN 813, CE EN 361 (combined with the TOP chest harness), EAC

FALCON MOUNTAIN

SEAT HARNES FOR OPERATIONS USING CLIMBING TECHNIQUES

- Textile bridge construction favors progression using climbing techniques, without hindering walking
- Comfortable, ultra-light design:
 - semi-rigid, slim waistbelt and leg loops ensure optimal comfort/weight ratio
 - textile side attachment points, for occasional use, limit bulk and weight
- Ergonomics:
 - waistbelt and leg loops equipped with self-locking DoubleBack buckles for quick and easy adjustment
 - foam on leg loops can be adjusted for perfect positioning
 - rear buckle allows a TOP chest harness to be attached
 - four equipment loops: two large rigid ones in front for easy access to gear and two small flexible ones in back that will not interfere with wearing a backpack
- Available sizes: size 1 (waist belt: 70 - 93 cm, weight: 810 g), size 2 (waist belt: 83 - 120 cm, weight: 840 g)
- CE EN 358, CE EN 813, CE EN 12277 type C, CE EN 361 (combined with the TOP chest harness), EAC

SKU: C081AA01

TOP

CHEST HARNES FOR SEAT HARNES

This harness transforms the FALCON seat harnesses into full-body harnesses. The foam shoulder straps are widely spaced to reduce neck chafing. When the waistbelt is loaded, they help distribute the load over the shoulders. One size, 600 g. Certification(s): CE EN 361 (with FALCON seat harnesses), EAC

SKU: C98A

CHEST'AIR

CHEST HARNES FOR SEAT HARNESSES

This harness transforms the ASPIC, FALCON and FALCON MOUNTAIN seat harness into a helivac harness. Connects simply to the harness ventral attachment point for rapid installation. It adapts easily to all body types with its DoubleBack self-locking buckles on the shoulder straps and ventral strap. One size, 495 g. Certification(s): CE EN 12277 type D, CE EN 361

ASPIC

COMPACT, LIGHTWEIGHT TACTICAL SEAT HARNES FOR CLIMBING AND MOUNTAINEERING

SKU: C96

- Comfortable construction:
 - waistbelt and leg loops lined with breathable perforated foam for comfort when suspended
 - "bridge" tie-in point design enhances mobility when climbing
- Harness is adaptable to a variety of situations:
 - waistbelt comfort foam is removable to prioritize lightweight or comfort, depending on the activity or the clothes worn
- Practical adjustment:
 - waistbelt and leg loops equipped with self-locking DoubleBack buckles for quick and easy adjustment
- Facilitates carrying equipment:
 - flexible equipment loops don't interfere with a backpack: four equipment loops (side and rear) with waistbelt comfort foam, two equipment loops (rear) without the waistbelt comfort foam
 - two CARITool tool holder slots on sides
 - rear loop for haul rope
- May be combined with a CHEST'Air chest harness for helicopter evacuations
- One size
- 510 g (395 g without waistbelt foam)
- CE EN 12277 type C (with and without waistbelt comfort foam)

SKU: C29 N

PANDION

LIGHTWEIGHT AND COMPACT SEAT HARNES

- Ventral attachment point
- Flexible equipment loop doesn't interfere with a backpack
- Waistbelt and leg loops equipped with self-locking DoubleBack buckles for quick and easy adjustment
- One size
- 400 g
- CE EN 12277 type C, UIAA 105

AVAO® BOD FAST

COMFORTABLE HARNES FOR FALL ARREST, POSITIONING AND SUSPENSION

- Comfort in any situation:
 - wide, semi-rigid waistbelt and leg loops for excellent support. Its lightweight, breathable construction maximizes air flow
 - foam shoulder straps are widely spaced to reduce neck chafing. When the waistbelt is loaded, they help distribute the load over the shoulders
- Convenient adjustment:
 - waistbelt and shoulder straps equipped with self-locking DoubleBack buckles for quick and easy adjustment
 - leg loops equipped with FAST LT buckles for quick and easy opening and fastening without the need to readjust them, even while wearing gloves
 - side attachment points can be folded down to prevent them snagging accidentally when not in use
 - DoubleBack self-locking buckles at the rear of the harness, between the waistbelt and the leg loops, allow for an adjustment for use on the dorsal attachment point. In case of a fall on this point, a shorter adjustment allows the weight to be taken up on the leg loops
- Six pre-shaped equipment loops with protective sheath
- Available sizes: size 0 (waist belt: 65 - 80 cm, weight: 2000 g), size 1 (waist belt: 70 - 93 cm, weight: 2045 g), size 2 (waist belt: 83 - 120 cm, weight: 2125 g)
- CE EN 361, CE EN 358, CE EN 813, EAC

TACTICAL TOOLS

BELT

Size 1
Size 2

SKU: C95 1
SKU: C95 2

KANO

VERSATILE TACTICAL BELT

- Belt lined with breathable perforated foam
- Anti-slip patch keeps belt in position
- FAST automatic buckle for quick and easy donning without loss of adjustment
- Equipment strap can be opened to add items to the belt (weapon, ammo pouch, knife). It is compartmentalized for organizing equipment
- This strap has an integrated holster guide for Serflex handcuffs
- Textile pockets inside the belt for storing ear plugs
- Two lateral textile attachment points for securing oneself aboard an aircraft, or on a roof (restraint system)
- Two textile attachment points, high and low on rear of belt, for connecting a restraint lanyard and/or chest harness for rappelling with a load, or for SPIE extraction
- Leg loops concealed inside waistbelt allow for occasional rappels. The descender connects to the two-part ventral attachment point
- Leg loops equipped with self-locking DoubleBack buckles
- Available sizes : size 1 (waist belt : 83 - 108 cm, weight : 760 g), size 2 (waist belt : 90 - 122 cm, weight : 860 g)
- CE EN 358

DESCENDERS & ROPE CLAMPS

EXO® EASHOOK

INDIVIDUAL EVACUATION SYSTEM WITH EASHOOK CARABINER

- EASHOOK anchor carabiner is easy to manipulate
- Self-braking system for:
 - giving slack quickly
 - controlling and stopping a descent
 - limiting the force transmitted to the user in case of a fall
- Aramid fiber static rope, 15 m length and 7.5 mm diameter, resists abrasion and high temperatures
- Open directional point for:
 - guiding the rope during a descent
 - freeing the rope to facilitate short rope ascents (by adding a TIBLOC rope clamp and a FOOTAPE foot loop)
- Fire-resistant carry bag for attaching the system directly to the harness
- Am'D connector with CAPTIV positioning bar, to help keep the connector correctly positioned and integrated with the device
- Different rope lengths available by special order
- 1220 g
- EN 341 type D

SKU: D30BCN 015

TACTICAL TOOLS

RIG

The RIG self-braking descender allows the user to easily position himself by using the handle to lock the device in place on the rope.

- 380 g
- For use on 10,5 - 11,5 mm ropes
- EN 341 classe A, CE EN 12841 type C, NFPA 1983 Technical Use, EAC
- NSN : 8465-145647710

SKU: D21AN

HUIT ANTIBRULURE

Figure eight descender with anti-burn tab for holding the device when it is hot from a long or rapid descent.

- 110 g
- For use on 8 - 13 mm ropes
- NSN : 8465-144724444

SKU: D01

PIRANA

The PIRANA descender offers multiple braking options and can be installed on the rope without removing it from the harness.

- 90 g
- For use on 8 - 13 mm single rope

SKU: D05 NOI

REVERSO® 4

This belay/rappel device is lightweight and easy to use. V-shaped friction channels, with asymmetrical side grooves, adapt the rope friction for better control. Reverso mode for belaying one or two seconds.

- 59 g
- For use on ≥ 8 mm half ropes
- ≥ 7.5 mm twin ropes
- ≥ 8.9 mm single ropes
- NSN : 8465-145748026

SKU: D17 C

TIBLOC

Extremely compact and lightweight, the TIBLOC is an emergency rope clamp for ascending ropes or setting up hauling systems.

- 35 g
- For use on 8 - 11 mm ropes
- CE EN 567, EAC

SKU: B01BN

BASIC

The BASIC rope clamp is very compact, making it easy to grip. The wide lower hole allows lanyard and foot loop carabiners to be easily connected.

- 85 g
- For use on 8 - 11 mm ropes
- CE EN 567, CE EN 12841 type B, EAC

SKU: B18BAA

ASCENSION

The ASCENSION handled rope clamp is designed for rope ascents and features an overmolded grip and ergonomic upper part for a comfortable and powerful grip when pulling with one or two hands. It has a wide lower hole for easily attaching two carabiners for a lanyard and footloop.

- 165 g
- For use on 8 - 13 mm ropes
- CE EN 567, CE EN 12841 type B, EAC, NFPA 1983 Technical Use

Left-handed
Right-handed

SKU: B17ALN
SKU: B17ARN

FOOTAPE

The adjustable FOOTAPE foot loop is used with the ASCENSION handled rope clamp for rope ascents. A height-adjustable elastic keeps the foot in the loop, regardless of shoe type.

- 65 g

SKU: C47A

CONNECTORS

OK

This lightweight aluminum carabiner has an oval shape that allows optimal loading of devices with a wide section, such as pulleys or rope clamps.

Non-locking	SKU: M33A G
◀ SCREW-LOCK	SKU: M33A SLN
◀ TRIACT-LOCK	SKU: M33A TLN

AM'D

This lightweight asymmetrical aluminum carabiner has a D shape particularly suited for connection to equipment such as descenders or positioning lanyards. CE EN 362, EAC, NFPA 1983 Technical Use

◀ TWIST-LOCK	SKU: M34A RLN
◀ SCREW-LOCK	SKU: M34A SLN
◀ TRIACT-LOCK	SKU: M34A TLN

WILLIAM

This lightweight large-capacity asymmetrical aluminum carabiner has a pear shape that is practical for easily connecting multiple items. CE EN 362, EAC, NFPA 1983 Technical Use

◀ SCREW-LOCK	SKU: M36A SLN
◀ TRIACT-LOCK	SKU: M36A TLN

SM'D

This ultra-lightweight compact asymmetrical aluminum carabiner is recommended for tactical personnel looking for significant weight reduction.

◀ Non-locking	SKU: M39A SN
◀ SCREW-LOCK	SKU: M39A SLN
◀ TRIACT-LOCK	SKU: M39A TLN

ATTACHE

This ultra-lightweight compact aluminum carabiner has a SCREW-LOCK locking system and an H cross-section to reduce weight, as well as the Keylock system to avoid the carabiner snagging during maneuvers. CE EN 362, CE EN 12275 type H

SKU: M38A SLN

OXAN

This high-strength symmetrical steel carabiner, for use in harsh environments, has an oval shape allowing optimal loading of the carabiner when setting up anchors or connecting to metal structures.

