Features

Featuring a waterproof and breathable GORE-TEX membrane, the LOWA Z-6N MK2 GTX PR Women's helps maintain a comfortable foot climate in wet and changing weather. The durable leather upper offers excellent protection against abrasion and everyday wear while remaining supportive. A cushioned PU midsole absorbs impact to reduce fatigue during long shifts and demanding activities. LOWA's stability-focused construction improves foot control on uneven terrain, while the rugged outsole provides reliable traction and grip across diverse surfaces.
