Zephyr MK2 GTX MID MEN’S

SKU: 310854C30

Description

The Zephyr MK2 GTX MID Men’s is engineered for users who need a balance of mobility, protection, and all-day comfort. Its mid-cut design allows for greater freedom of movement while maintaining the support required for demanding tasks. Designed to perform in a wide range of environments, this boot combines lightweight construction with rugged durability. The result is dependable footwear that excels during patrols, training exercises, and extended outdoor operations.

Features

The boot incorporates a waterproof and breathable GORE-TEX membrane to keep feet comfortable in changing weather conditions. Its suede leather and CORDURA® upper delivers durability without adding unnecessary weight, while the mid-cut profile supports natural ankle movement. LOWA’s MONOWRAP® frame enhances lateral stability and overall foot support. A dual-density PU midsole provides effective cushioning and shock absorption, and the dual-zone lacing system enables a secure, customized fit. The outsole offers reliable traction across varied terrain.
