Zephyr MK2 HI WOMEN'S

SKU: 320852C30

Description

The Zephyr MK2 HI Women's is designed to provide lightweight performance, comfort, and durability for demanding professional and outdoor applications. Its women-specific construction ensures an optimized fit that supports natural movement throughout long days on the move. Combining flexibility with dependable stability, the boot is well suited for training, patrol, and rugged terrain. The streamlined design helps reduce fatigue while maintaining the support needed for consistent performance in challenging environments.

Features

Built with a durable suede leather and CORDURA® upper, the Zephyr MK2 HI Women's offers excellent resistance to abrasion while maintaining breathability. The high-cut profile provides additional ankle coverage and support, helping improve confidence on uneven ground. LOWA's MONOWRAP® frame enhances stability and foot control, while the cushioned PU midsole helps absorb impact during extended wear. A dual-zone lacing system allows for a personalized fit, and the rugged outsole delivers reliable grip across diverse terrain and conditions.