◀ SCREW-LOCK	SKU: M72A SLN
◀ TRIACT-LOCK	SKU: M72A TLN

VULCAN

This high-strength large-capacity asymmetrical steel carabiner, for use in harsh environments, has a shape that facilitates connecting multiple items.

◀ SCREW-LOCK	SKU: M73 SLN
◀ TRIACT-LOCK	SKU: M73 TLN

CAPTIV

The CAPTIV positioning nylon bar promotes loading of the carabiner on the major axis, limits the risk of rotation and keeps it integrated with the device or lanyard. CAPTIV is compatible with OK, Am'D, WILLIAM and OXAN carabiners.

SKU: M093AA00

PULLEYS & ANCHORS

FIXE

- Versatile, compact pulley for quick installation onto the rope
- For use on 7 - 13 mm single rope
- Sheave diameter: 21 mm (efficiency 71%)
- Maximum load limit: 5 kN
- 90 g
- CE EN 12278
- NSN: 3940-145728222

SKU: P05WN

RESCUE

- High efficiency pulley for intensive use
- For use on 7 - 13 mm single rope
- Sheave diameter: 38 mm (efficiency 95%)
- Sealed ball bearings: yes
- Maximum load limit: 8 kN
- 185 g
- CE EN 12278, NFPA 1983 General Use
- NSN: 4240-01-573-3753

SKU: P50AN

MICRO SWIVEL

- Compact openable swivel designed for attachment to a locking carabiner, to avoid twisting of lanyards and to allow correct positioning of devices
- Aluminum, plastic
- 75 g
- Breaking strength: 23 kN
- CE, EAC

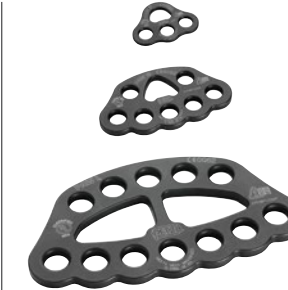

SKU: P58 XSO

SWIVEL S

- Positioned between the rope and the load, the compact swivel allows the load to turn without twisting the rope
- 95 g
- Breaking strength: 23 kN
- Working load: 5 kN
- CE, EAC
- NSN: 4030-145752156

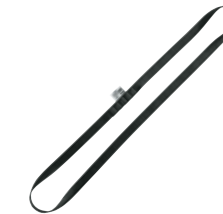

SKU: P58 S

PAW

- This aluminum rigging plate is for creating multi-anchor systems
- 19 mm holes
- Breaking strength: 36 kN
- CE, NFPA 1983 General Use

Small (55 g)	SKU: P63 SN
Medium (210 g)	SKU: P63 MN

200 cm (485 g)	SKU: C42 200

CONNEXION VARIO

- Adjustment buckle allows strap to be adjusted between 80 and 130 cm
- Forged steel D-rings on the ends
- Breaking strength: 22 kN
- 480 g
- CE EN 795 B

SKU: C42 V

CONNEXION FAST

- Rapid adjustment buckle on end allows strap to be adjusted between 20 and 150 cm
- Forged steel D-rings on the ends
- Breaking strength: 18 kN
- 440 g
- CE EN 795 B

SKU: C42 F

ROPES

PARALLEL 10.5 MM

SEMI-STATIC, FLEXIBLE AND LIGHTWEIGHT ROPE

- Thin diameter ensures very good performance in terms of flexibility and weight
- Consistent performance over time:
 - EverFlex construction with nylon core and polyester sheath, with specific weave
 - this construction ensures great flexibility over time, under any conditions (water, dust, mud, etc.), which allows it to maintain excellent handling and optimal functioning with devices
- Polyester, nylon
- Weight per meter: 75 g
- CE EN 1891 type A, EAC
- Customization by request: option of ordering a rope of a specified length

50 m	SKU: R077AA05
100 m	SKU: R077AA11
200 m	SKU: R077AA23

AXIS 11 MM

LOW STRETCH KERNMANTEL ROPE WITH GOOD HANDLING

- Standard diameter ensures a good grip for easier handling
- Same specs as above
- Weight per meter: 82 g
- CE EN 1891 type A, NFPA 1983 Technical Use, EAC
- Customization by request: option of ordering a custom-length rope

ENHANCED TACTICAL ROPE BAG

- Constructed of Type 4 nylon webbing
- Holds up to 200 ft of rope (not included)
- Drawstring sleeve for full bag closure
- Drawstring pocket holds excess drawstring
- Quick-release buckle belt attachment
- Grommets on bottom of bag for drainage
- External pocket for carabiners
- Quick-disconnect leg straps with high-visibility red pull tabs
- Dimensions: 22"L x 5.5"W x 10"D

SKU: 20TR03BK

HELMETS & GLOVES

VERTEX® BEST

HELMET WITH UNVENTILATED SHELL

- Optimal protection:
 - shock absorption achieved through deformation of the outer shell
 - its closed shell offers protection against electrical risk and molten metal splash
 - strong chinstrap (more than 50 daN) limits the risk of losing the helmet during a fall
- Very comfortable to wear:
 - six-point textile suspension conforms perfectly to the shape of the head
 - CenterFit adjustment system adjusts the headband and keeps the helmet centered on the head
 - comes with two sizes of headband foam
- Accessorization possibilities:
 - ULTRA VARIO headlamp (front and back slots)
 - headlamp with elastic headband (headlamp clips)
- Headband: 53 - 63 cm
- 455 g
- CE, ANSI Z89.1-2009 type I classe E (+CSA Z94.1-05 type 1 classe E for the A10BNC version)
- NSN: 14-560-4030

PATROL BAGS

POLICE EQUIPMENT BAG

- Constructed of 1000 denier nylon with reinforced stitching
- Full wraparound carry handles for superior weight support
- Reinforced with internal polymer stiffeners
- Adjustable, removable shoulder strap
- Heavy-duty lockable YKK® zippers with easy-grip pull tabs
- Fully padded lid
- Two external zippered pouches, three external open-top pouches and two external straps to secure baton or flashlight
- Two internal zippered pouches and pen holder slots
- Dimensions: 1731^{ms} (total), 7.5"L x 12"W x 18.5"D = 1665^{ms} (total), 8"L x 5.5"W x 1"D (external pouches), 5.5"L x 4"W x 1"D (internal pouches)

SKU: 20PE00BK

PATROL BAG

The Police Patrol Bag is constructed of Ballistic nylon with heavy duty zippers and hardware. The bag has an adjustable rigid divider insert and a reinforced lid with elastic pocket dividers. It has pockets on both ends as well as a radio pocket, flashlight pocket and citation book pocket on the front. It also has a flat pocket and ID holder on the back and a comes with a 2" padded shoulder strap.

- Dimensions: 18.5" x 12" x 7.5"
- Made in the USA

SKU: PPB

PATROL DUTY BAG

The D1 Patrol Duty Bag is constructed of 840 denier, water-resistant nylon with PVC backing and features heavy-duty zippers and a removable nylon web shoulder strap. It has a spacious interior compartment with an adjustable divider and a removable rigid bottom, two zippered cargo pockets and six pen/pencil pockets. The exterior has two zippered cargo pockets, two flip-top pockets, and three open-top pockets for the ultimate in organization.

- Spacious interior compartment with adjustable divider and removable rigid bottom
- 2 interior zippered cargo pockets, 1 flat pocket and 6 pen/pencil pockets
- 2 exterior zippered cargo pockets, 2 flip-top pockets and 3 open-top pockets
- Hook and loop straps on the padded top for baton or flashlight
- Weight: 5.2 lbs. (82.4 oz.)
- Dimensions:
Exterior: 25"L x 10"W x 12"H
Interior: 18"W x 8" x 11"H
- Available in color black only

SKU: D1-BAG

PATROL BAGS

DUTY PATROL BAG

With three zippered pockets, adjustable and removable center separator, pen and pencils holder, note pad holder, shoulder strap and dual carrying handle, removable ridged wall inserts.

SKU: HT530

HWW DUTY BAG

The DB100 is an excellent duty bag for taking on patrol and is designed to easily accommodate all the necessary equipment that an officer carries. The inside dimensions are 17" long x 10" deep x 8" wide. The outside dimensions with both outer pockets figured in is approx. 24" long x 11" deep x 9" wide. It is made to last with a sturdy 840 D polyester shell and heavy duty closures.

SKU: DB100

PATROL DUTY BAG

The TAC-1 has all the best selling features of the other patrol bags, but the thing that makes it very unique, is the MOLLE, featured on the back of the bag.

- Dimensions: 18"L x 9"W x 12"D
- Spacious interior compartment w/adjustable divider & removable rigid bottom
- 2 hand holders, padded shoulder strap & removeable center
- Front: ID window, water bottle holder w/eyelets to allow liquid to exit the pocket, center pocket (7" x 8.5" x 1"), baton holder (1.75" x 7" x 1"), pocket w/velcro flap (1.75" x 7" x 1.25")
- Sides: Pockets w/zipper (7.5" x 9" x 2") w/an extra pocket (4.25" x 4.75" x 2") on top left side
- Back: 3 straps of MOLLE
- Top (outside): Window identification (10" x 14"), baton/umbrella, Maglite velcro strap holder
- Top (inside): 2 zippered cargo pockets (5" x 6" x 1.5") & 6 pen/pencil pockets
- Inside: Centre back pocket w/zipper (9.75" x 10" x 1"), quick release buckle

OZONE DELUXE FLEX CLOSET

- Closet size: 69" x 45" x 27"
- Portable, easy assembly
- Heavy duty zipper and liners
- Maintenance free Ozone Generator
- 20-year life expectancy

SKU: 79711

OZONE GEAR STATION

- Heated air and Ozone
- Adjustable air pipes
- Automatic shutoff timer (up to 3 hours)
- Maintenance free
- 2-year warranty

SKU: 79716

OZONE GO

- 12V-24V vehicle outlet Ozone Generator
- LED Ozone emittance light
- Eliminates odor within 30 minutes
- 60 minute run cycle
- 2-year warranty

DISINFECTANTS

TB MINUTEMAN NEX GEN DISINFECTANT WIPES

tb Minuteman NEX GEN Disinfectant wipes and spray are new additions to maxill's line-up of hard surface disinfectants. In addition to disinfecting against HIV-1, tb Minuteman NEX GEN has the added benefit of disinfecting against Hepatitis B (DHBV) and Hepatitis C (BVDV) to assure significant reduction of risk of cross-infection from these three commonly feared bloodborne viral pathogens. tb Minuteman NEX GEN may be used on a multitude of non porous hard surfaces and is also gentle enough to use on dental chairs!

