LOWA Renegade MK2 GTX HI PR

SKU: 310924_0999

Description

The LOWA Renegade II GTX HI TF features a waterproof, breathable GORE-TEX lining that keeps feet comfortable year-round by blocking external moisture. It's stable sole design, paired with the heat- and cold-insulating LOWA Patrol outsole, delivers reliable traction and support on varied terrain.
The boot performs equally well on challenging ground or in daily use, making it highly versatile. Durable construction ensures long-lasting comfort and dependable performance in demanding conditions.

Features

The boots feature a 180/210 mm upper height for solid coverage and support. A hard stabilizer made from a nylon joint element enhances control during demanding outdoor activity. The support frame provides a higher wrap for stability on off-trail and backcountry terrain. Their certified non-slip sole adds versatility and safety. The outsole is also resistant to oil, petrol, and contact heat for dependable performance in harsh environments.
