Men’s Urban Operator Side-Zip Boot

SKU: 165014

Description

The Menâ€™s Urban Operator Side-Zip Boot features a rubber outsole and performance insole for maximum traction and breathability. The fiberglass shank provides stable and flexible support. In addition, the boots have a lateral side shaft knife pocket and closed lace hooks that keep laces tucked out the way. Its side-zipper offers quick access with a molded zipper cover that keeps the pull in place. The Menâ€™s Urban Operator Side-Zip Boot provides athletic shoe performance with tactical durability.

Specifications

Material	N/A
Shank	Fiberglass.
Insole	Performance.
Outsole	Rubber.

Color	Black.
Width	Regular.

Features

The Menâ€™s Urban Operator Side-Zip Boot features a high-quality rubber outsole that delivers exceptional traction and durability. Its Performance insole absorbs heavy impact during active movement, fight sweat and dries fast. The fiberglass shank provides lightweight arch support, stability, and torsional rigidity while allowing the boot to bend naturally like an athletic running shoe. It has a full grain polishable leather toe cap and TPU Heel Clip that provides additional support through the heel cup. The YKK VISLON side zippers help you get your boots on and off quickly. The boots are oil and slip resistant.