1-MINUTE CONTACT TIME

- Human Immunodeficiency virus type 1 (HIV-1)*

2-MINUTE CONTACT TIME

- Vancomycin Resistant *Enterococcus faecalis* (VRE)
- Methicillin Resistant *Staphylococcus aureus* (MRSA)
- Duck Hepatitis B Virus (Surrogate for Human Hepatitis B Virus)*
- Bovine Viral Diarrhea Virus (Surrogate for Human Hepatitis C Virus)*
- Avian Influenza A (H3N2) Reassortant virus
- *Salmonella enterica*

3-MINUTE CONTACT TIME

- *Mycobacterium bovis* BCG
- *Pseudomonas aeruginosa*
- *Staphylococcus aureus*
- Poliovirus Type 1
- *Trichophyton mentagrophytes*

NARCOTICS & EXPLOSIVES TESTING

NARCOTICS IDENTIFICATION

The only international standard for field testing suspicious substances and the only field test that has been awarded the ISO 9002 seal of excellence for quality control. The system identifies narcotic and street drugs. 10 per box.

NIK® PORTA-PAC® (20 TESTS)
2 each of tests A, B, C, D, E, G, J, K, L & U; 4 each of Acid Neutra-lizer (Test F); Polytesting Report Pad; Identidrug™ Desk Chart

NIK® 60-PAC™ (60 TESTS)
1 box each of tests A, B, C, D, E & G; Identidrug™ Desk Chart

SKU: 6020

SKU: 6060

NIK® MASTER-PAC™ (130 TESTS)
2 boxes each of tests A & E; 1 box each of tests B, C, D, G, H, J, K, L & U; 1 box of Acid Neutralizer (Test F); Polytesting Report Pad; Identidrug™ Desk Chart; Narcotic Field Test Training CD

NIK® COMPLETE TRAINING KIT
NIK Self-Training CD, Basic Competency Training Kit, Instructa-Pac® and a copy of the Field Testing with the NIK System DVD

SKU: 6000

SKU: 6800

- Test A - Opium Alkaloids/MDMA/Ecstasy
- Test B - Confirming Test : Opium Alkaloids
- Test C - Barbiturates
- Test D - LSD
- Test E - Marijuana/Hashish/Hash Oil
- Test F - Acid Neutralizer
- Test G - Cocaine/Crack/Free Base
- Test H - Methadone
- Test I - PMA/Ketamine/Barbiturates/Methadone
- Test J - PCP
- Test K - Opiates
- Test L - Brown Heroin

NIK® BATH SALTS TEST

- Stick test configuration is quick, easy and inexpensive to use
- Test kit contains all 3 reagents needed to presumptively test for bath salts
- All tests come packaged in a convenient plastic container
- Stores easily and serves as a disposal case for used reagents
- Instructions included with all tests

SKU: 6419

NIK® COCAINE ID SWABS, BOX OF 50

- Test results are immediate
- Blue result presumptively identifies the presence of Cocaine
- Swabs are hermetically sealed in single-use foil envelopes and are sensitive to trace amounts of residue; far less than could be collected for regular field testing
- Unlimited shelf life

NARCOTICS & EXPLOSIVES TESTING

NARK® II PROGRESSIVE SYSTEM

SIRCHIE® Fingerprint Laboratories introduces the NARK® II Progressive System for Drug Identification. NARK® II has the capability of presumptively identifying several families of substances suspected of being abused drugs. Designed to function as a transportable narcotics laboratory, it is available for use wherever the need for its capability might arise. Each of the tests is comprised of one or more chemical reagents. When a predictable color or series of colors occur within a specific testing sequence, a positive confirmation may be presumed. Presumptive identification is generally recognized within our legal system as a component of probable cause. There is no drug identification system presently in use which completely eliminates the occurrence of false positives and false negatives. A forensic laboratory is required to qualitatively identify an unknown substance.

For sale to Law Enforcement only!

- NARK II Marquis Reagent (Opium Alkaloids)
- NARK II Nitric Acid Reagent (Heroin/Morphine)
- NARK II Dille-Koppanyi Reagent (Barbiturates)
- NARK II Ehrlichs Modified Reagent (LSD)
- NARK II Duquenois-Levine Reagent (Marijuana/Hashish Hash-Oil/THC)
- NARK II Scott Reagent modified (Cocaine Salts/Base)
- NARK II Methadone Reagent
- NARK II PCP Methaqualone Reagent
- NARK II Special Opiates Reagent (Heroin/Oxycodone)
- NARK II Meckes Modified Reagent (All Heroin)
- NARK II Frohdes Reagent

FATAL VISION® ALCOHOL IMPAIRMENT GOGGLES

Fatal Vision® is an evidenced-based training tool used to vividly demonstrate the concept of impairment and the dangers of alcohol and other drug misuse and abuse.

FEATURES

- Available in six (6) impairment levels
- Clear and shaded versions are available to simulate daytime or nighttime conditions
- Extremely durable
- Each package includes the Fatal Vision® User Guide
- Hand-crafted in the USA!

BENEFITS

- Provides a realistic simulation of impairment
- Engaging and hands-on
- Easy to use and incorporate into existing awareness and prevention programs
- Clearly demonstrates our susceptibility to impairment from alcohol
- Simple to use

SKU: FV DD PROGRAM KIT

FATAL VISION® DROWSY AND DISTRACTED GOGGLES

These goggles simulate the experience of drowsy or distracted impairment. The kit includes tools you can use to drive home the lesson that drowsy or distracted driving is impaired driving.

FEATURES

- Curved liquid crystal lenses for a full 180 degree field of view
- Easy to read display to show level, mode, and battery life
- Adjustable mode settings
- Elastic strap to keep eyewear tight on head during movement
- Easy to operate with two buttons to adjust modes and power unit on/off
- Rechargeable integrated battery via USB
- Attractive aesthetic design
- Goggles can be controlled and configured manually or through a mobile app using wireless Bluetooth
- App available on Google Play Store and Apple App Store

FATAL VISION® MARIJUANA SIMULATION EXPERIENCE

The Fatal Vision® Marijuana Goggle simulates the cognitive and physical impairment associated with recreational marijuana use including slower decision making, loss of short-term memory, and distorted visual processing and perception.

FEATURES

- Easy to deliver activities that demonstrate cognitive impairments of recreational marijuana use
- Activity demonstration videos show instructors how to conduct each activity step-by-step
- Each activity introduction video gives participants insight into the impairment being demonstrated by the marijuana simulation experience
- Informative User Guide provides the steps and information to deliver a meaningful experience
- Hand-crafted in USA!

BENEFITS

- Promotes discussion on the potential dangers of recreational marijuana use
- Engaging and hands-on
- Easy to use and incorporate into existing drug awareness and prevention programs
- Clearly demonstrates people's susceptibility to impairment resulting from recreational marijuana use

FINGERPRINTING

DURESTER® PRINTAKE

Durester® Printake ink sheets make a fast, clean, simple and lasting impression for all law enforcement requirements and other fingerprint record keeping needs. The new lanolin and carbon based ink formulation gives Durester® Printake a constant density surface for accurate recording. When ready to fingerprint, simply separate the two sheets and begin.

The optimum distribution of ink ensures clear smudge free prints. With a minimum of training an officer can easily produce consistent, high quality impressions. Fingers and palms are easily cleaned with tissues or soap and water. The unique retainer pad holds the ink strips from slipping while fingerprinting. It is reusable and the "sticky" quality can be restored by simply washing the pad in warm soapy water and then drying away from the sun.

Durester® Printake is widely used across North America and Europe for all law enforcement and other fingerprint record keeping needs.

DIFFERENT SIZES AVAILABLE:

- 1" x 5" Box of 2400 strips
- 3" x 5" Box of 800 strips
- 3" x 10" Box of 400 strips
- 6" x 10" Box of 200 strips
- 3" x 9" Pack of 10 strips
- 6" x 9" Pack of 10 strips

SUPER CLEANER TOWELETTES

The SEARCH® Super Cleaner Towelettes are individual, disposable ink cleaning towels. They're napkin-size, of wet strength and saturated with ink solvent that is easy on skin and mildly fragrant. They will quickly remove fingerprint ink or grime from hands and are excellent for field kits or office use. These towelettes are not the same as those sold in retail stores which contain a mild detergent. The SEARCH® Super Cleaner Towelettes feature SIRCHIE®'s special formulation. Plus, they're sanitary and available in hermetically-sealed packages.

SPR WITH SPRAY HEAD

Small Particle Reagent (SPR) is quick, inexpensive and effective on fresh fingerprints. SPR is composed of finely ground particles suspended in a detergent solution. These particles adhere to the fatty constituents of latent fingerprints to form a visible deposit. Latent prints developed using this method may be lifted using standard lifting mediums. Consists of three (3) 500 ml bottles.

Dark SPR with Spray Head 500 ml (Set of 3)
White SPR with Spray Head 500 ml (Set of 3)
Fluorescent SPR with Spray Head 500 ml (Set of 3)

SEARCH FINGERPRINT CARDHOLDERS

This cardholder holds standard 8" x 8" fingerprint record cards firmly in place — preventing slippage or smudging. The No. FPT264 features a rugged, all-steel assembly, a brushed-nickel-finished steel base and a vinyl-covered aluminum frame. Each unit is designed with integral mounting brackets for easy desk or tabletop mounting. Dimensions: 10 15/16" x 3 7/8" x 1 1/8". Weight: 11.1 oz.

The SEARCH® Duplex and Triplex Fingerprint Cardholders are ideal choices when multiple fingerprint records are required. Cardholders are permanently mounted on a platinum, vinyl-clad aluminum base. Each base features predrilled integral mounting brackets. Dimensions: 26 1/4" x 4 7/16" x 1 9/16". Net Weight: 2.4 lbs.

FEATURES

- Cardholder Base: Nickel plating and vinyl-clad, platinum (gray)
- Cardholder Materials: Vinyl-clad aluminum, platinum (gray)

FINGERPRINTING

SEARCH FINGERPRINT INK TUBES

Specially formulated for fingerprint work only, this densely-black ink is free flowing, easily rolled and dries quickly on paper — but will remain soft and usable on a slab for days. This ink is not adversely affected by extreme temperature changes. It is used by large and small identification departments throughout the world.

SEARCH Fingerprint Ink 2 oz. tube (59 ml)
SEARCH Fingerprint Ink 4 oz. tube (118 ml)

SKU:	231T

SEARCH FINGERPRINT INK ROLLERS

The frame design prevents the roller from touching the inking table when not in use. A high-density, medium-soft rubber roller element withstands repeated cleaning with harsh solvents.

