# Men’s V2 BDU Long Sleeve Shirt

SKU: 111008

## Description

The Men’s V2 BDU Long Sleeve Shirt is made from a durable 65/35 polyester/cotton blend, delivering exceptional strength, minimal shrinkage, and quick-drying performance. Its double-dyed fabric maintains deep color through extended field use, repeated washes, and uniform rotations. A DWR finish provides water resistance to help protect against the elements. The two-way mechanical stretch allows unrestricted movement and comfort during demanding activities. Available in sizes X-Small through 4XL.

## Specifications

## Features

The Men’s V2 BDU Long Sleeve Shirt features proprietary V2 fabric engineered for rugged durability, lightweight mobility, and a professional appearance. Its double-dyed 2 mm x 2 mm micro-ripstop construction delivers long-lasting color retention and enhanced wear resistance. A DWR finish provides water and stain repellency for added protection. The active venting system with a soft-touch mesh arched back yoke improves breathability and articulation. Button-down collars, a hidden zip front placket, elbow pad pocket, side gussets, and extended body length provide functionality, comfort, and a secure tucked-in fit.
