Men’s Tactix Hi-Vis 3-In-1 System Parka

SKU: 118505

Description

The Men’s Tactix Hi-Vis 3-In-1 System Parka combines a durable 100% nylon outer shell with an 85% Nylon/15% Spandex softshell parka for versatile performance. The fabric provides lightweight four-way stretch, sweat-wicking properties, superior shape retention, and reliable wind and water resistance. A DWR finish enhances protection from the elements, while 3M reflective trims improve visibility in low-light conditions. Designed for demanding environments, this parka delivers durability, comfort, and weather protection. Available in sizes Small through 5XL.

Specifications

Color	Midnight Navy
Size	Small - 5XL
Material	100% Nylon and 85%/15% spandex
Compliance	PFAS compliant
Protection	Waterproof and bloodborne pathogen resistant fabric.

Features

The Men’s Tactix Hi-Vis 3-In-1 System Parka features outer shell material that is waterproof, breathable, wind repellent, and resistant to bloodborne pathogens. Its zippered ventilation, underarm design, and moisture-wicking fabric provide enhanced comfort and mobility. The highly reflective shoulders and hood improve visibility. The First Tactical Rain Gutter Design keeps water from dripping on your face, while 3-way adjustment and molding memory wire lets you shape your hood ideally for you. Equipped with YKK zippers, Prym snaps, secure storage, mic loop, pen pocket, adjustable cuffs, side-zip access, brushed fleece lining, and waterproof liner.