EASY-GRIP INK ROLLERS

Unbreakable, custom-designed thermoplastic handle for maximum operator comfort and control. Easy to disassemble when replacement parts are required. Finish: Vinyl-clad aluminum platinum (gray).

SUPER INK ROLLER

Designed to ensure operator comfort for effective ink spreading. The roller's black-wrinkle-finished steel frame provides the proper weight and balance for optimum control.

PORELON FINGERPRINT PAD

This pocket-sized pad, introduced by SIRCHIE® more than 20years ago, is the accepted STANDARD by law enforcement world wide. Each pad may be used to record thousands of fingerprints. A two-year supply of ink is impregnated in each pad (based on 75 °F with lid closed after use), and is excellent for use in the field or office. The thermal-impregnated fingerprint ink is non-fading and dries on-contact in seconds. Ink rises to the surface as required through capillary action of the micro reticulated thermoplastic resin. Recorded fingerprints from this pad are accepted by state and federal agencies. The Porelon® Pad utilizes the multi-mount injection molded case for versatility in mounting options. Dimensions: 6.25" x 3" x 0.5". Weight: 3.7 oz.

FEATURES

- Permanent Ink
- Lightweight, only 3.7 oz.
- Temperature use: 32 °F to 150 °F
- Lifetime molded case
- Multi-mount, injection-molded, copolymer, polypropylene case
- Quick, easy cleanup
- Thousands of single impressions

FINGERPRINTING

VISIBLE STAIN DETECTION POWDERS

Visible Stain Detection Powders should only be used indoors, subject to the statements regarding their use in the discussion to the right. A visible stain powder should be selected based on its natural color blending with the color of the target object. It should be carefully dusted on the object with a soft applicator brush. When contact with the object is made, a transfer occurs. When the transferred powder contacts moisture, such as perspiration, facial fluids or water, the powder goes into solution and a resulting vivid color appears. Visible Stain products CANNOT be removed from the surface applied to.

- Visible Stain Detection Powder (Green/Purple) 2 oz.
- Visible Stain Detection Powder (Mahogany/Blue) 2 oz.
- Visible Stain Detection Powder (Brown/Red) 2 oz.
- Visible Stain Detection Powder (Silver/Purple) 2 oz.
- Visible Stain Detection Powder (Black/Purple) 2 oz.
- Visible Stain Detection Powder (Copper/Orange) 2 oz.
- Visible Stain Detection Powder (Green/Aqua) 2 oz.

FLUORESCENT LATENT PRINT POWDERS

Fluorescent Latent Print Powders may be used on the same surface types as non-fluorescent powders. Fluorescent latent print powders work especially well on dark or multicolored surfaces — greatly enhancing ridge details when illuminated with an ultraviolet light. Typically, light in the ultraviolet or blue parts of the spectrum (254 nm to 525 nm) is used to excite the fluorescence.

- REDescent Fluorescent Fingerprint Powder 2 oz. (59 ml)
- REDescent Fluorescent Fingerprint Powder 16 oz. (473 ml)

DOUBLE PURPOSE FLUORESCENT LATENT PRINT POWDERS

Dual Purpose is an oxide powder and contains a fluorescent substance that permits developed latent prints to be viewed under ultraviolet light. Viewing and photographing latent prints on multi-colored backgrounds are no longer a problem since a bright fluorescence is produced. Recommended for use on all oxide surfaces including painted wood or metal and most plastics.

FLUORESCENT INVISIBLE DETECTION POWDERS

Powders are compounded in various natural colors to blend with diverse object backgrounds to reduce visual detection. The chart below lists the powder's natural color, the color it fluoresces, and what applications to use each for. Good adhesion properties aid in target-to-hand, body or clothing contact. Apply a light dusting to the target object with a soft bristle brush. Highly fluorescent when exposed to longwave ultraviolet radiation using any SIRCHIE® longwave (UV) light source. Packaged in 2 oz. volume containers.

- Fluorescent Invisible Detection Powder Pale Green
- Fluorescent Invisible Detection Powder White
- Fluorescent Invisible Detection Powder Pale Yellow
- Fluorescent Invisible Detection Powder Black
- Fluorescent Invisible Detection Powder Pale Blue
- Fluorescent Invisible Detection Powder Gray

FINGERPRINTING

DNA FREE LATENT FINGER PRINT POWDERS

Sirchie provides DNA-free fingerprint powder in a one ounce size for use in lifting latent fingerprints from crime scenes. This fingerprint powder is certified DNA-free through independent testing.

Why are certified DNA-free products important?

- Advances in collection methods allow for processing of touch DNA
- Prevention of cross contamination
- Proper sterilization techniques allow for certification of items to be free of DNA

Sirchie's DNA-free products can help in the preservation of the integrity of the investigation and aid in the efficient pursuit of justice.

This fingerprint powder is treated using a scientifically proven DNA destroying process, that penetrates and decontaminates throughout, not just the surface as shortwave ultra-violet radiation exposure does. Each lot is certified through third party testing to ensure each batch processed is DNA free.

All items are packaged to prevent contamination before use, and are meant to be used only once. These DNA free items provide the investigator with the tools to eliminate DNA cross contamination, but still process the scene with the tools that they require.

FEATURES

- DNA-free latent fingerprint powder is produced by micro-milling to assure the finest quality
- Certified through third party testing to ensure each lot processed is DNA-free
- Use DNA101L Black Fingerprint Powder on non-porous surfaces such as: painted wood, metal, and most plastic surfaces
- Offers superior contrast on light-colored surfaces (DNA101L)
- The DNA103L White Fingerprint Powder is the whitest of white fingerprint powder available from any source
- Consistent quality and texture assure best possible results on dark, non-porous surfaces (DNA103L)
- Offers superior contrast on dark-colored surfaces (DNA103L)
- This two color powder will contrast with any color surface (DNASB201L)
- Will develop black on light surfaces and silver on dark surfaces (DNASB201L)
- All lifted prints with this powder may be mounted on white backing cards for contrast (DNASB201L)

FINGERPRINTING

FACII® POWDER/ BRUSH SYSTEM

The revolutionary FACII® has become the standard for many investigators in the latent print development field. The FACII® features a unique, patented, self contained powder delivery system. The system supplies powder directly into the brush filaments — providing a very neat and efficient processing procedure. The FACII®'s cluster cloud fiberglass brush element may be adjusted by moving the unit's shroud up and down — for total control over both the size and firmness of the brush cluster.

CHEMIST GRAY LATENT PRINT POWDER

Sirchie offers a new latent print powder from the Faurot™ brand Chemist Gray. This powder has a wide variety of uses on non-porous surfaces and features excellent adherence and development qualities.

- Chemist Gray Fingerprint Powder 2 oz. (59 ml)
- Chemist Gray Fingerprint Powder 8 oz. (237 ml)
- Chemist Gray Fingerprint Powder 16 oz. (473 ml)
- Chemist Gray Fingerprint Powder 128 oz. (3785 ml)

MAGNUCLEI™ MAGNETIC PRINT POWDER

MAGNUCLEI™ Magnetic Latent Print Powder is the result of years of research and development. SIRCHIE®'s regular magnetic powders are already the best available, but there was a need for a dual purpose powder for finer dusting applications. MAGNUCLEI™ utilizes powders that have been milled to average particle sizes that are less than half the size of regular magnetic powders. This powder is very effective on glass, plastic, wood, ceramic, and metallic surfaces — use on paper surfaces without leaving dark backgrounds. It works well on imitation and genuine leather if developed within a short time of being handled. (Application of MAGNUCLEI™ does not interfere with ninhydrin, DFO, or other chemical treatments.)

Magnuclei Magnetic Fingerprint Powder 1 oz. (30 ml)	SKU: MAG100
Magnuclei Magnetic Fingerprint Powder 16 oz. (473 ml)	SKU: MAG10016

FINGERPRINTING

FLUORESCENT MAGNETIC LATENT PRINT POWDERS

SIRCHIE®'s Fluorescent Magnetic Latent Print Powders feature bright pigments, superior ferrous compounds and an antimudger additive to ensure superior results when dusting for latent prints. These powders are especially useful when used on multicolored backgrounds. They can be applied with virtually all magnetic powder applicators. View dusting area with an ultraviolet blue or green forensic light source (254 nm to 365 nm) to see results.

YELLOWCHARGE Fluorescent Magnetic Powder 1 oz.	SKU: LL605
YELLOWCHARGE Fluorescent Magnetic Powder 16 oz.	SKU: LL6052

DAZZLE FLUORESCENT MAGNETIC LATENT PRINT POWDERS

Dazzle Fluorescent Magnetic Latent Print Powders offer a unique formulation for dusting latent prints. When dealing with confusing or multicolored backgrounds, these fluorescent powders serve a dual purpose. The dark pigment of the Dazzle Powders is easy to discern under natural light. They can be applied with virtually all magnetic powder applicators. View dusting area with an ultraviolet blue or green forensic light source (254 nm to 365 nm) to see results. 1 oz. jar.

Silver/Gray FLUOROMAG Latent Print Powder 2 oz.	SKU: FMP01
DAZZLE Orange Fluorescent Magnetic Powder 1 oz.	SKU: FMP02
DAZZLE Red Fluorescent Magnetic Powder 1 oz.	SKU: FMP03
DAZZLE Yellow Fluorescent Magnetic Powder 1 oz.	SKU: FMP04

DFO

DFO is a ninhydrin analog used for developing latent prints on porous surfaces. Its fluorochrome properties make it especially useful on multicolored surfaces where the background would interfere with subsequent photography. DFO reacts with the amino acid content of fingerprint residue, and it will not interfere with subsequent analysis using ninhydrin, silver nitrate or physical developer. In fact, some labs report that DFO use improves the results gained with ninhydrin. According to the "Manual of Fingerprint Development Techniques" published by the Police Scientific Development Branch of the British Home Office, DFO will develop more fingerprints than ninhydrin. Testing in the U.S. indicates that DFO will develop 2 ½ times as many prints as ninhydrin. Other testing indicates that DFO is also effective for developing latent blood prints. On occasion, DFO will produce lightly colored (pink) latent prints, but its real strength is in its fluorescent properties. DFO fluorescence may be produced using ultraviolet light, BLUEMAXX™ and other alternative light sources. DFO is now packaged in a pump spray which contains 100 ml of pre-mixed reagent for better control and less waste. DFO in crystal form is available for those labs preparing their own formulations.

