LOWA Uplander GTX (Disc)

SKU: 310243 _0999

Description

The Lowa Uplander GTX combines rugged durability with lightweight comfort for all-terrain use. Featuring a full-grain leather and CORDURA upper with a waterproof GORE-TEX lining, these boots keep your feet dry and supported on the toughest trails or tactical missions. The MONOWRAP PU midsole and LOWA Cross outsole provide stability and traction, while the Climate Control footbed ensures long-lasting comfort. Ideal for outdoor adventures, military, or law enforcement applications.

Features

The boot uses traditional metal eyelets and hooks for a secure, adjustable lacing system. It's LOWA Cross rubber outsole provides multi-surface traction, while the PU midsole delivers cushioning and shock absorption. Built for both tactical and hiking use, it remains lightweight compared to similar full-leather boots. The design supports all-weather performance with breathable yet waterproof protection. Reinforced toe and heel zones add abrasion resistance for long-term durability.
