Features

The Zicon GTX Mid Men's features a waterproof and breathable GORE-TEX® membrane that helps protect against moisture while maintaining comfort throughout the day. Its durable construction is designed for demanding professional use, and the cushioned midsole helps reduce fatigue during extended periods of wear. The supportive mid-cut profile enhances stability without limiting mobility, while the slip-resistant outsole provides dependable traction on various surfaces. Built for everyday performance, it offers comfort, durability, and reliable protection.