DFO Powder 1 gram	SKU: LV500
DFO Powder 5 gram	SKU: LV5001

1,2-INDANEDIONE

1,2-Indanedione is the result of the search for a low cost substitute for DFO. Like DFO and ninhydrin, LV508 reacts to amino acid residues on porous surfaces, but it rarely produces visible prints. Developed prints do produce strong fluorescence when exposed to BLUEMAXX™ or comparable alternate light source illumination. Once mixed using the factory-supplied formulation, the substance has limited shelf life. 1,2-Indanedione is not recommended for use on poor quality papers such as newsprint, cardboard and recycled writing papers.

1,2-Indanedione 1 gram	SKU: LV508
1,2-Indanedione 10 gram	SKU: LV5081

FINGERPRINTING

SEARCH REGULAR POWDER BRUSH

This general purpose brush is made of high-quality camel hair. The fine quality of the bristles permits dusting of target objects with a very fine coat of either fluorescent invisible or visible detection powder. The brush comes with a protective container and cap.

Bristle length: 1 1/2"
Overall length: 5 1/4"

SKU: 118L

SEARCH GOAT HAIR POWDER BRUSH

The No. 117L is a cluster brush made of white goat hair. The brush features a 3 1/4" long molded polystyrene handle with 1 1/2" cluster length. It is supplied with a protective container and cap to prevent contamination and extend life.

SKU: 117L

FIBERGLASS BRUSHES

These are unquestionably the finest brushes available for developing latent fingerprints. Thousands of specially selected fiberglass filaments, measuring 2 1/4", form a cloudlike, soft cluster that retains powder and eliminates the constant powder replenishment required for conventional brushes. They are produced on a perfectly balanced, black, injection-molded handle for the ultimate in control. The brush is supplied in a protective container and cap. Available in two sizes: Standard measures 4 1/4" long and Kit Size is 2 3/4" long. The reduced handle length makes the kit size brush an exact replacement for conventional brushes found in most fingerprint field kits now in use.

DNA FREE FIBERGLASS FINGERPRINT BRUSH

- High quality fiberglass bristles
- Certified through third party testing to ensure each lot processed is DNA-free
- Packaged in a breathable pouch
- For use with our certified DNA-free fingerprint powders to develop latent fingerprints for lifting

- Standard Size Brush with Plastic Handle
- Standard Size Brush with Anodized Aluminum Handle
- Standard Size Brush with Wood Handle
- Kit Size Brush with Plastic Handle
- Kit Size Brush with Anodized Aluminum Handle

FINGERPRINTING

VISIBLE STAIN DETECTION PASTES

Detection pastes may be used indoors or outdoors without regard to air circulation. Consideration for rain or high moisture and air content should be addressed before applying pastes to a target object since the dye in the compound is water soluble. Simply squeeze a small amount of paste on the target object in the area that a hand would have to touch, and spread a thin, even coat that will blend with the object's color. ALWAYS protect hands with disposable gloves when performing this task. If the target object is touched, transfer will occur and the aqueous dye in the paste will go into solution with perspiration, facial fluids or water with a resulting vivid color appearing. Visible Stain products CANNOT be removed from the surface applied to.

- Visible Stain Detection Paste (Mahogany/Blue) 2 oz.
- Visible Stain Detection Paste (Brown/Red) 2 oz.
- Visible Stain Detection Paste (Green/Purple) 2 oz.
- Visible Stain Detection Paste (Black/Purple) 2 oz.
- Visible Stain Detection Paste (Silver/Purple) 2 oz.
- Visible Stain Detection Paste (Copper/Orange) 2 oz.

FLUORESCENT INVISIBLE DETECTION PASTES

Use detection paste in situations where powders and powder aerosols are inappropriate due to air circulation, air moisture content or where target object surface condition prohibits its application. Detection paste is suitable for outdoor applications. It is water-resistant and will remain transferable for prolonged periods of time. It has the consistency of ordinary automobile grease. Apply a thin film on target objects using disposable vinyl or latex gloves. Paste is excellent for use on door knobs, locks, alarm pulls, secure phones and vehicles both indoors and outdoors. Tube packaging allows for controlled application. Use with any SIRCHIE® longwave (UV) light.

- Fluorescent Invisible Detection Paste (Neutral) 2 oz.
- Fluorescent Invisible Detection Paste (White) 2 oz.
- Fluorescent Invisible Detection Paste (Pale Yellow) 2 oz.
- Fluorescent Invisible Detection Paste (Gray) 2 oz.

SEARCH II LATENT PRINT KIT

The SEARCH® II is the most complete, compact latent print field kit. This kit is complete with a “search” comparison and elimination book along with the compact Thermoplastic fingerprint pad. This combination kit permits the investigator to locate, develop, lift and preserve latent evidence plus take elimination fingerprints at the scene. SIRCHIE®’s best Fiberglass brush is provided for each color of powder. Powder colors may be changed if desired. A large selection of fingerprint lifters is included. This kit is an excellent choice for those departments with crime scene search teams.

KIT INCLUDES:

- (1) 101L - 2 oz. Silk Black Latent Powder
- (1) 103L - 2 oz. White Latent Powder
- (1) SG202L - 2 oz. Silver/Gray Latent Powder
- (3) 122L1 - Kit Size Fiberglass Brushes
- (1) 130LT - 1.5" x 2" Transparent Hinge Lifters, 24
- (12) 131LB1 - 1.5" x 2" Black Hinge Lifters
- (12) 131LW1 - 1.5" x 2" White Hinger Lifters
- (6) 131LT1 - 2" x 4" Transparent Hinge Lifters
- (6) 131LB1 - 2" x 4" Black Hinge Lifters
- (6) 131LW1 - 2" x 4" White Hinge Lifters
- (2) 127LW1 - 2" x 4" White Rubber/Gel Lifters
- (2) 127LB1 - 2" x 4" Black Rubber/Gel Lifters
- (1) KCP110 - 5" Scissors
- (1) PFP700 - Thermoplastic Fingerprint Pad
- (1) FPT270A - Elimination Fingerprint Form Pad
- (1) 379M - Attached Case Magnifier
- (1) 603E - Evidence Collection Tape
- (6) 621E1 - Evidence Bags 4" x 10"
- (9) FPT1C - Super Cleaner Towelettes
- (1) FPT2701 - Wallet-Type Vinyl Case
- (1) 177L1 - Molded Black Copolymer Carrying Case

FIELD KITS

This compact kit is ideal for taking field fingerprints. Included are a pocket ink pad and one fingerprint record cardholder. The contents of this portable outfit are fitted into an attractive, textured, copolymer-molded carrying case. Our series of PRINTMATIC™ options are also available. Dimensions: 14 1/2" x 7 13/16" x 7". Net Weight: 4.5 lbs.

REGULAR PORELON FIELD KIT

- (1) FPT263 - Injection-Molded Fingerprint Cardholder
- (50) FPT1C1 - Super Cleaner Towelettes
- (1) FPT265 - Porelon Fingerprint Pad
- (1) KCP152 - Polypropylene Carrying Case with Latch

PRINTMATIC FLAWLESS FIELD KIT

- (1) FPT263 - Injection-Molded Fingerprint Cardholder
- (50) FPT1 - Super Cleaner Towelettes
- (1) PFP700 - PrintMatic™ Flawless Fingerprint Pad
- (1) KCP152 - Accessory Case, Polypropylene
- (1) FPT1001 - Molded Copolymer Carrying Case with latch

INK SLAB AND ROLLER FIELD KIT

- (1) 230T - Fingerprint Ink Tube, 2 oz.
- (1) FPT263 - Injection-Molded Fingerprint Cardholder
- (50) FPT1C1 - Super Cleaner Towelettes
- (1) FPT205 - Glass Inking Slab, 4" x 10"
- (1) FPT262 - SEARCH 2" Easy-Grip Ink Roller
- (1) KCP152 - Polypropylene Accessory Case
- (1) FPT2001 - Molded, Copolymer Carrying Case with Latch

PRINTMATIC CERAMIC FIELD KIT

- (1) FPT263 - Injection Molded Fingerprint Cardholder
- (50) FPT1 - Super Cleaner Towelettes
- (1) EZID300 - PrintMatic™ Ceramic Fingerprint Pad (FPT100CM only)
- (1) KCP152 - Accessory Case, Polypropylene
- (1) FPT1001 - Molded Copolymer Carrying Case with latch

REGULAR PORELON COMPACT KIT

SIRCHIE®’s Compact Folding Fingerprint Taking Kits are the most popular of their kind available. When opened, these kits convert any desk or tabletop into efficient fingerprint taking stations. They are ideal choices whenever maximum portability is required. The CFP500A features the industry-standard Porelon Fingerprint Pad.

KIT INCLUDES:

- (1) FPT263 - Injection Molded Fingerprint Cardholder
- (20) FPT1 - Super Cleaner Towelettes
- (1) FPT265 - Porelon® Fingerprint Pad (CFP500A only)
- (1) KCP152 - Accessory Case, Polypropylene
- (1) CFP500AC - Custom Black Molded Copolymer Carrying Case, textured w/folding handle and locking latches; includes machined and custom molded inserts

SKU: CFP500A

CRIME SCENE TOOLS & ACCESSORIES

MULTI-PURPOSE HALF MASK & FILTER

Designed for applications that do not require full face protection, this mask combines a latex-free silicone seal with a formed plastic shell outer body. The soft silicone conforms to the shape of every nose. The combination of soft silicone and hard plastic ensures a comfortable, leak-resistant fit to a typically hard to fit area. The compact and lightweight unit is excellent for use at the crime scene where decaying matter and hazardous vapors may be present. Filter sold separately.

Multi-Purpose Half Mask (Filters not included)	SKU: PU0010
Organic Vapor/Acid Gas Filter	SKU: PU0011

BLACK POWDER-FREE NITRILE GLOVES 10" X 6 MIL LARGE

These black, powder-free, nitrile gloves are 6 mil so they provide extra puncture and abrasion resistance. Sold in boxes of 100 ambidextrous gloves.

SKU: SF0081L

ANTI-PUTREFACTION MASK KIT

These low maintenance, reusable masks weigh less than 1/2 lb. and are made to fit any head size. Filtration is supplied by a chemically treated filter that has been NIOSH/MSHA approved for organic vapors, chlorine, hydrogen chloride, chlorine dioxide and sulfur dioxide. The easy-to-use sliding suspension system makes them comfortable to wear. All masks are NIOSH/MSHA approved. Only one mask per person is recommended to eliminate the diseases spread by sharing face pieces.

- KIT INCLUDES:**
- PU0010 - Anti-Putrefaction Mask
 - PU0011 - Replacement Mask Filters, Pair
 - SF0081L - Disposable Nitrile Glove Pair
 - FPT1C1 - Super Cleaner Towelettes
 - Instruction Booklet
 - PU001B1 - Molded Copolymer Carrying Case, with Plastic Inserts; Dimensions: 12 1/8" x 7 1/4" x 5 1/2"; Weight: 2 1/2 lbs.

Anti-Putrefaction Single Mask Kit	SKU: PU001B
Anti-Putrefaction Double Mask Kit	SKU: PU003B

CRIME SCENE TOOLS & ACCESSORIES

DISPOSABLE JUMPSUIT & SHOE COVERS

This jumpsuit with hood is made of strong TYVEK® fabric. Resistant to snags, tears, punctures and many chemicals. It is roomy, lightweight and comfortable.

These TYVEK® shoe covers keep shoes clean and protected. One size fits all.

Disposable Jumpsuit with Hood Medium	SKU: SF0072M
Disposable Jumpsuit with Hood Large	SKU: SF0072
Disposable Jumpsuit with Hood X-Large	SKU: SF0072XL
Disposable Jumpsuit with Hood 2X-Large	SKU: SF0072XXL
Disposable Shoe Covers	SKU: SF0073

DISASTER BODY BAG

These disaster body bags are super sturdy, 48" x 96" spun bonded Olefin Tyvek® bags for temporary removal and storage of cadavers. They are a necessity at violent crime scenes, accidents and air disasters.

SKU: DBB200

DISPOSABLE SCALPELS

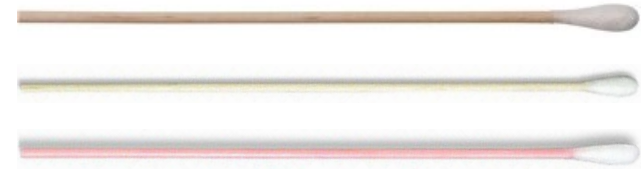

Disposable scalpels are ideal for scraping blood, paint or other foreign matter from surfaces. Individually wrapped and ready for use. Provided in sets of 10 scalpels.

Disposable Rounded Blade Scalpel	SKU: KCP13810
Disposable Pointed Blade Scalpel	SKU: KCP25110

STERILE COTTON SWABS & SHIELDS

Sterile Cotton Applicator Swabs, packaged two per sterile envelope, are ideal in collection of trace liquid evidence such as blood and other body fluids. Also available with wood or plastic handle.

Overall Length: 6" (152.4 mm)

Use our applicator shields to prevent cross-contamination of swabs after sample collection. Made from sturdy polyethylene, these shields will protect swabs after collection as well as during shipment to the laboratory. Sold in sets of 24 each.

Sterile Cotton Applicator Swabs (Set of 100)	SKU: KCP160C
Sterile Cotton Applicator Swabs (Set of 1000)	SKU: KCP160M

EVIDENCE TAPES & RULES

EVIDENCE IDENTIFICATION TAPE

This tape is pressure-sensitive for marking evidential articles or sealing bags, cartons and other items. The tape is printed red on white.

SEARCH EVIDENCE TAPE

This tape is for marking the outside of packages or boxes that contain evidence for transport or shipping. The tape is printed red on white.

EVIDENCE MARKING TAPE

Seal evidence packages with this tape that features "EVIDENCE" printed in bold, black lettering on bright, attention-getting yellow tape. Sticks to virtually any surface.

EVIDENCE PROCESSING TAPE

This red on white tape identifies evidence collected at the crime scene that requires specific processing such as latent prints and gunpowder residues.

FINGERPRINT EVIDENCE TAPE

This red on white tape identifies processed latent print articles that are ready for photography. Investigators' "initial" squares are part of the format.

PHOTO EVIDENCE RULE TAPE

Apply this tape to glass, metal, wood or virtually any surface, and remove after photographs are taken. This tape provides a means of permanently recording 1/16" increments, 12" repeat and is printed black on white. Printed in black on matte white tape in 500" rolls on a 1" core. Provided with our sturdy 145TW Metal Tape Dispenser.

CRIME SCENE TOOLS & ACCESSORIES

EVIDENCE INTEGRITY TAPES & STRIPS

SIRCHMARK™ evidence tape is manufactured on a matte acetate base featuring a top surface that may be written on with pencil or pen. It is coated with a permanent, quick-setting acrylic adhesive that defies removal from most surfaces. To increase the tape's ability to tear, it is perforated with 3/16" slits at 1/4" intervals. Dual-serrated tape edges add redundancy to the integrity. The tape's top surface is printed in translucent red or blue ink, then overprinted with an opaque black identifier. Attempts to remove SIRCHMARK™ evidence tape will cause the tape substrate to break and peel off in irregular strips. The blue tint will dissolve and smear when solvents like alcohol and acetone are applied — positive proof of tampering. SIRCHMARK™ is regularly used by hospitals and laboratories, banks and race tracks — wherever a tamperproof seal is needed! Available in either RED or BLUE with or without imprint.

CRIME SCENE TOOLS & ACCESSORIES

FIBERGLASS REEL TAPES

These rugged, plastic-cased open reel tapes are perfect for measuring traffic and crime scenes. Fiberglass tape is nonconductive for added safety. Highly visible neon colors.

FEATURES

- Open reel fiberglass tape, highly visible neon orange color
- English/metric 100'-30 m or 300'-90 m
- ½" wide blade with folding end hook and fast rewind crank
- PVC coated blade is flexible, waterproof, non-shrinking & non-conductive
- Durable impact-resistant frame
- Non-glare, easy to read, white blade graduated in feet, inches, 8^{ths} on one side, meters & centimeters on the other
- Accuracy inspected

CRIME SCENE TOOLS & ACCESSORIES

BARRIER TAPES

Absolutely essential at the outset of any investigation is the securing of the integrity of the crime scene. All too often, investigators arrive at the scene to find the original condition disturbed by family members or bystanders whose often zealous attempts to be helpful destroy valuable evidential items. Each emergency scene is unique, but each has one requirement in common — CONTROL. Establish and maintain tight control over emergency scene perimeters quickly and efficiently with this brilliant yellow warning tape. Simply tie one end of the tape around a fixed item, walk around the scene's perimeter and tie it off where desired. The tape is available in six formats to accommodate virtually any situation. Eye-catching black lettering is printed on brilliant yellow polyethylene. The tape is three inches (7 ½ cm) wide by 1,000 ft (300 m) long. The warning repeats every 31".

BARRIER TAPE DISPENSERS

Molded plastic dispenser with carrying handle holds one 3" x 1,000 ft roll (7 cm x 305 m) or less of barrier tape.

LARGE DISPENSER

Ideal for carrying, protecting and managing a large tape roll. Tape dispenses through a slot that prevents tangling and waste by housing the unused portion and allowing easier unwinding. A protected blade makes tearing the tape neat and easy.

COMPACT DISPENSER

A serrated edge provided on each side of the dispenser makes tearing the tape neat and easy.

MEASURING WHEELS

ROADRUNNER SMALL WHEELS

Keson has patented a raised reset button that enables you to re-set the counter with your foot. We have improved the supporting structure around the reset so that it can handle foot taps to zero the counter.

- The handle telescopes from 17" up to 38" (Single Wheel)
- The handle telescopes from 20" up to 42" (Dual Wheel)

- RoadRunner Small Single Wheel 1 ft
- RoadRunner Small Single Wheel .305 m
- RoadRunner Small Dual Wheel 1 ft

SKU:	RR112
SKU:	RR10M
SKU:	RR182

ROADRUNNER LARGE WHEELS

- Strong Kesonite™ wheel makes it easier to use and more accurate on rough terrain (RR30, RR30M, RR40)
- Heavy-duty, polycast wheel with improved, clean three-spoke design (RR318N, RR3M, RR418)
- Features a 5-digit, easy-read, magnified counter measures 9,999 ft/m, 11" and a 3-PC. Pistol grip handle

- RoadRunner Large Kesonite Wheel 3 ft
- RoadRunner Large Kesonite Wheel 1 m
- RoadRunner Large Kesonite Wheel 4 ft

CRIME SCENE TOOLS & ACCESSORIES

EVIDENCE BOXES & SEALING TAPE

WEAPON EVIDENCE BOXES

These Evidence Boxes, 25 each, are custom sized for storing weapons. Boxes are pre-printed on the outside for recording necessary chain of custody and identification information. Holes located in the bottom panel of the box are used to fasten the weapon in place with SIRCHIE's No. ET100 releasable evidence ties.

CORRUGATED WHITE FOLDING EVIDENCE BOXES

Extra strong evidence containers for the most delicate forms of physical evidence. They will withstand rough handling when used to ship critical evidence to the crime lab. Require little storage space until assembled. Protect everything from trace evidence to weapons. Easily marked white surface permits entry of full chain of possession details.

SMALL EVIDENCE BOXES

Smaller evidence boxes are excellent for storing metal, glass and other more fragile evidential items that don't need airtight protection.

EVIDENCE COLLECTION BOXES

These evidence boxes are made of sturdy Kraft corrugated cardboard. They are pre-printed on one side for evidence and chain of custody information.

EVIDENCE/RECORDS BOX

Boxes are white inside and out with a removable lid. A preprinted record information form is on the side of the box and also comes with chain of custody label. Two-piece construction (top and bottom). Furnished knocked down flat for easy storage.

Knife Evidence Boxes 16" x 3" x 2" (Set of 25)	SKU: ECB001K

CRIME SCENE TOOLS & ACCESSORIES

THE SPIT NET™

- Affixes under the arms for additional security while transporting threatening subjects
- Its protects against spitting and biting
- Mesh netting and bacteria-filtering fabric give the subject full visibility and breathability while helping to restrict

The Spit Net - 5 Pack	SKU: 8310-0-2C
The Spit Net - 100 Pack	SKU: 8310-0-2B

THE TRANZPORT HOOD™

- Bacteria-filtering medical-grade fabric which helps to contain contaminants and makes attempts at biting ineffective
- Secure-lock tab and elastic neckband allow for convenient application and prevents self-removal of the hood

The TranZport Hood - 5 Pack	SKU: 8320-0-2C
The TranZport Hood - 100 Pack	SKU: 8320-0-2B

SPIT SOCK HOOD

Spit Sock Hood was designed to fulfill a need that has long posed a problem for law enforcement personnel. The simple threat of spit is a fact that officials can not prevent but have come to accept. With consultation and advice from Law enforcement, EMT, Military officials and Hospital personnel, Spit Sock was created to prohibit the transfer of saliva.

- Prohibits Spitting
- Helps keep patrol car clean
- Catches and retains blood, vomit and other bodily fluids
- Allows you to observe your suspect's face
- Helps curb aggressive behavior
- Elastic neck allows for fast and easy removal
- Safe, secure fit
- Lightweight material
- Individually packaged
- One size fits all
- Disposable

Law enforcement personnel are sworn to protect the citizens of their community. However, it is not reasonable to expect officers to expose themselves unnecessarily to disease.

TINT METERS

ENFORCER II – TM1000

The new Enforcer II Tint Meter is smaller and lighter than the original TM100/Enforcer, with the auto-calibration and proven accuracy of all Laser Labs products.

It's the smallest, most robust window tint meter on the market. Created for the most demanding police use, and designed so every officer can have a window tint meter in the patrol car.

Each meter is equipped with two (2) N.I.S.T. traceable reference samples to verify its accuracy.

- Mesures 3.75" x 1.75" x 1" and weights 2 oz.
- Approved for law enforcement and inspection station use
- Single unit meter measures tint on car windows that roll down
- Auto-calibration, accurate to within $\pm 2\%$
- 1 year manufacturer's warranty
- Includes: certification, two reference samples, user manual and a carrying case

SKU: TM1000

INSPECTOR II – TM2000

The newer, smaller Inspector II replaces the TM200 and TM400 for measuring the tint on windows that do not roll down. The Inspector II Tint Meter has a two-piece design that allows you to sandwich the glass you are testing, which is ideal for inspection stations.

It can measure material as thin as a sheet of window film up to half an inch thick glass. A magnet alignment mechanism and auto-calibration promote consistently accurate readings. For hard to reach areas, a suction cup adheres the light source to the inside of the window. Just like the TM200 and TM400, the Inspector II is not affected by ambient light and performs as accurately in the day as it does at night.

Each meter is equipped with two (2) N.I.S.T. traceable reference samples to verify its accuracy.

- Mesures 3.75" x 1.75" x 1.25" and weights 3 oz.
- Approved for law enforcement and inspection station use
- Two-piece meter that can measure tint on all windows
- Auto-calibration, accurate to within $\pm 2\%$
- 1 year manufacturer's warranty
- Includes: certification, two reference samples, user manual and a carrying case
- Law enforcement/safety inspection approved for Florida, Texas, North Carolina and Virginia

SKU: TM2000

OAKLEY INFINITE HERO™ COLLECTION

The Infinite Hero Foundation™ is dedicated to honoring and empowering those who exemplify the highest virtues of courage and heroism. A 501(c)(3) non-profit organization, the foundation uses funds received from the public, Oakley and other corporations to further its mission of providing aid and supportive services to members of the military community who have made heroic sacrifices to protect our freedom. Oakley is proud to honor these heroes with a unique collection of eyewear.

MOTORCYCLE HELMETS

S1602 & S2102

- Trims: High trim or low trim
- Construction: 16 oz aircraft grade fiberglass shell (S1602); composite carbon fiber outer shell (S2102); urethane foam impact absorbing liner; ABS inner plastic shell
- Interior: Adjustable headband suspension; cushion pad (1/4", 3/8" & 1/2" pads with moisture wicking fabric); brushed nylon (removable, washable comfort liner); comfort-max (thermoformed comfort liner)
- Helmet Fastener: Double "D" rings; echo quick release buckle; micro-metric slide quick release buckle
- Paint: Durable, chip-resistant polane paint; automotive urethane clear coat; 10 standard colors, Harley-Davidson factory colors; custom colors available
- Customization: Custom paint; pinstripe; badges; striping; lettering
- Sizes: XS - XL (6 3/4" - 8 3/8")
- Shell Sizes: SM/MD; LG; XL
- Liner Sizes: SM; MD; LG; XL
- Weight: 2.6 lbs/1 190 g (S1602); 2.0 lbs/950 g (S2102)
- Standard: Meets and/or exceeds DOT FMVSS 218
- Visor: Removable snap-on plastic (solid or transparent)
- Rank Band: Gold; silver; no band

HELMETS

S1635

- Trims: High trim or low trim
- Advanced P.I.M.: Results in a remarkably strong and extremely lightweight shell
- Cool4Ever Interior: Offers self-cooling properties. Lightweight, moisture wicking, odor free and anti-bacterial, premium soft feel with ginkgo extract.
- "ACS" Advanced Channeling Ventilation System: Full front to back airflow flushes heat and humidity up and out
- Pinlock: Optically superior Pinlock 3D face shield provides 95% U.V. protection. Pinlock 100% Max Vision anti-fog lens included.

- Integrated one-touch, 3-stage adjustable inner sun shield
- Innovative center one-touch open/close locking mechanism designed for an extremely secure seal
- Sell and install Setcom Helmet Communication Headsets
- Custom paint & trims
- Sizes: XS - 2XL (6 5/8" - 8")
- 5 year warranty

SKU:	
------	--

S1642

- Lightweight shell and Dual-Density EPS is 6 - 8 oz lighter than comparable Shoei or Arai helmets
- Retractable, internal SpeedView® Sun Visor changes positions with the slider switch
- Both the outer face shield and internal sun visor feature toolless removal and installation for cleaning and replacement
- KwikWick II® moisture-wicking, breathable helmet liner and cheek pads are removable and washable
- Cheek pad and neck roll includes Anti-Roll-Off safety system to improve fit and help reduce wind noise

- Emergency Release System allows for quick removal of helmet by medical personnel
- Adjustable front and rear vents feature a flow through design to flush heat and humidity out
- Smoke inner sun shield (included); clear inner sun shield (available separately)
- Custom paint & trims
- Sizes: XS - 3XL (20 7/8" - 26")
- 5 year warranty

SKU:	
------	--

S1670

- Trims: High trim or low trim
- Produced in two outer shell sizes of injection polycarbonate GE Lexan keeps the helmet's weight to a minimum
- New dimensionally correct sizing allowing ample cubic volume in the chin/nose area
- P/J approved in both ECE & DOT standards
- UV400 outer lens and Pinlock anti-fog lens included
- Ventilation achieved through the Air Booster system, also equipped with an air intake in the chin guard, an air intake in the frontal area and two rear extractors
- Dual Action chin guard opening system positioned in the center of the chin guard, allowing for easy, one-handed opening of the chin guard

- Ultra wide visor increases safety by providing superior vision
- Internal sunscreen is easy to activate and it allows automatic and immediate retraction of the screen
- Inner comfort lining featuring removable cheek pads, inner liner, neck roll, and wind protector
- Sell and install Setcom Helmet Communication Headsets
- Custom paint and trim
- Sizes: XS - 2XL (6 5/8" - 8 1/8")
- 5 year warranty

NITRILE GLOVES & FIRST AID KITS

SHOWA BEST GLOVE N-DEX® NIGHTHAWK® 7700PFT

Durability meets style with the SHOWA N-DEX 7700PFT. Engineered with revolutionary SHOWA technology found in the N-DEX line of products, 7700PFT features ESD and static-dissipative properties.

BENEFITS

- Hides dirt and grime
- Non-allergenic
- Rolled cuff prevents dirt from entering the glove
- Second-skin feel significantly reduces hand fatigue

FEATURES

- Latex-free, 100% nitrile
- Accelerator-free
- Powder free, bisque fingertips
- Low-modulus formulation
- 4 mil (0.1 mm)
- Liner: Disposable
- Coating: Nitrile
- Packaging: 50 gloves per dispenser, 20 dispensers per case, 1000 gloves per case
- Length: 9.5" (240 mm)
- Sizes: S (6 - 7), M (7 - 8), L (8 - 9), XL (9 - 10)
- Grip: Bisque
- Color: Black
- Recommended Industries: Public Utilities, Petrochemical, Mechanical, Electronics, Construction, Automotive

SUDECON DEFENSE SPRAY AFTERCARE IRRITANT SPRAY DECONTAMINATION WIPE

Sudecon Defense Spray Aftercare Irritant Spray Decontamination Wipe utilize a patented formula to relieve the painful effects of pepper spray and other burning agents like mace. It works fast to neutralize exposures to OC, CS and SN by stripping down the chemicals and stopping the burning sensation. It works on closed eyes and brings relief in 7 to 15 minutes so that you can open your eyes again.

- Effective against OC, CS, & SN
- Pepper spray and mace agents
- Neutralizes burning agents
- Relief in 7 - 15 minutes

Great countermeasure for various spray agents.

LIGHTS, VISIBILITY & WHISTLES

ELITE SERIES WEARABLE SAFETY LIGHTS

STANDARD FEATURES

- Lightweight (approximately 3 oz.)
- Water-resistant, shock proof, IP68 rated
- Rated up to 2 miles of visibility, 360° illumination
- Single red LED work light, enhanced white LED, colored LEDs on each rear side
- Three different brightness settings
- Extreme battery life (12 hrs on one charge)
- Rechargeable li-ion battery using micro USB charger (provided)
- Neodymium magnet securely attaches device to all metal surfaces
- Either side has constant on or flashing settings

LAW ENFORCEMENT BANNERS

Here's a new innovative and simple way to identify non-uniformed officers involved in critical situations, to responding uniformed officers.

Police - Green	SKU:	PB-G1
Police - Orange	SKU:	PB-O2
Sheriff - Green	SKU:	SB-G3

The DSM Banner (patented) is a revolutionary, innovative, soon to be nationally recognized safety product designed to assist in identifying non-uniformed officers involved in a critical situation, giving the involved non-uniformed officer 360° of visible, reflective identification, preventing tragic events associated with friendly fire of blue on blue shootings. The DSM Safety Banner is currently the only officer safety product that is carried on your belt and utilizes one hand (support) deployment that give 360° visual identification.

All Banners come with standard 3.5" Law Enforcement Belt Pouch for Deployment.

OTHER BANNERS

DSM Safety Products Inc has now made that possible with the same simple technology that law enforcement agencies use. The Security, Medical and Leosa/Retired versions of the DSM Safety Banner are constructed of a Hi-Viz neon green material with highly reflective dark outlined letters which is affixed to both sides of the banner so even if it gets twisted in deployment it will still offer the same highly visible and reflective lettering; the edges of each banner are also finished in the same highly reflective material.

All Banners come with standard 3.5" Law Enforcement Belt Pouch for Deployment.

Medical - Green	SKU:	MB-G4
Leosa - Green	SKU:	LB-G5
Retired Police - Green	SKU:	RETIRED-REGULAR
Security - Green	SKU:	SB-G6

DSM SLING SLEEVES

New DSM Safety Sling Sleeves. Immediate Critical Incident Identification when throwing on an active shooter bag and rifle. For those times when being instantly identifiable trumps being incognito. Can be retro-fitted to most existing go-bags and rifle slings.

DSM Sling Sleeves - Deployment Option - Single	SKU:	DSM-SS-SINGLE
DSM Sling Sleeves - Deployment Option - Pair	SKU:	DSM-SS-PAIR

CLASSIC

Design: 3 chamber pealess + CMG
Sound Power: 115 dB

FEATURES

- The Fox 40® Classic® is the standard choice referees and coaches at all levels, rescue professionals and general safety worldwide
- The Cushioned Mouth Grip (CMG)'s thermoplastic material provides superior grip and protection for teeth
- The CMG is ideal for those who need to hold whistle in mouth for extended periods of time
- Fingergrip model has adjustable fingergrip that fits securely and comfortably over group of fingers
- No moving parts to freeze, jam or deteriorate
- Flawless, consistent and reliable
- The harder you blow, the louder the sound
- Easy to blow and cannot be overblown
- Will be heard above ambient noise, loud crowds, the roar of engines, breaking waves and thundering gale-force winds
- Chambers are designed to self-clear when submerged in water
- Sound will be heard up to a mile away

FIRE EQUIPMENT

COLD FIRE™ - FIRE SUPPRESSANT/EXTINGUISHER

Cold Fire™ is an environmentally friendly fire extinguishing agent that puts out any fire faster, safer, with less water, less damage to property and less risk to firefighters. It cools 21 times faster than water, and works to remove heat and fuel sources from the fire tetrahedron, therefore preventing re-ignition. Completely 'green' and non-toxic, Cold Fire™ puts out any Class A, B, D or K fires, hydrocarbons or polar solvents, as well as metals, tires, asphalt and more. Cold Fire™ also suppresses vapors and helps to remediate spills.

SKU:

FIRE BLOCK™ - FIRE RETARDANT

Fire Block™ is a specially formulated, environmentally friendly product which is used to retard fire in all Class A materials. It forms a thermal insulation barrier that prevents dangerous flames from spreading. Fire Block™ also inhibits the development of toxic hydrocarbon smoke. For added safety against fire, Fire Block™ is used to treat Class A materials and surfaces such as uniforms, clothing, wood, pre-construction materials, furnishings, carpeting, packing materials, motor home interiors, holiday decorations and storage boxes.

SKU:

MOTOR MAX™ - MPG BOOSTER AND SUPER COOLANT

Motor MAX™ is the amazing 'green' solution to high gas prices and engine wear. It works as a radiator super coolant to improve the fuel economy for gas and diesel engines. It has been used for more than a decade on race tracks around the world to help racecars improve their performance by reducing the engine temperature. Motor MAX™ not only helps to protect the engine, it helps improve the gas mileage and enables the air conditioner to put out colder air.

SKU:

ODOR SEAL™ - ODOR ELIMINATOR & DEGREASER

Odor Seal™ gets rid of the toughest odors, quickly, safely and effectively. It works by encapsulating the odor. It does not mask the odor with fragrances or perfumes.

- Environmentally friendly
- Non-corrosive
- Non-flammable
- Biodegradable
- SNAP (Significantly New Alternative Policy) Program Listed
- USDA Class C listed

MIRRORS & METAL DETECTORS

SUPER SCANNER® V

KEY FEATURES

- **Ultimate sensitivity:** Detects medium sized pistol from 9" distance; large knife from 6"; razor blades and box cutters from 3" distance; foil-wrapped drugs and tiny jewelry from 1".
- **Self-calibrating:** Digital microprocessor technology eliminates the need for periodic sensitivity adjustments.
- **Rugged, high-impact ABS case** with reinforced coil compartment. Exceeds Mil-Std-810F (drop test) Method 516.5, procedures II and IV.
- **Large 8" scan surface** for quick, thorough scanning.
- **Momentary push button** helps temporarily eliminate detection of nearby ambient metal such as rebar, metal walls.

SKU: 1165190

SPECIFICATIONS

- **Operating Temperatures:** -35 °F (-37 °C) to 158 °F (70 °C)
- **Humidity:** To 95% noncondensing
- **Audio Frequency:** 2 kHz Warble
- **Tuning:** Automatic
- **Indicators:** Speaker
LED Alert Lights
Green: Power ON
Amber: Battery LOW
Red: ALARM condition
- **Controls:** Power switch (Audible/Off/Silent)
Interference Elimination Momentary Switch
- **Battery:** Single 9 volt battery provides up to 100 hours of normal operation. Optional NiMH rechargeable battery provides up to 45 hours on a single charge.
- **Width:** 3.25" (8.3 cm)
- **Thickness:** 1.625" (4.13 cm)
- **Length:** 16.5" (42 cm)
- **Weight:** 17.6 oz. (500 g)

SUPERWAND®

KEY FEATURES

- **Optimum sensitivity:** Detects ferrous, non-ferrous and stainless steel weapons, contraband and other metal objects.
- **Self-calibrating:** Digital microprocessor technology eliminates the need for periodic sensitivity adjustments.
- **Elongated profile** provides 8.75" scan area 360° detection coverage plus tip pinpointing for easy scanning from head to foot.
- **Rugged injection molded construction** including structurally isolated coil for added impact absorption. Exceeds Mil-Std-810F (drop test) Method 516.5, procedures II and IV.
- **Ergonomically designed grip** fits comfortably in virtually any size hand.
- **Power switch and LEDs** positioned for easy access and high visibility.

SKU: 1165800

SPECIFICATIONS

- **Operating Temperatures:** -35 °F (-37 °C) to 158 °F (70 °C)
- **Humidity:** To 95% noncondensing
- **Operating Frequency:** 95 kHz
- **Audio Frequency:** 2 kHz Warble
- **Tuning:** Automatic
- **Indicators:** Silent/Vibrate
Audible Speaker
LED Alert Lights

- **Controls:** 3-Way switch
On (Speaker/LED Light)
Off
On (Vibrating/LED Light)
- **Battery:** Single 9 volt battery provides up to 80 hours of normal operation. Optional NiMH rechargeable battery provides up to 20 hours on each 12-hour recharge.
- **Warranty:** Limited, 24 months parts and labor
- **Width:** 3.25" (8.3 cm)
- **Thickness:** 1.25" (3.2 cm)
- **Length:** 19" (48.3 cm)
- **Weight:** 18.6 oz. (527 g)

MIRRORS & METAL DETECTORS

THD™

KEY FEATURES

- **Ultra sensitive response** to metal objects.
- **Accurate detection of all ferrous, non-ferrous** and stainless steel weapons, contraband and other metallic objects.
- **Powerful 4" length, 360° detection area.**
- **Does not require adjustments.**
- **Bright LED flashlight** for low light and night operations. Useful for scanning IDs and for searching pockets, handbags.
- **Sealed water-resistant construction.**
- **High impact case** with molded rubber grip. Exceeds Mil-Std-810F (drop test) Method 516.5, procedures II.
- **Ballistic weave holster (included):** Mounts easily on belt or in car.

SKU: 1165900

SPECIFICATIONS

- **Operating Temperatures:** -35 °F (-37 °C) to 158 °F (70 °C)

- **Warranty:** Limited, 24 months parts and labor
- **Length:** 8.4" (22 cm)
- **Thickness:** 1.6" (4.1 cm) tapered to 1.1" (2.8 cm)
- **Scan Area:** 3.5" (8.9 cm) long; 360° plus tip
- **Weight:** 6.4 oz. (.2 kg)

SUPER SCANNER® ACCESSORIES

RECHARGEABLE BATTERY KIT

Allows recharging without the need to remove the battery. Includes environmentally friendly Cadmium free Ni-MH battery and charger.

110 V

SKU: 1610200

220 V

SKU: 1610800

BELT HOLDER

Made of durable ballistic weave material. Can be worn on a belt or can be mounted in a car.

SKU: 1611600

EARPHONE

SKU: 1600100

LEATHER BELT LOOP HARNESS

SKU: 1600800

SUPERWAND® & THD™ ACCESSORIES

RECHARGEABLE BATTERY KIT

Includes two (2) environmentally friendly Cadmium-free Ni-MH batteries and charger.

110 V

SKU: 1612000

220 V

SKU: 1612100

BELT HOSTER

Made with durable ballistic weave material and can be belt mounted.

SKU: 1620300

MIRRORS & METAL DETECTORS

METOR® 6WP

Uncompromised detection for fast people screening of large crowds.

The Meteor® 6WP is a versatile, outdoor weatherproof state-of-the-art Wal-Through Metal Detector (WTMD) that combines advanced metal detection technology with an appealing, but practical design.

The Meteor® 6WP is an excellent choice for temporary and permanent installations depending.

- IP65 Protection – Fully waterproof
- NCS4 (National Center for Spectator Sports Safety & Security) Tested
- Enhanced Discrimination for Large Groups
- High Accuracy Location Display
- Endurance for Multiple Installations & Transportation
- High-Performance, Compact & Durable
- Lightweight, Robust, Multi-Zone
- Assembly in 5 Minutes - No Tools Required
- Excellent Immunity
- Automatic Interactive Sensitivity Adjustment
- Automatic Frequency Selection
- Automatic Power Guard
- Automatic System Ready Violation Monitoring

SKU:

MIRRORS & METAL DETECTORS

620XR HP

Aviation checkpoint screening system with best-in-class penetration, wire resolution and spatial resolution.

The new 620XR HP is a high performance 620 mm by 420 mm tunnel aviation checkpoint screening system with best in class image quality and excellent threat detection alert capabilities.

The 620XR HP complies with all European Commission Aviation Security Screening requirements and French Civil Aviation Authority (STAC).

- Best in Class Image Quality
- Superior Resolution
- European Commission Aviation Compliant
- Low Density Image Enhancement
- Explosives and Narcotics Detection
- Matrixing, Networking and Remote Viewing

SKU:

MOBILETRACE®

To help keep ahead of the growing challenges of explosives and narcotics detection, the MobileTrace® handheld packs the advanced capabilities of simultaneous dual-mode detection into a powerful, user-friendly trace detector.

MobileTrace®, the first simultaneous dual-mode detector, expands the range of target explosives that can be identified in a single sample for faster, more comprehensive security screening. Rapiscan® Systems patented Ion Trap Mobility Spectrometry (ITMS™) technology offers the detection, sensitivity and reliability proven at military bases, border crossings, airports, and other critical security checkpoints around the world.

- Simultaneous, Dual-Mode Detection of Explosive & Narcotics
- Results in Little as 8 Seconds
- Network Ready/USB Compliant
- 3D View and Intensity Map for Analytical Interpretation
- Flexible User Interface
- Hot Swappable, State-of-the-Art Battery for Long Life
- Ergonomic Design for Grab-and-Go Portability
- Particle and Vapor Detection
- Portable
